At The Master’s College, our mission is to help students develop an enduring commitment to:

CHRIST, AS EVIDENCED BY:
• Acceptance and acknowledgment of Christ as Lord and Savior;
• Unreserved worship of God;
• Pursuit of Christlikeness in word, deed and attitude.

THE WORD OF GOD, AS EVIDENCED BY:
• Devotion to the study and application of the Scriptures;
• Willingness to defend the inerrancy, authority and sufficiency of the Scriptures.

MORAL INTEGRITY, AS EVIDENCED BY:
• The nurturing of holiness through self-examination;
• Stewardship of time, abilities and resources;
• A lifetime of wholesomeness and moderation that regards the body as the temple of the Holy Spirit;
• The practice of honesty, courtesy and civility toward all persons;
• The practice of biblically confronting and restoring sinners.

INTELLECTUAL GROWTH, AS EVIDENCED BY:
• The ability and desire for inquiry into the great issues of life;
• A habit of careful analysis and evaluation of information and ideas;
• A thoughtful interaction with the full range of disciplines comprising the Christian liberal arts, leading to:
  - an appreciation and respect for the arts;
  - an understanding of diverse cultures;
  - an increasing command of spoken and written languages;
  - a functional grasp of the sweep of human history.

A LIFE OF LASTING CONTRIBUTION, AS EVIDENCED BY:
• Service and leadership within the local church;
• An unashamed proclamation of the Gospel of Christ worldwide;
• The building of godly families;
• A strong and biblically-motivated work ethic;
• An informed participation in the political process;
• A continuing development of professional expertise.

Each department at The Master's College (TMC) may be reached via E-mail, fax, phone or U.S. mail. So that we may serve you quickly and efficiently, please take note of the following suggestions when you make contact with us.

**Written Correspondence**
When corresponding with a particular individual or department, please address correspondence as follows:

Individual's and/or Department's Name  
The Master's College  
21726 Placerita Canyon Road  
Santa Clarita, CA  91321-1200

**E-Mail Correspondence**
When E-mailing to a faculty or staff member, our standard E-mail address is the first initial of the first name, full last name @ masters.edu. For example, John Doe could be E-mailed using the following address:

jdoe@masters.edu

When E-mailing to students, our standard E-mail address is the full last name followed by the first initial of the first name and the first initial of the middle name @ masters.edu. For example, John D. Doe could be E-mailed using the following address:

doejd@masters.edu

**Fax Correspondence**
When faxing to a particular individual or department, please include the following on a Fax Cover Sheet:

- Individual's and/or Department's Name  
- Your name, telephone number and fax number  
- Date and time of your fax

The Office of Enrollment fax number is (661) 288-1037. Please consult the Directory Listing, page vi, for specific fax numbers for other departments in order to expedite communication.

**Telephone Correspondence**
We welcome every opportunity to speak with you personally. Always feel free to call us.

- (661) 259-3540

You may request an individual and/or department by name or by extension number. You may also leave messages before or after regular office hours using our automated voice messaging system from a touch-tone phone. When the system answers your call, dial the four-digit extension of the party you wish to reach. You will be connected to that person and/or department's voice-mail. The voice mail operator will direct you to the “Names Directory” which provides the directory of telephone extensions for The Master's College campus.
While every effort is made to provide accurate and up-to-date information, the college reserves the right to change, without notice, statements in the catalog concerning policies, academic offerings, rules of conduct, charges for tuition, room and/or board.

The appropriate catalog, along with bulletins and student handbooks, determines student rights and duties with respect to the college. Matriculation constitutes an agreement by the student to abide by the rules, regulations, and policies of The Master’s College.

Accreditation materials may be reviewed in the Office of the Vice President for Academic Affairs.

The Master’s College does not discriminate on the basis of race, color, national origin, ancestry, gender, age, marital status, medical condition, veteran status, or any physical or mental disability for either employment or in any of the educational programs or activities it conducts. We are committed to practicing principles of equal opportunity and diversity in employment and admissions based upon sovereign Biblical principles. In conformance with various regulations, The Master’s College requires individuals (whether applicants or students) to identify specific requests for reasonable accommodations that may be necessary due to the existence of a qualified disability. Questions regarding discrimination or disabled student services should be addressed to the TMC Student Disability Services: 21726 Placerita Canyon Road, Santa Clarita, CA 91321-1200.
Purpose & Philosophy

The Master's College, a Christian liberal arts college, exists to advance the Kingdom of the Lord Jesus Christ by equipping men and women for excellence in service to Him in strategic fields of ministry and vocation worldwide. This is accomplished through unreserved commitment to worshiping God, submitting to the authority of the Scriptures, nurturing personal holiness, serving the local church and penetrating the world with the Truth.

The Master's College offers to Christian college students an opportunity for higher education in accord with biblical truth. Such an education is intended to stimulate students to think about the great issues of life such as purpose, morality and values as revealed to man through the inspired Scriptures, through the natural creation, through human history and ultimately in the Son of God, our Lord Jesus Christ.

The Master's College purposes to cultivate in the student an intellectual curiosity, a habit of careful analysis of such truth, including as many differing views of truth as are possible within the context of the student's major.

The Master's College provides a campus community where dedicated faculty and staff members exemplify a mature Christian pattern of life and where students have access to their friendly and capable counsel.

The Master's College desires to have a major part in directing students toward the service of Christ. In doing this, the college encourages students toward high ideals and achievement spiritually, intellectually, socially and emotionally. Likewise, the college is concerned that its graduates are equipped with the necessary skills for their chosen vocation.

The Master's College was founded as Los Angeles Baptist Theological Seminary in 1927 to meet the need for a fundamental Baptist school on the West Coast. The intention of its founders was to provide a biblical and Christ-centered education consistent with those doctrines of the historic Christian faith. It held as its cardinal doctrine that the living sovereign God had revealed Himself in creation, in human history, and particularly in His Son, Jesus Christ, and that the Scriptures were the inspired record of such revealed truth. These convictions remain unchanged.

Today the college serves Bible-believing churches, providing their youth with a liberal arts education integrating their Christian faith. The college conceives of its liberal arts program as a life preparation education rather than a realm of specialization. Those subjects which contribute to Christian development spiritually, intellectually, emotionally and socially are included in the curriculum.

All undergraduate academic majors culminate with a baccalaureate degree, except for the one-year Master's Institute program and the teacher credential program. The design of the curriculum subsequently permits the graduates to specialize in selected fields of study.

The Master's College is accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges, an institutional accrediting body recognized by the Council on Postsecondary Accreditation and the U.S. Department of Education. Accreditation means that the Commission has determined that the institution has clearly defined educational objectives appropriate to higher education and is implementing them in a manner consistent with Commission standards.

The Master's College operates under a charter granted by the State of California in 1927 and is qualified under the California Education Code Section 94310(a) to grant degrees.

Membership is maintained in the Association of Independent California Colleges and Universities, the California Council for Teacher Education, the National Association of College Admissions Counselors, the Pacific Coast Association of Collegiate Registrars, the Association of Christian Schools International, the Western College Association, the Association on Higher Education and Disability and many more.

The Master's College is one of approximately 105 members of the Council for Christian Colleges and Universities, which was founded in 1976 to serve
and strengthen the deeply-committed Christian liberal arts colleges of this country. Being a Council member allows students of The Master's College to participate in study abroad programs described later in this catalog.

The school is approved by the California Department of Education for the training of veterans and orphans and dependents of veterans and is listed in Educational Institutions Approved by the Attorney General for the training of non-quota students from foreign countries.

Doctrinal Statement

The Holy Scriptures

We teach that the Bible is God's written revelation to man, and thus the 66 books of the Bible given to us by the Holy Spirit constitute the plenary (inspired equally in all parts) Word of God (1 Corinthians 2:7-14; 2 Peter 1:20-21).

We teach that the Word of God is an objective, propositional revelation (1 Corinthians 2:13; 1 Thessalonians 2:13), verbally inspired in every word (2 Timothy 3:16), absolutely inerrant in the original documents, infallible, and God-breathed. We teach the literal, grammatical-historical interpretation of Scripture which affirms the belief that the opening chapters of Genesis present creation in six literal days (Genesis 1:31; Exodus 31:17).

We teach that the Bible constitutes the only infallible rule of faith and practice (Matthew 5:18; 24:35; John 10:35; 16:12-13; 17:17; 1 Corinthians 2:13; 2 Timothy 3:15-17; Hebrews 4:12; 2 Peter 1:20-21).

We teach that God spoke in His written Word by a process of dual authorship. The Holy Spirit so superintended the human authors that, through their individual personalities and different styles of writing, they composed and recorded God's Word to man (2 Peter 1:20-21) without error in the whole or in the part (Matthew 5:18; 2 Timothy 3:16).

We teach that, whereas there may be several applications of any given passage of Scripture, there is but one true interpretation. The meaning of Scripture is to be found as one diligently applies the literal, grammatical-historical method of interpretation under the enlightenment of the Holy Spirit (John 7:17; 16:12-15; 1 Corinthians 2:7-15; 1 John 2:20). It is the responsibility of believers to ascertain carefully the true intent and meaning of Scripture, recognizing that proper application is binding on all generations. Yet the truth of Scripture stands in judgment of men; never do men stand in judgment of it.

God

We teach that there is but one living and true God (Deuteronomy 6:4; Isaiah 45:5-7; 1 Corinthians 8:4), an infinite, all-knowing Spirit (John 4:24), perfect in all His attributes, one in essence, eternally existing in three Persons—Father, Son, and Holy Spirit (Matthew 28:19; 2 Corinthians 13:14)—each equally deserving worship and obedience.

God the Father. We teach that God the Father, the first person of the Trinity, orders and disposes all things according to His own purpose and grace (Psalm 145:8-9; 1 Corinthians 8:6). He is the Creator of all things (Genesis 1:1-31; Ephesians 3:9). As the only absolute and omnipotent ruler in the universe, He is sovereign in creation, providence, and redemption (Psalm 103:19; Romans 11:36). His fatherhood involves both His designation within the Trinity and His relationship with mankind. As Creator He is Father to all men (Ephesians 4:6), but He is spiritual Father only to believers (Romans 8:14; 2 Corinthians 6:18). He has decreed for His own glory all things that come to pass (Ephesians 1:11). He continually upholds, directs, and governs all creatures and events (1 Chronicles 29:11). In His sovereignty He is neither author nor approver of sin (Habakkuk 1:13), nor does He abridge the accountability of moral, intelligent creatures (1 Peter 1:17). He has graciously chosen from eternity past those whom He would have as His own (Ephesians 1:4-6); He saves from sin all those who come to Him; and He becomes, upon adoption, Father to His own (John 1:12; Romans 8:15; Galatians 4:5; Hebrews 12:5-9).

God the Son. We teach that Jesus Christ, the second person of the Trinity, possesses all the divine excellencies, and in these He is coequal, consubstantial, and coeternal with the Father (John 10:30; 14:9).
We teach that God the Father created “the heavens and the earth and all that is in them” according to His own will, through His Son, Jesus Christ, by whom all things continue in existence and in operation (John 1:3; Colossians 1:15-17; Hebrews 1:2).

We teach that in the incarnation (God becoming man) Christ surrendered only the prerogatives of deity but nothing of the divine essence, either in degree or kind. In His incarnation, the eternally existing second person of the Trinity accepted all the essential characteristics of humanity and so became the God-man (Philippians 2:5-8; Colossians 2:9).

We teach that Jesus Christ represents humanity and deity in indivisible oneness (Micah 5:2; John 5:23; 14:9-10; Colossians 2:9).

We teach that our Lord Jesus Christ was virgin-born (Isaiah 7:14; Matthew 1:23, 25; Luke 1:26-35); that He was God incarnate (John 1:1, 14); and that the purpose of the incarnation was to reveal God, redeem men, and rule over God’s kingdom (Psalm 2:7-9; Isaiah 9:6; John 1:29; Philippians 2:9-11; Hebrews 7:25-26; 1 Peter 1:18-19).

We teach that, in the incarnation, the second person of the Trinity laid aside His right to the full prerogatives of coexistence with God, assumed the place of a Son, and took on an existence appropriate to a servant while never divesting Himself of His divine attributes (Philippians 2:5-8).

We teach that our Lord Jesus Christ accomplished our redemption through the shedding of His blood and sacrificial death on the cross and that His death was voluntary, vicarious, substitutionary, propitiatory, and redemptive (John 10:15; Romans 3:24-25; 5:8; 1 Peter 2:24).

We teach that on the basis of the efficacy of the death of our Lord Jesus Christ, the believing sinner is freed from the punishment, the penalty, the power, and one day the very presence of sin; and that he is declared righteous, given eternal life, and adopted into the family of God (Romans 3:25; 5:8-9; 2 Corinthians 5:14-15; 1 Peter 2:24; 3:18).

We teach that our justification is made sure by His literal, physical resurrection from the dead and that He is now ascended to the right hand of the Father, where He now mediates as our Advocate and High Priest (Matthew 28:6; Luke 24:38-39; Acts 2:30-31; Romans 4:25; 8:34; Hebrews 7:25; 9:24; 1 John 2:1).

We teach that in the resurrection of Jesus Christ from the grave, God confirmed the deity of His Son and gave proof that God has accepted the atoning work of Christ on the cross. Jesus’ bodily resurrection is also the guarantee of a future resurrection life for all believers (John 5:26-29; 14:19; Romans 4:25; 6:5-10; 1 Corinthians 15:20, 23).

We teach that Jesus Christ will return to receive the church, which is His body, unto Himself at the Rapture and, returning with His church in glory, will establish His millennial kingdom on earth (Acts 1:9-11; 1 Thessalonians 4:13-18; Revelation 20).

We teach that the Lord Jesus Christ is the One through whom God will judge all mankind (John 5:22-23):

a. Believers (1 Corinthians 3:10-15; 2 Corinthians 5:10);

b. Living inhabitants of the earth at His glorious return (Matthew 25:31-46); and

As the mediator between God and man (1 Timothy 2:5), the head of His body the church (Ephesians 1:22; 5:23; Colossians 1:18), and the coming universal King who will reign on the throne of David (Isaiah 9:6; Ezekiel 37:24-28; Luke 1:31-33), He is the final Judge of all who fail to place their trust in Him as Lord and Savior (Matthew 25:14-46; Acts 17:30-31).

God the Holy Spirit. We teach that the Holy Spirit is a divine person, eternal, undivided, possessing all the attributes of personality and deity including intellect (1 Corinthians 2:10-13), emotions (Ephesians 4:30), will (1 Corinthians 12:11), eternality (Hebrews 9:14), omnipresence (Psalm 139:7-10), omniscience (Isaiah 40:13-14), omnipotence (Romans 15:13), and truthfulness (John 16:13). In all the divine attributes
He is coequal and consubstantial with the Father and the Son (Matthew 28:19; Acts 5:3-4; 28:25-26; 1 Corinthians 12:4-6; 2 Corinthians 13:14; Jeremiah 31:31-34; and Hebrews 10:15-17).

We teach that it is the work of the Holy Spirit to execute the divine will with relation to all mankind. We recognize His sovereign activity in the creation (Genesis 1:2), the incarnation (Matthew 1:18), the written revelation (2 Peter 1:20-21), and the work of salvation (John 3:5-7).

We teach that a unique work of the Holy Spirit in this age began at Pentecost when He came from the Father as promised by Christ (John 14:16-17; 15:26) to initiate and complete the building of the body of Christ. His activity includes convicting the world of sin, of righteousness, and of judgment; glorifying the Lord Jesus Christ and transforming believers into the image of Christ (John 16:7-9; Acts 1:5; 2:4; Romans 8:29; 2 Corinthians 3:18; Ephesians 2:22).

We teach that the Holy Spirit is the supernatural and sovereign agent in regeneration, baptizing all believers into the body of Christ (1 Corinthians 12:13). The Holy Spirit also indwells, sanctifies, instructs, empowers them for service, and seals them unto the day of redemption (Romans 8:9-11; 2 Corinthians 3:6; Ephesians 1:13).

We teach that the Holy Spirit is the divine teacher who guided the apostles and prophets into all truth as they committed to writing God’s revelation, the Bible (2 Peter 1:19-21). Every believer possesses the indwelling presence of the Holy Spirit from the moment of salvation, and it is the duty of all those born of the Spirit to be filled with (controlled by) the Spirit (Romans 8:9; Ephesians 5:18; 1 John 2:20; 27).

We teach that the Holy Spirit administers spiritual gifts to the church. The Holy Spirit glorifies neither Himself nor His gifts by ostentatious displays, but He does glorify Christ by implementing His work of redeeming the lost and building up believers in the most holy faith (John 16:13-14; Acts 1:8; 1 Corinthians 12:4-11; 2 Corinthians 3:18).

We teach, in this respect, that God the Holy Spirit is sovereign in the bestowing of all His gifts for the perfecting of the saints. Speaking in tongues and the working of sign miracles in the beginning days of the church were for the purpose of pointing to and authenticating the apostles as revealers of divine truth, and were never intended to be characteristic of the lives of believers (1 Corinthians 12:4-11; 13:8-10; 2 Corinthians 12:12; Ephesians 4:7-12; Hebrews 2:1-4).

**Man**

We teach that man was directly and immediately created by God in His image and likeness. Man was created free of sin with a rational nature, intelligence, volition, self-determination, and moral responsibility to God (Genesis 2:7, 15-25; James 3:9).

We teach that God’s intention in the creation of man was that man should glorify God, enjoy God’s fellowship, live his life in the will of God, and by this accomplish God’s purpose for man in the world (Isaiah 43:7; Colossians 1:16; Revelation 4:11).

We teach that in Adam’s sin of disobedience to the revealed will and Word of God, man lost his innocence; incurred the penalty of spiritual and physical death; became subject to the wrath of God; and became inherently corrupt and utterly incapable of choosing or doing that which is acceptable to God apart from divine grace. With no recuperative powers to enable him to recover himself, man is hopelessly lost. Man’s salvation is thereby wholly of God’s grace through the redemptive work of our Lord Jesus Christ (Genesis 2:16-17; 3:1-19; John 3:36; Romans 3:23; 6:23; 1 Corinthians 2:14; Ephesians 2:1-3; 1 Timothy 2:13-14; 1 John 1:8).

We teach that because all men were in Adam, a nature corrupted by Adam’s sin has been transmitted to all men of all ages, Jesus Christ being the only exception. All men are thus sinners by nature, by choice, and by divine declaration (Psalm 14:1-3; Jeremiah 17:9; Romans 3:9-18, 23; 5:10-12).

**Salvation**

We teach that salvation is wholly of God by grace on the basis of the redemption of Jesus Christ, the merit of His shed blood, and not on the basis of human merit or works (John 1:12; Ephesians 1:4-7; 2:8-10; 1 Peter 1:18-19).
**Regeneration.** We teach that regeneration is a supernatural work of the Holy Spirit by which the divine nature and divine life are given (John 3:3-8; Titus 3:5). It is instantaneous and is accomplished solely by the power of the Holy Spirit through the instrumentality of the Word of God (John 5:24), when the repentant sinner, as enabled by the Holy Spirit, responds in faith to the divine provision of salvation. Genuine regeneration is manifested by fruits worthy of repentance as demonstrated in righteous attitudes and conduct. Good works will be its proper evidence and fruit (1 Corinthians 6:19-20; Ephesians 5:17-21; Philippians 2:12b; Colossians 3:12-17; 2 Peter 1:4-11). This obedience causes the believer to be increasingly conformed to the image of our Lord Jesus Christ (2 Corinthians 3:18). Such a conformity is climaxed in the believer’s glorification at Christ’s coming (Romans 8:16-17; 2 Peter 1:4; 1 John 3:2-3).

**Election.** We teach that election is the act of God by which, before the foundation of the world, He chose in Christ those whom He graciously regenerates, saves, and sanctifies (Romans 8:28-30; Ephesians 1:4-11; 2 Thessalonians 2:13; 2 Timothy 2:10; 1 Peter 1:1-2).

We teach that sovereign election does not contradict or negate the responsibility of man to repent and trust Christ as Savior and Lord (Ezekiel 18:23, 32; 33:11; John 3:18-19, 36; 5:40; 2 Thessalonians 2:10-12; Revelation 22:17). Nevertheless, since sovereign grace includes the means of receiving the gift of salvation as well as the gift itself, sovereign election will result in what God determines. All whom the Father calls to Himself will come in faith and all who come in faith the Father will receive (John 6:37-40, 44; Acts 13:48; James 4:8).

We teach that the unmerited favor that God grants to totally depraved sinners is not related to any initiative of their own part nor to God’s anticipation of what they might do by their own will, but is solely of His sovereign grace and mercy (Ephesians 1:4-7; Titus 3:4-7; 1 Peter 1:2).

We teach that election should not be looked upon as based merely on abstract sovereignty. God is truly sovereign but He exercises this sovereignty in harmony with His other attributes, especially His omniscience, justice, holiness, wisdom, grace, and love (Romans 9:11-16). This sovereignty will always exalt the will of God in a manner totally consistent with His character as revealed in the life of our Lord Jesus Christ (Matthew 11:25-28; 2 Timothy 1:9).

**Justification.** We teach that justification before God is an act of God (Romans 8:30-33) by which He declares righteous those who, through faith in Christ, repent of their sins (Isaiah 55:6-7; Luke 13:3; Acts 2:38; 3:19; 11:18; Romans 2:4; 2 Corinthians 7:10) and confess Him as sovereign Lord (Romans 10:9-10; 1 Corinthians 12:3; 2 Corinthians 4:5; Philippians 2:11). This righteousness is apart from any virtue or work of man (Romans 3:20; 4:6) and involves the placing of our sins on Christ (Colossians 2:14; 1 Peter 2:24) and the imputation of Christ’s righteousness to us (1 Corinthians 1:2, 30; 6:11; 2 Corinthians 5:21). By this means God is enabled to “be just, and the justifier of the one who has faith in Jesus” (Romans 3:26).

**Sanctification.** We teach that every believer is sanctified (set apart) unto God by justification and is therefore declared to be holy and is identified as a saint. This sanctification is positional and instantaneous and should not be confused with progressive sanctification. This sanctification has to do with the believer’s standing, not his present walk or condition (Acts 20:32; 1 Corinthians 1:2, 30; 6:11; 2 Thessalonians 2:13; Hebrews 2:11; 3:1; 10:10, 14; 13:12; 1 Peter 1:2).

We teach that there is also by the work of the Holy Spirit a progressive sanctification by which the state of the believer is brought closer to the likeness of Christ through obedience to the Word of God and the empowering of the Holy Spirit. The believer is able to live a life of increasing holiness in conformity to the will of God, becoming more and more like our Lord Jesus Christ (John 17:17, 19; Romans 6:1-22; 2 Corinthians 3:18; 1 Thessalonians 4:3-4; 5:23).

In this respect, we teach that every saved person is involved in a daily conflict—the new creation in Christ doing battle against the flesh—but adequate provision is made for victory through the power of the indwelling Holy Spirit. The struggle nevertheless stays with the believer all through this earthly life and is never completely ended. All claims...
Security. We teach that all the redeemed once saved are kept by God’s power and are thus secure in Christ forever (John 5:24; 6:37-40; 10:27-30; Romans 5:9-10; 8:1, 31-39; 1 Corinthians 1:4-9; Ephesians 4:30; Hebrews 7:25; 13:5; 1 Peter 1:4-5; Jude 24).

We teach that it is the privilege of believers to rejoice in the assurance of their salvation through the testimony of God’s Word, which, however, clearly forbids the use of Christian liberty as an occasion for sinful living and carnality (Romans 6:15-22; 13:13-14; Galatians 5:13, 16-17, 25-26; Titus 2:11-14).

Separation. We teach that separation from sin is clearly called for throughout the Old and New Testaments, and that the Scriptures clearly indicate that in the last days apostasy and worldliness shall increase (2 Corinthians 6:14-7:1; 2 Timothy 3:1-5).

We teach that out of deep gratitude for the undeserved grace of God granted to us and because our glorious God is so worthy of our total consecration, all the saved should live in such a manner as to demonstrate our adoring love to God and so as not to bring reproach upon our Lord and Savior. We also teach that separation from any association with religious apostasy, and worldly and sinful practices is commanded of us by God (Romans 12:1-2; 1 Corinthians 5:9-13; 2 Corinthians 6:14-7:1; 1 John 2:15-17; 2 John 9-11).

We teach that believers should be separated unto our Lord Jesus Christ (2 Thessalonians 1:11-12; Hebrews 12:1-2) and affirm that the Christian life is a life of obedient righteousness demonstrated by a beatitude attitude (Matthew 5:2-12) and a continual pursuit of holiness (Romans 12:1-2; 2 Corinthians 7:1; Hebrews 12:14; Titus 2:11-14; 1 John 3:1-10).

The Church
We teach that all who place their faith in Jesus Christ are immediately placed by the Holy Spirit into one united spiritual body, the church (1 Corinthians 12:12-13), the bride of Christ (2 Corinthians 11:2; Ephesians 5:23-32; Revelation 19:7-8), of which Christ is the Head (Ephesians 1:22; 4:15; Colossians 1:18).

We teach that the formation of the church, the body of Christ, began on the day of Pentecost (Acts 2:1-21, 38-47) and will be completed at the coming of Christ for His own at the Rapture (1 Corinthians 15:51-52; 1 Thessalonians 4:13-18).

We teach that the church is thus a unique spiritual organism designed by Christ, made up of all born-again believers in this present age (Ephesians 2:11-3:6). The church is distinct from Israel (1 Corinthians 10:32), a mystery not revealed until this age (Ephesians 3:1-6; 5:32).

We teach that the establishment and continuity of local churches is clearly taught and defined in the New Testament Scriptures (Acts 14:23, 27; 20:17, 28; Galatians 1:2; Philippians 1:1; 1 Thessalonians 1:1; 2 Thessalonians 1:1) and that the members of the one spiritual body are directed to associate themselves together in local assemblies (1 Corinthians 11:18-20; Hebrews 10:25).

We teach that the one supreme authority for the church is Christ (Ephesians 1:22; Colossians 1:18) and that leadership, gifts, order, discipline, and worship in the church are all appointed through His sovereignty as found in the Scriptures. The biblically-designated officers serving under Christ and over the assembly are elders (males, who are also called bishops, pastors, and pastor-teachers; Acts 20:28; Ephesians 4:11)) and deacons, both of whom must meet biblical qualifications (1 Timothy 3:1-13; Titus 1:5-9; 1 Peter 5:1-5).

We teach that these leaders lead or rule as servants of Christ (1 Timothy 5:17-22) and have His authority in directing the church. The congregation is to submit to their leadership (Hebrews 13:7, 17).

We teach the importance of discipleship (Matthew 28:19-20; 2 Timothy 2:2), mutual accountability of all believers to each other (Matthew 18:15-17), as well as the need for discipline for sinning members of the congregation in accord with the standards.
We teach the autonomy of the local church, free from any external authority or control, with the right of self-government and freedom from the interference of any hierarchy of individuals or organizations (Titus 1:5). We teach that it is scriptural for true churches to cooperate with each other for the presentation and propagation of the faith. Local churches, however, through their pastors and their interpretation and application of Scripture, should be the sole judges of the measure and method of their cooperation (Acts 15:19-31; 20:28; 1 Corinthians 5:4-7, 13; 1 Peter 5:1-4).

We teach that the purpose of the church is to glorify God (Ephesians 3:21) by building itself up in the faith (Ephesians 4:13-16), by instruction of the Word (2 Timothy 2:2, 15; 3:16-17), by fellowship (Acts 2:47; 1 John 1:3), by keeping the ordinances (Luke 22:19; Acts 2:38-42) and by advancing and communicating the gospel to the entire world (Matthew 28:19; Acts 1:8).

We teach the calling of all saints to the work of service (1 Corinthians 15:58; Ephesians 4:12; Revelation 22:12).

We teach the need of the church to cooperate with God as He accomplishes His purpose in the world. To that end, He gives the church spiritual gifts. He gives men chosen for the purpose of equipping the saints for the work of the ministry (Ephesians 4:7-12) and He also gives unique and special spiritual abilities to each member of the body of Christ (Romans 12:5-8; 1 Corinthians 12:4-31; 1 Peter 4:10-11).

We teach that there were two kinds of gifts given the early church: miraculous gifts of divine revelation and healing, given temporarily in the apostolic era for the purpose of confirming the authenticity of the apostles’ message (Hebrews 2:3-4; 2 Corinthians 12:12); and ministering gifts, given to equip believers for edifying one another. With the New Testament revelation now complete, Scripture becomes the sole test of the authenticity of a man’s message.

Confirming gifts of a miraculous nature are no longer necessary to validate a man or his message (1 Corinthians 13:8-12). Miraculous gifts can even be counterfeited by Satan so as to deceive even believers (Matthew 24:24). The only gifts in operation today are those non-revelatory equipping gifts given for edification (Romans 12:6-8).

We teach that no one possesses the gift of healing today but that God does hear and answer the prayer of faith and will answer in accordance with His own perfect will for the sick, suffering, and afflicted (Luke 18:1-8; John 5:7-9; 2 Corinthians 12:6-10; James 5:13-16; 1 John 5:14-15).

We teach that two ordinances have been committed to the local church: baptism and the Lord’s Supper (Acts 2:38-42). Christian baptism by immersion (Acts 8:36-39) is the solemn and beautiful testimony of a believer showing forth his faith in the crucified, buried, and risen Savior, and his union with Him in death to sin and resurrection to a new life (Romans 6:1-11). It is also a sign of fellowship and identification with the visible body of Christ (Acts 2:41-42).

We teach that the Lord’s Supper is the commemoration and proclamation of His death until He comes, and should be always preceded by solemn self-examination (1 Corinthians 11:23-32). We also teach that whereas the elements of communion are only representative of the flesh and blood of Christ, the Lord’s Supper is nevertheless an actual Communion with the risen Christ who is present in a unique way, fellowshipping with His people (1 Corinthians 10:16).

**Angels**

**Holy Angels.** We teach that angels are created beings and are therefore not to be worshiped. Although they are a higher order of creation than man, they are created to serve God and to worship Him (Luke 2:9-14; Hebrews 1:6-7, 14; 2:6-7; Revelation 5:11-14).

**Fallen Angels.** We teach that Satan is a created angel and the author of sin. He incurred the judgment of God by rebelling against his Creator (Isaiah 14:12-17; Ezekiel 28:11-19), by taking numerous
angels with him in his fall (Matthew 25:41; Revelation 12:1-14), and by introducing sin into the human race by his temptation of Eve (Genesis 3:1-15).

We teach that Satan is the open and declared enemy of God and man (Isaiah 14:13-14; Matthew 4:1-11; Revelation 12:9-10), the prince of this world who has been defeated through the death and resurrection of Jesus Christ (Romans 16:20) and that he shall be eternally punished in the lake of fire (Isaiah 14:12-17; Ezekiel 28:11-19; Matthew 25:41; Revelation 20:10).

**Last Things (End Times)**

**Death.** We teach that physical death involves no loss of our immaterial consciousness (Revelation 6:9-11), that there is a separation of soul and body (James 2:26), that the soul of the redeemed passes immediately into the presence of Christ (Luke 23:43; 2 Corinthians 5:8; Philippians 1:23), and that, for the redeemed, such separation will continue until the rapture (1 Thessalonians 4:13-17) which initiates the first resurrection (Revelation 20:4-6), when our soul and body will be reunited to be glorified forever with our Lord (1 Corinthians 15:35-44, 50-54; Philippians 3:21). Until that time, the souls of the redeemed in Christ remain in joyful fellowship with our Lord Jesus Christ (2 Corinthians 5:8).

We teach the bodily resurrection of all men, the saved to eternal life (John 6:39; Romans 8:10-11, 19-23; 2 Corinthians 4:14), and the unsaved to judgment and everlasting punishment (Daniel 12:2; John 5:29; Revelation 20:13-15).

We teach that the souls of the unsaved at death are kept under punishment until the second resurrection (Luke 16:19-26; Revelation 20:13-15), when the soul and the resurrection body will be united (John 5:28-29). They shall then appear at the Great White Throne judgment (Revelation 20:11-15) and shall be cast into hell, the lake of fire (Matthew 25:41-46), cut off from the life of God forever (Daniel 12:2; Matthew 25:41-46; 2 Thessalonians 1:7-9).

**The Rapture of the Church.** We teach the personal, bodily return of our Lord Jesus Christ before the seven-year tribulation (1 Thessalonians 4:16; Titus 2:13) to translate His church from this earth (John 14:1-3; 1 Corinthians 15:51-53; 1 Thessalonians 4:15-5:11) and, between this event and His glorious return with His saints, to reward believers according to their works (1 Corinthians 3:11-15; 2 Corinthians 5:10).

**The Tribulation Period.** We teach that immediately following the removal of the church from the earth (John 14:1-3; 1 Thessalonians 4:13-18) the righteous judgments of God will be poured out upon an unbelieving world (Jeremiah 30:7; Daniel 9:27; 12:1; 2 Thessalonians 2:7-12; Revelation 16), and that these judgments will be climaxed by the return of Christ in glory to the earth (Matthew 24:27-31; 25:31-46; 2 Thessalonians 2:7-12). At that time the Old Testament and tribulation saints will be raised and the living will be judged (Daniel 12:2-3; Revelation 20:4-6). This period includes the seventieth week of Daniel’s prophecy (Daniel 9:24-27; Matthew 24:15-31; 25:31-46).

**The Second Coming and the Millennial Reign.** We teach that after the tribulation period, Christ will come to earth to occupy the throne of David (Matthew 25:31; Luke 1:32-33; Acts 1:10-11; 2:29-30) and establish His messianic kingdom for a thousand years on the earth (Revelation 20:1-7). During this time the resurrected saints will reign with Him over Israel and all the nations of the earth (Ezekiel 37:21-28; Daniel 7:17-22; Revelation 19:11-16). This reign will be preceded by the overthrow of the Antichrist and the False Prophet, and by the removal of Satan from the world (Daniel 12:2; Revelation 20:1-6).

We teach that the kingdom itself will be the fulfillment of God’s promise to Israel (Isaiah 65:17-25; Ezekiel 37:21-28; Zechariah 8:1-17) to restore them to the land which they forfeited through their disobedience (Deuteronomy 28:15-68). The result of their disobedience was that Israel was temporarily set aside (Matthew 21:43; Romans 11:1-26) but will again be awakened through repentance to enter into the land of blessing (Jeremiah 31:31-34; Ezekiel 36:22-32; Romans 11:25-29).

We teach that this time of our Lord’s reign will be characterized by harmony, justice, peace, righteousness, and long life (Isaiah 11; 65:17-25; Ezekiel 36:33-38), and will be brought to an end with the release of Satan (Revelation 20:7).
The Judgment of the Lost. We teach that following the release of Satan after the thousand year reign of Christ (Revelation 20:7), Satan will deceive the nations of the earth and gather them to battle against the saints and the beloved city, at which time Satan and his army will be devoured by fire from heaven (Revelation 20:9). Following this, Satan will be thrown into the lake of fire and brimstone (Matthew 25:41; Revelation 20:10) whereupon Christ, who is the Judge of all men (John 5:22), will resurrect and judge the great and small at the Great White Throne judgment.

We teach that this resurrection of the unsaved dead to judgment will be a physical resurrection, whereupon receiving their judgment (John 5:28-29), they will be committed to an eternal, conscious punishment in the lake of fire (Matthew 25:41; Revelation 20:11-15).

Eternity. We teach that after the closing of the millennium, the temporary release of Satan, and the judgment of unbelievers (2 Thessalonians 1:9; Revelation 20:7-15), the saved will enter the eternal state of glory with God, after which the elements of this earth are to be dissolved (2 Peter 3:10) and replaced with a new earth wherein only righteousness dwells (Ephesians 5:5; Revelation 20:15, 21-22). Following this, the heavenly city will come down out of heaven (Revelation 21:2) and will be the dwelling place of the saints, where they will enjoy forever fellowship with God and one another (John 17:3; Revelation 21, 22). Our Lord Jesus Christ, having fulfilled His redemptive mission, will then deliver up the kingdom to God the Father (1 Corinthians 15:23-28) that in all spheres the triune God may reign forever and ever (1 Corinthians 15:28).

History of The Master's College
From a commitment that began more than eighty years ago to educate tomorrow’s Christian leaders, The Master’s College continues to train those who desire to serve in the pulpit or on the mission field as well as those who desire to make a difference for Christ’s sake in commerce, industry, sciences and the arts.

The school began May 25, 1927 as Los Angeles Baptist Theological Seminary. At that time, leading Christian colleges and seminaries across the nation were straying from important Bible doctrines. During that period the Holy Spirit led certain godly men in the Los Angeles area to begin what has become The Master's College and Seminary. God has used men and women of great faith and prayer to preserve that commitment to a Christ-centered, biblically-based education even in the midst of difficult trials.

William A. Matthews, Ph.D., pastor of Memorial Baptist Church of Los Angeles, became the founder and first president. A unanimous invitation was extended to temporarily house the seminary at Calvary Baptist Church, a rallying center for Bible-believing Christians of all denominations in the Los Angeles area. Several more moves followed until the seminary moved onto its own property in Los Angeles in 1942.

President Matthews passed away at his home August 18, 1943. Dr. Carl Sweazy described the kind of leader he was:

He greatly loved the Lord and God’s truth. He had an heroic spirit and willingness to sacrifice personal advantage for the cause to which he gave the best years of his life.

—January, 1978

Matthews was succeeded by presidents C. Gordon Evanson, Floyd Burton Boice, and Henry C. Thiessen. In 1946, the seminary became a graduate-level school and initiated a separate undergraduate and liberal arts program. Recruited after Dr. Thiessen’s death in 1947, faculty members Dr. Herbert V. Hotchkiss and Dr. Milton E. Fish, a Harvard graduate, strengthened the school scholastically and spiritually.

We have no way of knowing the measure of self-denial and sacrifice that these two men with their families made in order to serve the school.

—Dr. Carl Sweazy, January, 1978
August 14, 1959 marked the dawning of a new era. Dr. John R. Dunkin was invited to fill the position of president, succeeding Dr. Carl M. Sweazy, who desired to devote his time and energy to full-time evangelism. The new president, in keeping with tradition, affirmed and maintained the scriptural position of the school’s leadership.

Almost a year later, the school had the opportunity to acquire twenty-seven acres with a tree-shaded nucleus of seven buildings—the Happy Jack Dude Ranch—some of which could be remodeled for college use. The property was in the town of Newhall, approximately forty miles north of Los Angeles. By May of 1961, the school occupied the main portion of the new campus. The foreman’s house became King Hall, which now houses the Student Life and Campus Activities offices. H. Vider Hall, which now includes offices for several departments, was once used as a dorm for students, and before that a barracks for the “dudes” of the ranch.

The R. L. Powell Library, named after a faithful trustee of the school, became the first new building. On Labor Day of 1961 over five hundred people picnicked at the campus for the dedication ceremony. Henry Vider supervised the construction of Rutherford Hall, what was then both the dining hall and administration building. In February 1965, Hotchkiss Hall, named after faculty member Dr. Herbert V. Hotchkiss, became the first new student dormitory.

Under Dr. Dunkin’s leadership, the college pursued accreditation by the Western Association of Schools and Colleges. Expansion of the college, including construction of Reese Academic Center, a new science and lecture hall, helped pave the way. To facilitate accreditation of the undergraduate program, the seminary moved to Tacoma, Washington in 1974, resulting in the founding of Northwest Baptist Seminary.

Monday, March 3, 1975 was a historic day. Dr. Dunkin announced in chapel that he had received a letter from the executive director of the Western Association of Schools and Colleges saying that the college had been granted accreditation.

After twenty-five years of faithful service Dr. Dunkin stepped down as president to become chancellor of the school. The board of directors appointed him President Emeritus in 1989. The John R. Dunkin Student Center, a two-story complex overlooking Placerita Canyon, serves as a reminder of his faithful, fervent dedication to representing the college in our community and across the nation.

In May 1985, Dr. John MacArthur, accepted an invitation from the board of directors to become the next president of the college. The college presidency added many responsibilities to his ministry as pastor-teacher at Grace Community Church in Sun Valley, California and well-known Bible expositor on the “Grace to You” radio broadcast, heard daily around the world. The name of the school was changed to The Master’s College. With the exposure of the college through Dr. MacArthur’s radio ministry, the school became one of the fastest growing Christian colleges in America.

Initial planning for graduate programs for students of The Master’s College began soon after Dr. MacArthur became president. The Master’s Seminary started in 1986 with the specific goal of producing Bible expositors. A first-year enrollment of ninety-nine men representing twenty-one states and three foreign countries inaugurated the seminary. In 1987 the Western Association of Schools and Colleges granted the seminary accreditation. Today, under the superb leadership of senior vice president Richard L. Mayhue, the seminary has over three hundred students enrolled.

Under the leadership of Dr. MacArthur, the goal of the college is to bring students to spiritual maturity and academic excellence through the collegiate learning process. Faculty and staff on both campuses are greatly encouraged by the spiritual eagerness of the students. Under Dr. MacArthur’s leadership, a spiritual foundation continues to be affirmed and maintained:

“At The Master’s College and Seminary, we focus on the Word of God. In the gospels, we see the Master educating His disciples before He sent them out. His methods have become our model for today.”
The following admission policies and procedures apply to candidates seeking admission to any of the college’s residential undergraduate programs. Requirements for all graduate programs and the Center for Professional Studies are referred to later in this catalog.

The Master’s College welcomes applications from students who are on a curriculum plan to complete their secondary (high school) education within the next twelve months. High school graduates and college students intending to transfer are also encouraged to apply. In selecting students, the college is drawn to those who present a strong academic record, show evidence for graduation, articulate a clear testimony of faith in Jesus Christ, share a common theological perspective, and who offer potential to contribute positively to the college community.

To assist in the admission and financial aid process (commonly referred to as Enrollment), each student is assigned to an Admissions Counselor. Counselors are geographically assigned to prospective students, and an interactive territory map along with biographical information is available online at www.masters.edu/admissions.

ADMISSION POLICIES & PROCEDURES
To be considered for admission to The Master’s College, applicants must complete the steps listed below.

1. Submit a complete “Application for Undergraduate Admission” along with the appropriate processing fee. Electronic options are available at www.masters.edu/downloads.

2. Arrange to have official transcripts of all high school and college work sent to the Admissions Office. In cases where an academic record has yet to be established, a mid-semester grade report is acceptable.

3. Provide two recommendations, one spiritual and one academic. The spiritual recommendation should be given to the applicant’s pastor, youth pastor or fellowship leader. The academic recommendation should be given to an educator who knows the applicant well and can attest to their academic ability and recent performance. The academic recommendation may be completed by an employer if the applicant has not completed any formal education in the past three years. While letters of recommendation are helpful, they may not substitute for the required recommendation forms.

4. As an objective measure of academic preparedness and potential for college success, standardized college admission scores are required.

Scholastic Aptitude Test (SAT) scores will be based on Critical Reading and Math sub-tests. For those who prefer the American College Test (ACT), the writing exam is optional.

Applicants must arrange to have their results from either exam sent to The Master’s College. To register, applicants should use the code 4411 for the SAT and 0303 for the ACT.

Applicants are invited to arrange a campus visit and/or counseling appointment by going to www.masters.edu/visit. It is not necessary to have an application on file to participate and a meeting is not required for admission. Members of the Admissions Team are available throughout the calendar year with the exception of Winter Break. Please check the TMC website for school holidays, closures, or conflicts.

Grade Point Average
To determine admission and financial aid eligibility, The Master’s College uses both Grade Point Averages (GPA) and College Test scores (SAT I or ACT). The Master’s College maintains a policy of utilizing an applicant’s GPA as it is reported on their official high school transcript. The college encourages applicants to pursue the most challenging courses possible. When multiple Grade Point Averages are presented, the college selects the academic (non-elective) GPA that best favors the student.
Application Deadlines
The Master's College holds three application deadlines: two for Fall applicants (Early Action and Priority) and one for Spring applicants.

Application Fees
Applications within their respective deadlines should be accompanied by a non-refundable processing fee of $40.00. Those who encounter a financial hardship may submit a Fee Waiver Request available on our website at www.masters.edu/downloads.

ADMISSION REQUIREMENTS

Early Action Applicants
Early Action is intended for students with strong academic records who have selected The Master's College as their first choice. Students interested in Early Action should submit their application and supporting credentials no later than November 15. All forms must be postmarked by November 15. Applicants not admitted for Early Action will have their file reviewed once additional information is received.

Freshman Applicants
1. The applicant should be a high school senior or graduate with a minimum of eleven courses from grades 9 through 12 as follows: English - 4 years; Mathematics - 3 years; Science - 2 years; History - 2 years.
2. The applicant must take the SAT I or ACT (plus writing exam). These scores help assess preparedness for a collegiate workload.
3. The Master's College accepts transcripts produced by home-schooled parents as well as transcripts provided by charter, cluster, or publishing organizations. A sample transcript form is available online at www.masters.edu.

Freshman Home-schooled Applicants
The Master's College welcomes applications from anyone who has been home-schooled for all or part of their high school education. The requirements for admission are as follows:

1. The applicant should have completed a high school curriculum as follows: English - 4 units; Mathematics - 3 units; History - 2 units; Science - 2 units. One unit represents two semesters or one school year.
2. The applicant must take the SAT I or ACT (plus writing exam). These scores help assess preparedness for a collegiate workload.
3. The college may admit students who have not graduated from traditional high school. These students must present a satisfactory G.E.D. certificate or pass the California High School Proficiency Examination and meet all other admission requirements.
Curricula vary from one home-schooling program to another. Applicants should provide a written explanation of the curriculum used and the educator’s teaching methods. The following information should be included with the applicant’s transcript:

- Who is ultimately responsible for setting up curriculum and selecting materials?
- What type of curriculum and materials did the educator(s) use?
- Who was responsible for providing instruction? Were tutors used in some areas and not in others?
- Who recorded grades and how?
- What type of independent, standardized testing was used to measure the student’s progress against a larger population?

4. Some home-schooled applicants may finish their high school education at an accelerated pace and be ready to attend The Master’s College at an earlier age than their public or private high school counterparts. The college retains the right to defer an applicant’s entrance until such a time as it deems appropriate.

Transfer Applicants
An individual will be classified as a transfer student if he/she has completed 24 or more semester units (36 or more quarter units) of transferable college level coursework at the time of application to TMC. Students desiring to transfer must file an application for admission and submit official copies of all college transcripts regardless of their intent to receive credit.

Students who wish to transfer to TMC from another college or university, but will not have completed 24 semester units (36 quarter units) at the time of application, will be considered freshman with prior college credit. This will not affect their ability to be admitted; however, it will require them to submit their official high school transcript containing their high school GPA, along with ACT or SAT scores.

Applicants who have attended another Christian college/university, Bible college, or any other faith-based institution, are required to submit a Christian College Transfer Recommendation Form for each of these schools. This form is available from the Admissions Office or online at www.masters.edu/downloads.

College transcripts from other institutions are evaluated, and credit is awarded prior to the student’s first semester at The Master’s College. For financial aid and degree planning purposes, this evaluation is made available to both the student and the academic advisor. Any additional transcripts received after the semester has begun will be evaluated immediately and credit awarded within four weeks of their receipt by the Registrar’s Office.

Requirements for International Students
The Master’s College is authorized under federal law to enroll non-immigrant alien students. Students from abroad are welcome, provided they meet the admission requirements of the college. International students are urged to contact the International Admissions Counselor or view the college’s website to obtain the appropriate application forms. The following are requirements of both The Master’s College and U.S. Immigration:

1. Foreign students must submit transcripts reflecting the completion of high school education or the equivalent of it. All transcripts must be translated into English and must be official copies.

2. All applicants to The Master’s College must submit an acceptable score from a standardized test. If the student’s first language is English, he or she may submit the SAT 1 (school code 4411) or ACT (school code 0303). Non-native speakers of English should submit a score from either the TOEFL (school code 4411) or the IELTS. IELTS is jointly managed by the British Council, IDP: IELTS Australia, and the University of Cambridge ESOL Examinations.

3. Certification of finances is required for all foreign students to reflect that they have necessary funds to pay for all tuition and related cost of living for at least their first year of schooling. Limited financial assistance is available from The Master’s College, and a Financial Aid Application may be requested through the International Admissions Counselor.
4. International students may transfer from another U.S. college or university if they are a full-time student at the school currently being attended, have maintained non-immigration status, and intend to be a full-time student at The Master's College. According to the F-1 student visa transfer regulations of the INS effective May 22, 1987, the institution from which the student is transferring must also confirm that the student has maintained his/her F-1 status throughout the student's enrollment with them.

5. Upon admission to The Master's College, United States Federal law requires that an international student must be registered as a full-time student. Full-time student status requires being enrolled in at least 12 units of study per semester.

6. Upon receipt of all documentation, an international student will be notified of the Admission Committee's decision by the Admission's Office. Once a student is accepted and the finances are verified, Form I-20 A-B will be forwarded to them. Form I-20 A-B is an official document of the United States government which grants a foreign student permission to apply for a Student Visa at the nearest U.S. Consulate.
Financial Aid

FINANCIAL AID POLICIES & PROCEDURES

Eligibility
To be eligible to receive financial aid, a student must:

1. Be a U.S. citizen or permanent resident (except for international scholarships).
2. Be enrolled as a full-time student.
3. Have a high school diploma or equivalent or pass an approved ability-to-benefit test.
4. Maintain satisfactory academic progress towards graduation and maintain a minimum cumulative GPA as required.
5. Be registered for the draft with the Selective Service if the student is male, at least 18 years old, was born after December 31, 1960 and is not a current member of the active armed service.
6. Not be in default on any Title IV loans or owe repayment on any Title IV grant (Pell or SEOG).

Priority in awarding is based upon the timely filing of all required applications, supporting documents and notification of admission to the college.

Most awards (scholarships, grants, loans) are disbursed in two equal installments, which are credited directly to the student’s account. Most financial awards are eligible for renewal based on program guidelines and an annual application (modified for continuing students) must be submitted.

Determination of Need
Financial need is calculated by information the student provides on the Free Application for Federal Student Aid (FAFSA). International students will need to complete the International Student Financial Aid Application, which is available upon request from the International Student Office. This standard form, used nationwide in higher education, gathers information on the family’s financial situation—their income and assets. Other requested information includes the number of family members and the number of family members in college. The results of this calculated assessment is what is commonly referred to as the Expected Family Contribution or (EFC).

The EFC is subtracted from the cost of attendance and the result is a calculation of the student’s “financial need”. Aid eligibility at The Master’s College is a function of both our cost of attendance and your expected family contribution.

Application Process
For Federal, State and Institutional aid you will need to:

1. Complete and submit the Free Application for Federal Student Aid (FAFSA).
2. Complete The Master’s College Financial Aid Application (FAA) and return it to the Office of Financial Aid.
3. Submit the appropriate Federal Verification Worksheet (Dependent or Independent) along with parent and student 1040’s and W-2 forms from the previous tax year to the Office of Financial Aid.

Applicants for all Cal Grant programs must also:

4. File a verified grade point average (GPA) with the California Student Aid Commission no later than March 2nd and have the FAFSA completed by March 2nd.

OPTION 1: Obtain a GPA Verification Form, have it certified by a school official at the current school attended and send it to the California Student Aid Commission. Photocopy the form prior to mailing and obtain a proof of mailing for verification purposes.

OPTION 2: Many high schools and colleges will file (with a signed release) a student’s verified GPA with the Commission in roster form. This option should be verified with each institution.
FINANCIAL AID AWARDS
Once all applications and supporting documents are received (which includes the results of the FAFSA), a financial aid award will be offered to the student.

New Students
January applicants can expect to receive a notice instructing them where to retrieve their award by mid March. Be aware, the “wait period” between application and award lengthens the longer one waits to complete financial aid paperwork. The statement of principles of good practice, established by the National Association for College Admission Counseling, permits first year candidates for fall admission to choose, without penalty, among offers of admission and financial aid until May 1. After May 1 students have 15 business days to respond to their financial aid offer or their financial aid is subject to cancellation.

Continuing Students
Continuing students will be notified of their financial aid offer through a postcard instructing them how to retrieve their financial aid award. January applicants can expect to receive a letter by mid March although the “wait period” between application and award lengthens the longer one waits to complete financial aid paperwork. Students have 15 business days to respond to the financial aid offer (either in part or in whole). Aid is subject to cancellation after 15 days if no response is received.

Verification
Verification is the process of confirming the accuracy of information reported on the FAFSA. All incoming Freshmen and students selected for verification by the Federal Government are required for verification at The Master’s College. A student required for verification will need to submit a Federal Verification Worksheet along with, but not limited to, parent and student 1040 and W-2 forms. This process is required of The Master's College by the Federal Government in order to help maintain the integrity of the Federal Student Aid program.

Online Awards
Award letters contain confidential information and are located on the TMC secure site. In order to keep the site secure, students are not to share their password with anyone, including their parents.

SATISFACTORY ACADEMIC PROGRESS
The following is the satisfactory academic progress policy for the Office of Financial Aid at The Master's College:

1. Each student must maintain a cumulative GPA of 2.0 for each semester of attendance. Cumulative GPA is based on institutional credit hours only.
2. A student must also complete 80 percent of the institutional units he/she has attempted (see table). For example, a student who attempts 30 credit hours for the first year must complete 24 of those credit hours. Part-time students must also complete 80 percent of their attempted units. “F” grades, incompletes, withdrawals, and “no credit” marks affect the GPA as outlined in the Academic Requirements and Policies section of this catalog.

Example:

<table>
<thead>
<tr>
<th>Year of School</th>
<th>1st</th>
<th>2nd</th>
<th>3rd</th>
<th>4th</th>
</tr>
</thead>
<tbody>
<tr>
<td>Units Attempted by End of Year</td>
<td>30</td>
<td>60</td>
<td>90</td>
<td>120</td>
</tr>
<tr>
<td>Units Completed by End of Year</td>
<td>24</td>
<td>48</td>
<td>72</td>
<td>96</td>
</tr>
</tbody>
</table>

3. A student must also demonstrate progress toward graduation. The time-frame in which a student finishes his degree cannot exceed 150% of the published length of the program. For example, for an academic program with a program length of 122 units, the time-frame of completion cannot exceed 183 units.

Evaluation of Student’s Progress
A student’s GPA is evaluated after each semester and unit progress after each academic year to ensure continued qualification to receive financial aid for subsequent terms. If either of the criteria is not met at the time of evaluation, the student will be notified of his/her failure to meet the qualifications and the student will be placed on Financial Aid Probation.
Financial Aid Probation for Failure to Meet the GPA Requirement

After a student is put on Financial Aid Probation for failure to meet the cumulative GPA requirement, the student has two semesters to receive a cumulative GPA of 2.0.

If, after two semesters of Financial Aid Probation, the student does not receive a cumulative GPA of 2.0, the student will have all financial aid suspended until he/she has met the 2.0 cumulative GPA requirement. After maintaining a 2.0 cumulative GPA for one semester, the student will again be eligible for financial aid.

Probation for Failure to Meet the Unit Requirement

If, at the time of unit evaluation, a student has failed to complete 80 percent of attempted units, he/she will be placed on Financial Aid Probation and will be notified of his/her failure to meet the requirements. That student will have one academic year in which to improve the percentage. If, by the end of that year, the student has not completed 80 percent of cumulative attempted units, that student will have all financial aid suspended until such a time as he/she has met the requirement. The student may again apply for financial aid after requirements have been met.

Appeal

A student may appeal this suspension by presenting a letter of appeal to the Office of Financial Aid. This appeal will be forwarded to the Vice President for Academic Affairs and/or the Provost for their review and a final judgment on the matter. Extreme illness or a death in the family are examples of circumstances that will be taken into consideration. The Office of Financial Aid will notify the student about the final decision.

FORMS OF FINANCIAL AID

Financial aid is money provided from federal and local governments, independent and private organizations and from funds set aside by the college to assist families in meeting the costs of higher education. Most opportunities for financial assistance fall into either of two categories: “merit-based aid” and “need-based aid.” “Merit-based” scholarships are granted based on a student’s achievements or promise of achievement in several areas including, but not limited to, academics, music and athletics. “Need-based” aid, as the name implies, requires that the student and their family demonstrate a financial need in meeting college costs. Simply stated, financial need is the difference between the amount a family is expected to contribute and the actual amount to attend college. In most cases the amount of financial aid offered will be based on a combination of factors involving both types of aid.

Once application materials are received, students are assigned counselors to assist them through the financial aid process. New students continue to work with their Admissions counselors while continuing students are assigned a counselor from the Office of Financial Aid.

Information on financial aid for the Degree Completion program and the Master of Arts in Biblical Counseling is located within their respective sections of the catalog.

Through the financial assistance of faithful Christian friends and churches, The Master’s College strives to offer students a Christ-centered education within the financial reach of all. The cost of education is considerably in excess of what a student pays. However, the College is able to keep students’ costs at a minimum as Christian friends support us through their generous gifts and prayers. With the establishment of scholarships and direct gifts, hundreds of students have been prepared for specific fields of work and service.

PAYMENT TERMS
Tuition, fees, room and board expenses for traditional programs are due July 10 for the Fall and December 10 for the Spring semester. A $25 late fee for payments not received within a 5-day grace period may apply. All Post Session and Winterim charges are due at the time of registration for the courses. For the regular semesters, the following option is available at a fee of $75.00 per semester:

5-Month Plan. The semester cost of tuition, room, board, and fees will be divided into five (5) monthly payments. Payments begin July 10 prior to the Fall semester and December 10 prior to the Spring semester. A $75 per semester fee will apply, although no interest will be charged. A $25 late fee for payments not received within a 5-day grace period may also apply.

PAYMENTS FROM GOVERNMENT AGENCIES OR PRIVATE FOUNDATIONS
Students who anticipate receiving financial assistance from Government Agencies or Private Foundations and will not be able to meet the payment deadlines need to submit a Request for Payment Deferment to the Student Finance Center. If approved, the anticipated amount will be deferred until October 10th (Fall semester) or March 10th (Spring semester). Students will be responsible for paying any charges that exceed this assistance by the published due dates.

REFUNDS
Refunds are based upon the week that the official withdrawal form, signed by the registrar and the appropriate dean, is presented to the Student Finance Office, and not on the time a student ceases to attend classes. A student withdrawing from school with neither consultation nor consent of an appropriate administrator shall not be entitled to any refund. The percentage of tuition refunded is based on actual tuition cost charged to the student’s account.

Post session and winterim classes are refundable in full if dropped prior to or on the first day of class. After this there will be no refund of tuition.

Board. Any refund for board will be prorated on a weekly basis.

Room. The refund will be prorated for the part of the semester remaining. There will be no room refund for Post Session or Winterim.

Fees. Course and lab fees (including individual music lessons) are fully refundable if the student drops the course during the first two weeks of class following registration. After that, they are not refundable.
General Education Requirements

The general education courses taken by all students are designed to be the foundation for a liberal arts education. A liberal arts education aims to expose students to a wide variety of values, ideas and assumptions that will help them better appreciate the responsibilities and benefits of a free society. It is also designed to give them a common core of knowledge which will aid in understanding their society and culture.

The college has developed a general education program designed to form the minimum core of each student's liberal arts education. Each candidate for a bachelor's degree must complete a minimum of 71 semester units of general education requirements.

Some courses could satisfy a general education requirement in several possible areas. In these cases, the student must declare which general education requirement a course is intended to satisfy. One course can be used to satisfy ONLY ONE requirement.

These requirements may be completed through courses accepted by the Office of the Registrar upon transfer or through specifically designated courses distributed in the following areas:

Biblical Studies (25)
- B211 Biblical Fundamentals (1)
- B101,102 Old Testament Survey I, II (3,3)
- B201,202 New Testament Survey I, II (3,3)
- BTH321,322 Christian Theology I, II (3,3)
- Upper Division Bible Electives (6)

All new students are required to take B211 during the first fall semester that they attend the college.

A student entering the college as a freshman is required to take all of the Biblical Studies courses listed above. Any student entering TMC having attended an accredited college or university for at least two semesters after high school graduation and earning at least 24 units of accepted transfer work is required to take one of the above courses (beyond B211) for each semester of full-time attendance. Transfer students must begin with courses from the Old Testament, New Testament, Christian Theology sequences prior to taking the upper-division Bible electives. No other courses will satisfy these requirements unless approved by the chairperson of the Department of Biblical Studies.

  - Minimum score of 10 on the WritePlacer examination administered by The College Board.
  - Minimum score of 5 on the Criterion Examination administered by ETS Technologies.
  - Minimum score of 6 on the Compass e-Write examination administered by ACT.
  - Complete two courses (2-6 units) that are formally designated as writing enhanced.
  - One of the two “W” courses must be completed within the major while the second “W” course may be taken either as a major or a General Education course. A list of approved “W” courses is available at the Office of the Registrar.
Graduation Requirements

The Bachelor of Arts, Bachelor of Music and the Bachelor of Science degrees are granted subject to the following:

1. Minimum of 122 semester units of credit. Cannot exceed 150% of the minimum credits for the enrolled program (i.e. Min 122 credits x 150% = 183 credits)

2. Minimum of 40 semester units in upper division courses.

3. Minimum grade point average of 2.00 in all work attempted at TMC and in the major.

4. Minimum of one year or the equivalent of resident study, completing at least 12 of the final 24 semester units at The Master’s College.

5. Completion of the curriculum as given for the chosen major field of study.

6. Four-year students must complete at least 25 semester units of general education requirements in Bible. Transfer students must take a minimum of one general education Bible survey course (B101, B102, B201, B202, BTH321, BTH322) each semester of full-time attendance. Part-time students (taking fewer than 12 semester units) are not required to take a Bible course. However, a student taking several semesters of part-time coursework must complete one general education Bible course for every 15 semester units taken at The Master’s College.

7. A student will be allowed to participate in commencement exercises only if he/she has completed, or is in progress to complete, all academic requirements by the time of commencement ceremonies. A student may have no more than one directed studies course still in process during the third week of March to be eligible to participate in the May commencement ceremonies.

General Policies and Procedures

Student Academic Classification

**Freshman.** An accepted high school graduate who has enrolled in the college.

**Sophomore.** A student with at least 30 semester units and a 2.00 GPA. All conditions of entrance removed.

**Junior.** A student with at least 60 semester units and a 2.00 GPA.

**Senior.** A student with at least 90 semester units and a 2.00 GPA. There must be reasonable assurance of the fulfillment of all requirements for graduation within the academic year. A student must file an application for graduation in the Office of the Registrar prior to the beginning of the second semester of the senior year.

**Full-Time Student.** One who is carrying a minimum load of 12 semester units. Only full-time students not on academic probation may be elected to student association offices, serve on student publications, or compete on intercollegiate athletic teams.

**Non-Matriculating Student.** One who has not formally declared a degree objective and is carrying six or fewer semester units.

**Transfer Student.** A student who enters TMC with at least 24 semester units of accepted college level coursework from another college or university. Credit by examination does NOT count toward determining whether a student has reached transfer status.

Letter Designations of Courses

ACC - Accounting
ART - Art
B - Bible: General
BC - Bible: Biblical Counseling
BCE - Bible: Educational Ministries
BCH - Bible: Church History
BCW - Bible: Christian World View
BE - Behavioral Studies
Consistent with general academic practice, not all courses listed in this catalog are offered every semester. Students should consult the schedule of classes prepared prior to registration in planning their programs. The college reserves the right to withdraw any course for which there is not sufficient demand. Usually five students are required as a minimum.

### Academic Terms and Definitions

The following definitions apply to symbols utilized in lieu of grades:

**Audit (AUD).** Audit students are those who receive no credit, but wish to attend lectures in a course, or participate in musical ensembles or private lessons, without any responsibility to take examinations, complete homework or papers, practice hours or to be evaluated. Audit registration will appear on the student’s record, but will not be included in computing a full-time academic load.
Credit (CR). Credit is measured in semester units. A semester unit represents one recitation period (55 minutes) per week for one semester of 15 weeks and assumes about two hours of outside preparation for each recitation period. Credit units of particular classes are given with each course description.

Failure (F). No credit or grade points given. This policy means that all units attempted which are shown on the permanent record card as F will be charged against the student with a value of 0.00 grade points. The effect of this will be to lower the overall GPA.

Incomplete (I)
1. An Incomplete will be granted only upon submission of a completed Incomplete Contract to the Office of the Registrar.
2. Any Incomplete not finished within the terms of the Incomplete Contract will lapse into the grade designated on the Incomplete Contract.

No-Credit (NC). No credit.

Pass (P). Indicates that the student passed a course, but credits do not count toward GPA or credits do not count toward graduation, such as MA072, 082, 090.

Quality Points (QP). Quality points are assigned in order to determine the student’s scholastic average. Quality points of a given grade are multiplied by the number of semester units of credit given in each course.

Withdraw (W). Withdrawal from course from third week of classes through twelfth week. After the twelfth week a student may not withdraw and is awarded the grade earned.

Transfer Credit Policies
TMC grants credit for college level course work from other colleges and universities based on the following criteria:

1. The student must have good standing at the institutions previously attended. Students who have been dismissed or suspended from another college for disciplinary reasons must request that a letter be sent by the dean of the college involved, detailing the reasons for such dismissal.
2. No courses will be transferred in which the grade earned was less than C (2.0). Credit will be given for accepted courses which will apply toward the student’s course of study at The Master’s College.
3. No more than 70 units of credit will be accepted from a community college. Courses for which credit is allowed toward the bachelor’s degree must be university transfer level.
4. No more than 94 units from other accredited institutions may apply toward fulfillment of degree requirements at The Master’s College. Transfer students must take at least 12 semester units of upper division work in their major at TMC.
5. Students who are transferring from an accredited institution and who have completed a lower division course which had content comparable to an upper division course at The Master’s College may: (a) choose to retake the course at TMC to earn upper division credit for the course; or (b) choose to pass a competency exam to verify that the lower division course was comparable in rigor to the upper division course at TMC. Passing the competency exam entitles the student to enroll in another upper division course to earn sufficient upper division credits.
6. Transfer credit may be granted to students from unaccredited schools of collegiate rank upon approval of the Vice President for Academic Affairs or the Registrar.
7. The Master’s College will grant credit for transferable college coursework taken before high school graduation if taken from an accredited college. Official transcripts must be submitted and all other transfer requirements met.
8. The maximum number of transfer credits which will be awarded for various types of “non
traditional” college course work from accredited institutions are as follows:

- **32 units** of Advanced Placement, CLEP examinations or credit by TMC assessment
- **45 units** of transfer credit from military transcript with maximum of 30 units applicable toward meeting TMC general education requirements
- **36 units** of non-traditional course work including: directed studies courses, correspondence courses, computer and WWW-based distributed education courses or Video/ITV based courses
- **24 units** of intensive format courses (e.g., post session, winterim, Saturday school, etc.)
- **24 units** of credit for life experience assessment.

Credit by Examination

The Master's College, as a member of the College Entrance Examination Board, recognizes the merits of the Advanced Placement (AP), College Level Examination Program (CLEP) and the International Baccalaureate (IB), and will grant credit for passing scores in certain tests offered through these programs. A student may earn a maximum of 32 semester units of AP/CLEP exam transfer credit. If a student takes a college course for which he/she has already received AP/CLEP credit, then he/she forfeits that transfer credit.

The Master's College reserves the right to determine the amount of credit that will be awarded for all AP/CLEP transfer credit examinations. Credit for all AP courses other than science, is awarded based on a score of “3”, “4” or “5”. Credit for science AP courses is awarded based on a score of “4” or “5”. CLEP examination credit may be granted for all courses based on a score of 50 or higher. The College will grant credit for IB examinations with scores of “5”, “6” or “7”.

**Note:** The Master's College has been designated as a national testing facility for the CLEP examination. If CLEP examinations have already been taken, contact the Office of the Registrar for information regarding acceptance of CLEP scores. For testing information, contact the Office of Career Services.

Registration Procedures

The college sets aside a period at the beginning of the fall semester for reception, registration and orientation. During these days the new students become acquainted with programs and facilities provided for their instruction.

1. Several entrance tests and surveys are given to all new students at this time.

2. All students will be notified by mail regarding the fall orientation and check-in information. A schedule of classes is published and is available before registration.

3. All continuing students are required to have an interview with their academic advisor at least once per semester prior to registration.

4. An evaluation of credits is made of all transfer college work, and new transfer students, in addition to their advisor, will receive a copy of this evaluation. A student may contact the Office of the Registrar for the name of his/her advisor.

5. Late check-in continues one week following the priority check-in day.

6. Check-in is completed only after financial arrangements have been made with the Director of Student Accounts.

Class Changes

1. **Adding Courses.** Courses may be added electronically only during the first two weeks of a semester.

2. **Dropping courses.** Courses may be dropped electronically during the first two weeks of a semester and will not appear on the student's permanent transcript. Courses dropped from the third to the twelfth week of a semester will appear on the transcript with a grade of “W.” Courses may not be dropped after the twelfth week of class except in the case of serious illness.

3. **Changes in course schedule.** If a student desires to drop a course following the first two weeks of a semester, he/she must have the
permission of his/her instructor, academic advisor, and the Office of the Registrar to make changes. Forms are available in the Office of the Registrar.

3. **Course and lab fees.** These fees will be refunded if a student drops a course during the first two weeks of the semester. After that time, course and lab fees are not refundable.

4. **Withdrawing from school.** Withdrawal is processed on a form available from the Office of the Registrar. Any refund due the student is determined according to the refund policy found in the financial information section of this catalog.

**Scholastic Honors**

It is recognized that the ability to concentrate and persevere in scholastic work is an important part of the preparation for effective Christian ministry. The following scholastic honors are recognized:

**Semester Honors:** Granted to undergraduate students completing 15 or more semester units who attain the following grade point average:

- President’s List 3.80
- Dean’s List 3.60

**Graduation Honors:** Granted at graduation to students who have completed at least 60 semester units at The Master’s College and have attained the following cumulative grade point average:

- Summa Cum Laude 3.85
- Magna Cum Laude 3.65
- Cum Laude 3.50

**Academic Advising**

When students are admitted to the college, an academic advisor is assigned to assist them in planning their program of courses. Student orientation is provided at the beginning of the year for general information, and academic advisors assist students prior to each registration. Students are encouraged to maintain close contact with their advisor in order to plan their college program properly. Students on academic probation receive special advising and must enroll in courses designed to help them meet the academic demands of college life.

Although the college seeks to provide students the assistance that they need in their academic career through academic advisement, final responsibility for meeting all program, residence and graduation requirements rests with the students. One of the most important tools is this catalog. Students should become thoroughly familiar with the catalog in order to keep up with their own records and to make certain that they are meeting graduation requirements, including general education courses and grade point average. The academic requirements of the catalog under which a student enters becomes the student’s academic contract. Academic requirements may be lowered but never raised under a particular catalog. Students are strongly encouraged to maintain possession of this catalog for future reference.

**Academic Probation**

Students entering on academic probation are limited to 15 units per semester. They must receive a minimum GPA of 2.00 at the end of the semester to be removed from probation. Any student whose cumulative GPA falls below 2.00 will be placed on academic probation for one semester. If their cumulative GPA remains below 2.00 at the end of that semester, they will be subject to academic disqualification. A student subject to academic disqualification may appeal by submitting a letter to the Vice President for Academic Affairs stating why he/she should not be disqualified. The student’s request will then be reviewed by the Academic Affairs Council for final decision.

The procedure for readmission of an academically disqualified student includes: (1) a minimum of one semester of academic suspension, (2) attendance at another accredited institution and achievement of a 2.50 cumulative GPA on a minimum of twelve semester units of transferable coursework with no course grade lower than a “C”, and (3) review of the student’s application for readmission by the admissions committee. If the student’s readmission is approved, the student will be placed on academic monitoring/probation and will be required to meet regularly with the academic counselor during the semester. The student will have that semester to achieve a 2.00 cumulative GPA to be removed from
academic monitoring/probation and continue their enrollment at the college.

Any student whose cumulative GPA falls below 2.0 may not participate in extracurricular activities such as student government, athletics, music and missions teams.

**Academic Dishonesty**
It is the responsibility of the faculty member to pursue suspected incidents of academic dishonesty occurring within his/her courses. If a student is found to be guilty of cheating, plagiarism or another form of academic dishonesty, the faculty member is required to document the incident in writing and submit the report to the Vice President for Academic Affairs. The first documented incident of academic dishonesty will result in the student failing the assignment or the course at the instructor’s discretion depending on the severity of the incident. Any subsequent documented offense of academic dishonesty by that student (regardless of whether it occurs in the same or any other course taken by the student at the College) will result in automatic failure of the course and expulsion of the student from the College for a minimum of one academic year.

**Student Appeal Process**

**Grade Appeals**
Any student who believes that a grade received for a course, assignment, or examination has been awarded improperly or unfairly should address his or her concerns directly to the faculty instructor involved, and then, as necessary, with the department chair. If satisfactory resolution is not reached through this informal process, a student may submit a written appeal to the vice president for academic affairs. Appeals must be submitted within one month of the occurrence of the incident and should provide a clear description of the incident along with an explanation of why the student believes the action was unfair. The faculty member will be invited to submit a written response to the student’s appeal. The vice president for academic affairs will constitute an appeals committee within a week following the submission of the appeal. The committee will consist of:

- The vice president for academic affairs.
- One full-time faculty member chosen by the student.
- One full-time faculty member chosen by the vice president for academic affairs.

The appeals committee will read the student’s written appeal and the faculty member’s response. They may request the student and/or faculty member be available to respond to questions relating to the issue. The committee will consider all of the information and come to a decision relating to the appeal. The vice president for academic affairs will be responsible for communicating the decision in writing to the student and faculty member.

**Appeals of Academic Dismissal**
A student subject to academic dismissal because of a low cumulative GPA or because of academic dishonesty may appeal by submitting a letter to the vice president for academic affairs within two weeks of being notified of dismissal, along with an explanation of why the student believes the dismissal was unfair. The student’s request will be reviewed by the academic affairs council with input from the student’s advisor, faculty who have had the student in recent classes, and the academic counselor. The council will make a decision on the appeal which will be communicated in writing to the student by the vice president for academic affairs.

**Appeals of Student Development Department Disciplinary Decisions**
Should a student’s conduct put his/her standing with the school in jeopardy because of violations of student policy, the issue shall be brought before the Student Life Deans. If, after their careful consideration of the issue, they conclude it is in the best interests of the individual and the College for the student to be dismissed, it is in their power to take such action. Should the student wish to appeal that decision, he/she may do so through the Dean for Student Life within forty-eight hours. The appeal must be made by the student; appeals from outside parties will not be processed. An Appeals Committee will convene consisting of the Dean for Student Life acting as the presiding officer (with no vote), one faculty member, the student’s RD, one member of the Student Life Staff, the Student Body Chaplain, and, if the appealing student desires, two
character references of his/her choice (with no vote). The Dean for Student Life may also invite any student with relevant information to provide testimony to the committee. Once the committee has convened, the presiding officer will invite the appropriate Dean and RA into the meeting, along with the appealing student, and as many as two character references chosen by the student. The Dean will be asked to state the issues, after which the appealing student will be given every opportunity to state his appeal. When all parties are satisfied that the issues have been clearly communicated and understood, the Dean, appealing student, and character references will be asked to leave although the committee may request the return of the Dean or the student for further clarification. After any needed deliberation, the committee will come to a decision. Both the Dean and the student in question will then be asked to return. If the committee was not in agreement with the dismissal decision, they give their reasoning and recommend a change in the decision. If the committee upholds the Dean’s decision, no further provision for appeal is available.

Directed Studies

A Directed Studies (DS) course is defined as a course that is being taken in a non-regularly scheduled class format. The policy for taking DS courses at The Master’s College is outlined below:

1. A student is allowed to take a maximum of 13 semester units of TMC DS coursework during his/her undergraduate program.
2. A student may be enrolled in no more than two DS courses at any one time.
3. A student may have no more than one DS course still in process during the third week in March to be eligible to participate in the May commencement ceremonies.
4. A student may enroll for a DS course at any time during the school year.
   · If the student enrolls at any time during a semester, the course will be added to the student’s schedule for that semester, and the cost for that semester will be adjusted as necessary.
   · If the student registers between the fall and spring semesters, the course will be added to and posted as a part of the student’s spring schedule.
5. A grade for a DS course can be posted no sooner than one week per semester unit following the student’s official enrollment date in the course.
6. A student may withdraw from a course (and receive a “W” grade) only during the first 12 weeks of the contract. If the work is not completed by the deadline (a maximum of 4 months), the Registrar’s Office will assign a grade of “F” to the student for this course.
7. The percentage of tuition refunded to a student dropping a DS course will be based on the number of weeks the student has been enrolled in the DS course, and will be parallel to the tuition refund schedule for regular fall and spring semester courses.
8. A per-unit fee will be charged to the student to cover faculty and institutional expenses. The per-unit fee is non-refundable after the first two weeks of enrollment in the course.

Institutional Eligibility Regulations for Athletics

Institutional Semester GPA Regulation of 1.75
Any student-athlete having a semester GPA lower than 1.75 is subject to the following guidelines:

1. First semester freshman student-athletes are allowed a one semester grace period to improve their GPA before being denied the privilege of representing the institution in athletics.
2. Student-athletes who do not have first-time freshman status or are transfer students will be denied playing status during the next semester of attendance.
3. Once student-athletes raise their GPA to 1.75 or above, they can begin athletic participation and continue as long as their semester GPA is maintained at 1.75 or above.

Institutional Cumulative Grade Point Average Regulation of 2.00
Student-athletes whose cumulative GPA falls below
2.00 are placed on academic probation. If they do not attain a cumulative GPA of 2.00 or above for a second or any subsequent semester of enrollment, they will be denied participation in intercollegiate programs and are subject to academic disqualification. NOTE: Institutional grade point averages can be raised only by taking institutional credit hours.

Veteran’s Benefits

The Master’s College is approved as a degree-granting institution for the attendance of veterans under Title 38, United States Code. This includes the programs covered in chapters 30, 31, 32 and 35 of Title 38, relating also to the education of disabled veterans and war orphans, and 1606 of Title 10. The Bureau for Private Postsecondary and Vocational Education under the State of California Department of Consumer Affairs has also authorized the College for the attendance of veterans and veterans’ dependents.

Veterans, or their dependents, who plan to enroll in the College are urged to contact the veteran’s certifying official in the Office of the Registrar well in advance of registration so that the necessary arrangements may be made with the Veterans Administration or the California Department of Veteran’s Affairs. You may also contact the Veteran’s Administration directly at 1-800-827-1000 to request Form DD-214. To access downloadable forms, please go to www.va.gov.

Family Education Rights and Privacy Act of 1974

The Master’s College complies with the provisions of the Family Education Rights and Privacy Act of 1974. The college does not permit access to, or the release of, personally identifiable information or educational records, to any individual without the written consent of the student, with the following exceptions:

• To administrators, faculty or staff of the college, having legitimate educational concerns.
• To medical personnel when the health of the student or others would be endangered by the withholding of information.
• To financial aid personnel in connection with an application for such aid.
• To the parents of dependent children.
• To the governmental officials designated by law, or in compliance with a judicial order.

The college may release directory information unless the student withholds permission. Directory information is defined as: student’s name, address, telephone number, date and place of birth, major field of study, participation in sports and officially recognized college activities, height and weight of members of athletic teams, dates of attendance at the college, degrees and honors received, email address, full or part-time status, year in school, other educational institutions attended and honors received.

In addition, under the provisions of the above-named act every student has the right to:

• Inspect and review his/her educational records.
• Request changes to items in his/her records that are not accurate.
• Obtain a copy of the college’s policy related to FERPA.

Questions about the application of these policies may be directed to the Office of the Registrar.

Disability Services

The Master’s College has an institutional commitment to provide equal educational opportunities for qualified students with disabilities in accordance with applicable state and federal laws and regulations, including the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973. To ensure equality of access for students with disabilities, academic and/or non-academic accommodations and auxiliary aids shall be provided to the extent required to comply with the state and federal laws and regulations. For each student, academic and/or non-academic accommodation and auxiliary aids shall specifically address those functional limitations of the disability which adversely affects equal educational opportunity. The Master’s College and Seminary has established the Office of Disability Services (ODS) to coordinate compliance with the various regulations and sovereign scriptural issues and to assist qualified students with disabilities. Students requiring services should contact the Students with Disabilities Services (SDS) at (661) 259-3540, ext. 3209, or alternatively by FAX (661) 260-3384.

## THE MASTER’S INSTITUTE
TMC offers, through The Master’s Institute, a one-year, 32-unit Diploma in Biblical Studies. See The Master’s Institute section of this catalog for more information.

## DEGREE COMPLETION PROGRAM
TMC offers, through the Center for Professional Studies, the following Bachelor of Arts degrees:
- Christian Ministries
- Liberal Studies
- Organizational Management

For complete program information see the Degree Completion Program section of this catalog. Prospective applicants may request further information from the Center for Professional Studies by calling 1-800-229-XCEL.

## DISTANCE EDUCATION EXTENSION PROGRAM
TMC offers the DEEP program for students, both individually, and in a church-based class format to gain accredited college units in a number of General Education Courses. This is not an on-line degree program but one that is designed to deliver General Education coursework with a distinct Christian Worldview to students of all ages and locations. It especially works well within the church setting: all students are required to have their church agree to act as proctors for all tests and in this manner, the courses help bring the church members together in the church location.

In church-based class formats, a church gathers a group of individual members together for the same course. They meet together at a designated time, all view the lectures together, participate in interactive material discussions, etc. Individually, they study, take tests online, submit homework, download course materials, etc., all delivered over a user-friendly Master’s College designed website specifically for each class. We invite you to inquire about this program for more information and/or demonstrations. You can contact the DEEP offices at 1-800-515-3222 or tmcdeep@masters.edu.

## MASTER OF ARTS DEGREE
TMC offers Master of Arts degrees in:
- Biblical Counseling (MABC)
- Biblical Studies (MABS)
- Education (MAE)

See the Graduate Programs section of this catalog. Prospective applicants may request further information from the Graduate Programs Enrollment Counselor by calling 1-800-568-6248, extension 3034 for MABC, extension 3039 for MABS, or extension 3205 for MAE.

## THE MASTER’S SEMINARY
The Master’s Seminary exists to advance the kingdom of the Lord Jesus Christ by equipping godly men to be pastors and/or trainers of pastors for excellence in service to Christ in strategic fields of Christian ministry. This is to be accomplished through an educational program and an environment of spiritual fellowship and relationships that emphasize unreserved commitment to the worship of God, submission to the authority of the Scriptures, a life of personal holiness, the priority of the local church and the mission of penetrating the world with the Truth.

The Master’s Seminary offers six degree programs:
- Master of Divinity (M.Div.)
- Bachelor of Theology (Th.B.)
- Diploma of Theology (Dip.Th.)
- Master of Theology (Th.M.)
- Doctor of Theology (Th.D.)
- Doctor of Ministry (D.Min.)

The Master’s Seminary is located on the campus of Grace Community Church in Sun Valley, California.
Prospective applicants may request further information by calling The Master’s Seminary Office of Admissions at 1-800-CALL-TMS.

**COOPERATIVE PROGRAMS**

The Master’s College cooperative study programs provide students with numerous opportunities for off-campus learning experiences locally, nationally and internationally.

In addition to TMC’s own Israel Bible Extension (IBEX), students benefit from the college’s membership in the Council for Christian Colleges and Universities, which provides for off-campus learning opportunities.

**American Studies Program (ASP)** Founded in 1976, the American Studies Program has served hundreds of students as a “Washington, D.C. campus.” ASP uses Washington as a stimulating educational laboratory where collegians gain hands-on experience with an internship in their chosen field. Internships are tailored to fit the students’ talents and aspirations and are available in a wide range of fields. Participants also explore pressing national and international issues in public policy seminars that are issue-oriented, interdisciplinary, and led by ASP faculty and Washington professionals. The ASP bridges classroom and marketplace, combining biblical reflection, policy analysis and real-world experience. Students are exposed to on-the-job learning that helps them build for their futures and gain perspective on the calling of God for their lives. They are challenged in a rigorous course of study to discover for themselves the meaning of Christ’s lordship in putting their beliefs into practice. The aim of the program is to help Council schools prepare their students to live faithfully in contemporary society as followers of Christ. Students earn 16 semester hours of credit. This program is sponsored by The Master’s College & Seminary.

**Au Sable Institute of Environmental Studies** Students at The Master’s College are eligible to take courses in environmental field studies through the Au Sable Institute. This Christian organization offers college-level courses at campuses in Michigan (Great Lakes); Whidbey Island in Puget Sound, Washington; Tangier Island, Virginia; Tamil Nadu, South Africa; and Kenya, Africa during January and in the summer. The four-unit course offerings include Marine Stewardships, Plant Ecology and Aquatic Biology among others. The students register at The Master’s College for LS348 Biological Field Studies and take the course at the respective campus. The Institute also offers a Stewardship Ecologist Certificate, Naturalist Certificate and Land Resources Analyst Certificate. Several fellowships and scholarships are available through the Institute. Contact Dr. Dennis Englin, the Au Sable campus representative, about current offerings and registration procedures. Students earn 4 semester hours of credit. This program is sponsored by The Master’s College & Seminary.

**Australia Studies Centre (ASC)** The Australia Studies Centre is a cultural studies program with an arts emphasis, based in Sydney, Australia. Designed to provide undergraduates of all majors and career interests with opportunities to participate in Sydney’s art culture, the program also educates students in indigenous affairs and Australia’s involvement in world issues. From art and ministry to drama and dance, students attending ASC have every opportunity to pursue their passions and interests with other Christians from around North America and the world even as they compare and contrast the Australia of myths and movies with the realities of everyday life. Students participate in service projects and live in homestays with local Christian families to help them encounter the Australia the tourists never see. Throughout this process, ASC students engage Australia’s indigenous people and learn about the challenges that exist for those who aren’t part of “white Australia.” This program is sponsored by The Master’s College & Seminary.

**China Studies Program (CSP)** The China Studies Program enables students to engage this ancient and intriguing country from the inside. While living in and experiencing Chinese civilization firsthand, students participate in seminar courses on the historical, cultural, religious, geographic and economic realities of this strategic and populous nation. In addition to the study of standard Chinese language, students are given
opportunities such as assisting Chinese students learning English or working in an orphanage, allowing for one-on-one interaction. Students choose between completing a broad Chinese Studies concentration or a Business Concentration including an internship in an international business in Shanghai. The program introduces students to the diversity of China, including Beijing, Shanghai, Xi’an and Xiamen. This interdisciplinary, cross-cultural program enables students to deal with this increasingly important part of the world in an informed, Christ-centered way. Students earn 16-17 semester hours of credit. 

**Contemporary Music Center (CMC)**

The Contemporary Music Center provides students the opportunity to live and work in community while seeking to understand how God will have them integrate music, faith and business. Both interdisciplinary and multidisciplinary in nature, the CMC offers two tracks: the Artist Track and the Executive Track. The Artist Track is tailored to students considering careers as vocalists, musicians, songwriters, recording artists, performers, producers and recording engineers. The Executive Track is designed for business, arts management, marketing, communications and related majors interested in possible careers as artist managers, agents, record company executives, music publishers, concert promoters and entertainment industry entrepreneurs. Both Artist and Executive Track students receive instruction, experience and a uniquely Christian perspective on creativity and the marketplace, while working together to create and market a recording of original music. Both tracks include course work, labs, directed study and a practicum. Students earn 16 semester hours of credit. This program is sponsored by The Master’s College & Seminary.

**Israel Bible EXTension (IBEX)** This 15-week semester abroad program is a high quality educational opportunity in Israel for students who wish to enhance their knowledge of the Bible’s historical, archaeological and geographic background. Classroom lectures are integrated with extensive field trips. Together, these will expose the student to every corner of the land and to every period of the history of the people of that land. The student’s educational experience, as well as his/her personal maturation, will be significantly enhanced by the cross-cultural experience which the semester provides. Students must apply for this program, be in reasonable physical condition and free of medical limitations, and must have completed Old Testament Survey I prior to participation. For information on IBEX, see the IBEX pages within the Biblical Studies section of this catalog and/or contact the IBEX Office at 1-800-568-6248. This program is sponsored by The Master’s College & Seminary.

**Latin American Studies Program (LASP)** Students of CCCU colleges have the opportunity to live and learn in Latin America through the Latin American Studies Program, based in San Jose, Costa Rica. The program introduces students to a wide range of experiences through the study of the language, literature, culture, politics, history, economics, ecology and religion of the region. Living with a Costa Rican family, students experience and become a part of the day-to-day lives of typical Latin Americans. Students also take part in a service opportunity and travel for three weeks to nearby Central American nations. Students participate in one of four concentrations: Latin American Studies (offered both fall and spring terms); Advanced Language and Literature (designed for Spanish majors and offered both fall and spring terms); International Business: Management and Marketing (offered only in fall terms); and Environmental Science (offered only during spring terms). Students in all concentrations earn 16-18 semester credits. This program is sponsored by The Master’s College & Seminary.

**Los Angeles Film Studies Center (LAFSC)**

Founded in 1991, the Los Angeles Film Studies Center is designed to train students to serve in various aspects of the film industry with both professional skill and Christian integrity. Each semester, students live, learn and work in L.A. The curriculum consists of two required seminars, Hollywood Production Workshop and Theology in Hollywood, focusing on the role of film in culture and the relationship of faith to work in this very influential industry. In addition, students choose one elective course from a variety of offerings in film studies. Internships in various segments of the film industry provide students with hands-on experience. The combination of the internship and seminars allow students to explore the film industry within a Christian context and from a liberal arts perspective. Students earn 16 semester hours of credit, 6 from the internship and 10 from seminar study. This program is sponsored by The Master’s College & Seminary.
Middle East Studies Program (MESP) This program, based in Cairo, Egypt, allows Council students to explore and interact with the complex and strategic world of the modern Middle East. The interdisciplinary seminars give students the opportunity to explore the diverse religious, social, cultural and political traditions of Middle Eastern peoples. Students study the Arabic language and work as volunteers with various organizations in Cairo. Through travel to Israel, Palestine, Lebanon, Jordan, Syria, and Turkey, students are exposed to the diversity and dynamism of the region. At a time of tension and change in the Middle East, MESP encourages and equips students to relate to the Muslim world in an informed, constructive, and Christ-centered manner. Students earn 16 semester hours of credit. This program is sponsored by The Master’s College & Seminary.

Russian Studies Program (RSP) RSP students are exposed to the depth and diversity of the culture during a semester spent in Russia’s three largest cities: Moscow, St. Petersburg and Nizhni Novgorod. In addition to three seminar courses entitled History and Sociology of Religion in Russia; Russian Peoples, Cultures and Literature; and Russia in Transition, students receive instruction in the Russian language, choosing either 4 or 6 semester hours of language coursework. For those choosing 4 hours of Russian, a seminar course, International Relations and Business in Russia, is available. RSP strives to give students as wide an experience as possible in this complex nation. Students spend time in Moscow, the heart of both medieval and modern Russia. Students also spend 12 weeks in Nizhni Novgorod, a strategic city on the Volga River. After six weeks of language instruction, students live with a Russian family for the remainder of their stay in this city. Students participate in a service opportunity in Nizhni Novgorod. The program also includes time in the complex and intriguing city of St. Petersburg, the Russian “window to the West.” Students earn 16 semester hours of credit. This program is sponsored by The Master’s College & Seminary.

The Scholars’ Semester in Oxford (SSO) SSO is designed for students interested in doing intensive scholarship in this historic seat of learning. Working with academic tutors, students hone their skills and delve into the areas that interest them most. As Visiting Students of Oxford University and members of Wycliffe Hall, students have the privilege to study and learn in one of university’s historic halls. SSO students enroll in a Primary and Secondary Tutorial, an Integrative Seminar, and the course Christianity and Cultures. The SSO is designed for students interested in the fields of Classics, English and Literature, Theology & Religious Studies, Philosophy, and History, though all majors may apply. Applicants are generally honors and other very high-achieving students. Students earn 17 semester hours of credit. This program is sponsored by The Master’s College & Seminary.

Uganda Studies Program (USP) Winston Churchill is credited with nicknaming Uganda the “Pearl of Africa,” and many visitors since his time have come to agree with him. The USP offers students a very personal encounter with this African success story, which has become an economic and public health model in its region. Another success story, Uganda Christian University (UCU), serves as the base of study for students in the USP. Set on the outskirts of the capital city Kampala, this rapidly growing institution brings USP students together with the UCU Honours College. Courses taught by local faculty in the English tutorial tradition will immerse students in a uniquely African education. Topics such as Christianity and Islam in Contemporary Africa, African Literature and East African History will present many insights into African life because of the guidance of faculty who live in and love Uganda and East Africa. Home stays, travel, service learning and daily interaction Honours College students form the backbone of the USP experience. In addition to the core experiential course, students will choose from an approved selection of courses from the UCU Honours College to earn up to 16 hours of credit. This program is sponsored by The Master’s College & Seminary.

Washington Journalism Center (WJC) The Washington Journalism Center (WJC) is a semester long study program in Washington DC, created for students interested in the field of journalism. While in Washington students will take classes focusing on the history and future of the media and how it relates to the public as well as to their personal writing skills. These classes- Foundations for Media Involvement; Reporting in Washington; and Washington, News and Public Discourse—combined with an internship at a top news publication will help students learn to integrate their faith in a journalism career. Students will also participate in service learning opportunities as well as live with families in home stays as part of the WJC experience. This program is sponsored by The Master’s College & Seminary.
SUMMER PROGRAMS

Oxford Summer Programme (OSP) The Oxford Summer Programme (OSP) is a program of the Council for Christian Colleges & Universities and Wycliffe Hall, Oxford. The program is designed for students wishing to gain a more comprehensive understanding of the relationship between Christianity and the development of the West and who wish to do specialized work under expert Oxford academics in the areas of History, Religious Studies, Political Theory, Philosophy, English, and History of Science. The Programme is structured for rising college sophomores, juniors and seniors; graduate and seminary students; non-traditional students; teachers and those enrolled in continuing-education programs. This program is sponsored by The Master’s College & Seminary.
The Master’s College has developed one of the strongest Biblical Studies programs anywhere in the United States. The Department of Biblical Studies stresses the understanding, interpretation, and application of biblical literature. The biblical material is studied in light of its original historical environment so that an authentically biblical understanding can be applied to the theological and cultural issues of the modern age. The department attempts to assist all students in developing a biblical worldview in which the principles and norms derived from the Word of God are applied to the whole of life. Spiritual values are emphasized so that practical spiritual growth is experienced along with academic achievement.

The Department of Biblical Studies provides guidance for the effective preparation for ministries of teachers, missionaries, church leaders, and other ministering personnel. In addition to the intensive, one-year Institute program and the certificate in TESOL described below, there are seven baccalaureate emphases offered. Each of these emphases is designed to prepare students for graduate and professional study of the Word, as well as for support ministries in churches and in other Christian organizations.

CERTIFICATE PROGRAMS:

The Master’s Institute Certificate
The Master's Institute is a one-year, intensive Bible training program designed to aid the church in “equipping the saints” by providing students with a solid foundation in the Word of God. The program consists of 32 units of Bible courses and upon completion a certificate in Biblical Studies will be awarded. The required courses for The Master's Institute Certificate are listed below:

B101,102 Old Testament Survey I,II ........... 3,3

BACCALAUREATE PROGRAMS:

Each major and/or emphasis is overseen by one or more of the Bible faculty, as listed in parentheses below:

Bible General (Tom Halstead)
The Bible General emphasis is specifically designed for those students who want to major in Biblical Studies but are not certain about a specific emphasis, or they would like to take several courses in a number of emphases in order to be more well-rounded generally. While not specifically designed for graduate school, taking certain courses within this emphasis will certainly be helpful in graduate school or seminary.

Bible Exposition (Steven Boyd, Dennis Hutchison, Will Varner, & Daniel Wong)
The Bible Exposition emphasis is a study of the Word of God in its entirety, and is specifically designed for those who desire to serve in Christian ministry or for those who plan to go on for graduate school, taking certain courses within this emphasis will certainly be helpful in graduate school or seminary.

Biblical Counseling (Ernest Baker, Robert Somerville & John Street)
This emphasis consists of a study of the principles and aspects of biblical counseling, and is designed to prepare God’s people to meet counseling-related needs wherever they exist with the sufficient and superior resources God provides. The course of
study trains students to counsel people in the local church. It emphasizes the proper interpretation and specific application of Scripture in ministering to people.

**Biblical Languages** *(Steven Boyd, Dennis Hutchison & Will Varner)*
The Biblical Languages emphasis consists of three years of Biblical Greek and one year of Hebrew, and is designed primarily for those desiring graduate work, either in seminary or in languages and Bible translation.

**Christian Education** *(Greg Beble)*
The Christian Education emphasis examines the concepts of Christian education, including youth. It is designed for those students who desire to enter the educational program of the local church, primary junior high, high school, or college. It is also valuable for that student who desires the mission field, Christian school, or the teaching ministry.

**Intercultural Studies** *(Alexander Granados & Lisa La George)*
This emphasis focuses on understanding cross-cultural ministry, and is specifically designed for those who desire to serve in a full-time cross-cultural capacity. Students will be required to study language, church planting, cultural anthropology, and missionary life while living on the mission field for one summer. Upon their return the student will serve in an ethnic church similar to the culture they desire to minister in.

**Theology** *(Brian Morley & Paul Thorsell)*
The Theology emphasis is a comprehensive study of theology in which students will not only focus their attention on systematic theology, but also be able to better understand Christianity in relation to other worldviews, religions, and philosophies. It is designed for those students who desire to further their education in seminary, and eventually serve in a pastoral or teaching capacity.

UNDERGRADUATE PROGRAMS

BIBLE EXPOSITION

B101, 102 Old Testament Survey I, II (3, 3)
An introduction to the entire Old Testament, employing both thematic and exegetical methods. Literary structure, historical background, and parallel passages are also utilized to discover the unique and priceless lessons of each book. The Fall semester surveys Genesis through Samuel, and the Spring semester covers Kings through Malachi.

B201, 202 New Testament Survey I, II (3, 3)
An introduction to the books of the New Testament, with special emphasis on the life, teachings, and redemptive work of Christ, the founding and growth of the church, and the teachings of the epistles and Revelation. On the basis of the biblical text, parallel readings, projects and lectures, the events and messages of the New Testament will be portrayed against their historical and cultural setting. The Fall semester surveys the Gospels and Acts, while the Spring semester is devoted to the Epistles and Revelation.

B211 Biblical Fundamentals (1)
This course focuses on presentation of a biblical foundation and framework relating to origins, worldview, regeneration, sanctification, worship, the church and missions. In addition, the presentation of practical study skills, such as research and writing, will enable students to effectively complete their first college assignments. This uniquely designed course integrates new students into alumni, faculty or staff-led mentor groups. Practical guidance for issues related to student success will be provided by these mentors assuring students a positive adjustment to college life.

B306 Genesis (3)
A systematic study of the Book of Beginnings in which problem areas are studied, introductory materials are given, the best English texts are analyzed verse by verse and devotional application is made.

B313 The Gospel of John (3)
An expository treatment of this important Gospel for the purpose of bringing out the great message of the book. Special attention is given to theological and Christological content, along with practical truths.

B314 1 & 2 Corinthians (3)
The sequence of thought as well as the major problems in these books are carefully examined with special emphasis on how the books intersect with our personal and corporate Christian experience.

B335 Daniel & Revelation (3)
An introduction and detailed study of the books with special attention given to the eschatological significance of their messages.

B340 Biblical Interpretation (3)
An analysis of how to study and understand Scripture. Emphasis will be placed on the vital methods used to apply a passage, and the specific rules used to interpret biblical narratives, poetry, parables and prophecy.

B342 Romans (3)
An analysis emphasizing the great soteriological themes, including sin, justification, sanctification, glorification and an investigation of the practical implication of these doctrines.

B345 Intertestamental Period (3)
A survey of the historical movements and events in Judea from 400 BC to AD 70 that serve as the background for the New Testament. The literature (apocryphal books, Dead Sea Scrolls), institutions (synagogue, Sanhedrin, temple) and religious sects (Pharisees, Sadducees, Essenes, etc.) will be closely examined. Finally, the Hellenistic, Roman, and Jewish political rulers will be surveyed to understand better the context in which the early Christian events took place.

B346 Life of Christ (3)
A thorough overview of the life of Jesus Christ on earth, with special attention to the developing emphases and distinctive purposes that prevailed during our Lord’s public ministry. Theological and chronological difficulties are also considered.

B347 The Epistles of John (3)
A study of the importance of John’s epistles in the historical framework of the early church, giving special attention to the polemic nature of the epistles as well as to the practical instructions contained in them.

B350 Principles of Personal Bible Study (3)
An overview of principles of inductive Bible study and the application of those principles to a book of the New Testament, to a topical study and to a biographical character study. In each of these aspects of study there is an emphasis on life change and spiritual growth in knowing God more deeply through His Word. Prerequisite: For women only.

B357 Bible Backgrounds (3)
A study of the geography of the land of Israel, including Old Testament, New Testament and modern geography; a survey of the post-biblical history of the land; and an
overview of the distinctive elements of Hebrew culture which are deemed necessary to a proper understanding of the Scriptures themselves.

B364 History of Ancient Israel (3)
A careful study of the history of the people and nation of Israel, from Abraham through the restoration period. Special attention is given to the relationship of Old Testament prophetic and wisdom literature to that historical narrative.

B367 Psalms (3)
The five major sections of this book are analyzed and interpreted for their literary features and studied for their spiritual and doctrinal contribution.

B368 Proverbs (3)
A study of the wisdom of Solomon and its applicability for our spiritual and doctrinal growth. Such topics as wisdom, the fool, friendship, family, life and death and the sluggard will be covered.

B377 Prison Epistles (3)
A study of the messages of Philippians, Ephesians, Colossians and Philemon in light of their historical setting so as to understand their doctrinal content and practical application.

B387 The General Epistles (3)
A study of the non-Pauline epistles, with the exception of Hebrews and Revelation, with special emphasis on the doctrine and practical implications of these books.

B388 Peter & Jude (3)
A study of the messages of these three books, with special attention given to the topics of suffering and apostasy.

B397 Pastoral Epistles (3)
An intensive study of 1 and 2 Timothy and Titus; with attention given to critical problems in addition to doctrinal and spiritual content.

B398 Job (3)
An intensive study of this book with special attention given to the issue of God's sovereignty and man's suffering.

B407 Isaiah (3)
A study of the message of this book with special attention given to its historical and eschatological significance.

B408 Jeremiah (3)
A study of the message of this book with special attention given to its historical and eschatological significance.

B417 Hebrews (3)
An introduction to the epistle with special attention given to a study of its sequence of thought and exhortation.

B418 Galatians (3)
An analysis and exposition of Galatians, with special attention given to questions concerning justification and sanctification by faith according to the principle of grace, as well as other theological, chronological, and interpretive difficulties of this book. Relevant practical issues are also evaluated.

B437 Advanced Hermeneutics (3)
This course assumes that the student already understands and can apply the basic principles of hermeneutics in their study of the written Word of God. The course will cover the history of hermeneutics in the Church, philosophical and literary issues relating to hermeneutics and the use of the Old Testament in the New Testament. Prerequisite: B340.

B447 Old Testament Minor Prophets (3)
A study of the backgrounds and messages of these twelve prophets with particular emphasis on the eschatological significance of their messages.

B467 1 & 2 Thessalonians (3)
A study of 1 and 2 Thessalonians with special emphasis on the eschatological sections of the books.

B488 Old Testament Area Study (2)
A concentrated area of study of the Old Testament, which may include a topic, a book or a specialized area.

A concentrated area of study of the New Testament, which may include a topic, a book or a specialized area.

BIBLICAL COUNSELING

BC300 Introduction to Biblical Counseling (3)
A general introduction to basic concepts and distinctive features of biblical counseling. Students will discuss what biblical counseling is and what it involves, the role of the counselor in biblical counseling, the different kinds of counseling that are needed, the place of counseling in the
ministry of the church, how biblical counseling theory and practice relate to and differ from some of the more common secular models and theories. Part of the course will involve a personal improvement project in which the student will evaluate his/her own counseling qualifications, design a plan for improving some area of his/her life, put that plan into action and then evaluate his/her progress as the course draws to a close.

**BC309 Christian Life Issues (3)**

This course is designed to help people understand the following: the true nature of the Christian life from its beginning with regeneration to its completion when we enter heaven; the context in which our lives and experiences as Christians take place; the gospel foundation for all Christian obedience; the deceptive character of sin; the manner and ways we are sinned against; the procedure for building a biblical framework for defining and dealing with sin-our own and others'; the biblical function and the purpose of the church; and the manner in which some people who call themselves Christians erroneously view the Christian life.

**BC311 Theological Basis of Biblical Counseling (3)**

A consideration of the theological realities that form the basis of a proper approach to counseling. Special emphasis is given to the nature of God and of man (fallen and unfallen), a biblical definition of the image of God, the nature of sin, the realities of regeneration and progressive sanctification, the concept of “the flesh” (old man/new man), an understanding of the heart/mind as used in Scripture and the place of the local church in the ministry of counseling.

**BC330 Methods of Biblical Change (3)**

An overview of the counseling process presenting a comprehensive methodological model for promoting biblical change in people; the goal is to encourage biblical thinking and procedures in the process of helping people. *Prerequisite: BC300.*

**BC340 Marriage & Family (3)**

Marriage and family problems are present in the majority of counseling cases. This course will give an overview of general marriage and family counseling issues relating to the content and process of counseling. It will then proceed to specifically deal (from a biblical perspective) with the major difficulties that troubled marriages and families experience. Included in the course are discussions of the biblical basis and purposes of marriage, family stages, in-law problems, developing unity, husband/wife roles and responsibilities, correcting communication problems, why conflicts arise and how to resolve them. The fall course will be for Counseling majors only, while the spring course will be for everyone.

**BC341 Women Discipling Women (3)**

This course provides basic training in developing and maintaining a women’s ministry within the local church. Topics include the priority of discipleship, a biblical definition of discipleship and training in the “how to’s” of discipleship. *Prerequisite: For women only.*

**BC362 Biblical Conflict Resolution (2)**

This course is designed to help the student think biblically about conflict and how to respond to life’s conflicts in a way that glorifies the Lord (1 Cor 10:31). In particular, the student will be taught a model and a plan for how to think about struggles in relationships and evaluate their own typical patterns of response. These principles apply to business and the church, but there will be a special focus on handling marriage difficulties.

**BC391 Counseling & the Book of Ecclesiastes (3)**

This course is designed to help the counselor to work with individuals who are struggling with materialistic cosmology.

**BC399 Counseling and the Book of Proverbs (3)**

This course is an expositional study of Proverbs with special emphasis on its relevance to counseling.

**BC406 Theoretical Constructs of Psychology (3)**

This course is designed to critically analyze secular and evangelical integrationist theories of psychotherapy. It will probe the anthropological presuppositions of treatment theory and seek to bring a thoroughly biblical critique to their foundational assumptions as well as methodology. Issues like theories of the subconscious, psychoanalytic approaches to personality, establishing norms, psychological testing, making the distinction between the normal and abnormal, major and mood disorders, schizophrenia and multiple personality disorders are among the psychological constructs and their popular theoreticians that will be explored. *Prerequisite: BC300 or BE100 taken at TMC.*

**BC421, 422 Problems & Procedures I, II (3, 2)**

These courses are designed to apply the biblical principles taught in the Methods of Biblical Change course (BC330) to a range of specific counseling problems. Topics discussed include anger, fear, depression, sexual deviancy, anxiety, eating disorders, decision making, one’s past, self-concept, various syndromes, ADHD and crisis counseling. During the second semester of this course, each student will be part of a team that will develop and present to the class a detailed biblical counseling outline for a teacher-approved counseling problem. *Prerequisite: BC300, BC330.*

**BC431, 432 Counseling Practicum I, II (2, 2)**

These courses are designed to consider the practical application of the principles of biblical counseling and the various methodological aspects of the counseling process.
These courses will include student participation in counseling as counselors, counselees and observers. These activities will form the basis of seminar discussions where counseling will be analyzed from a biblical perspective. The goal of these courses is to help the student learn, evaluate and sharpen practical counseling skills. Prerequisites: BC300, BC330.

BC438 Cross-Cultural Counseling (3)
This course is an exploratory study of biblical counseling in diverse cultural settings with a particular emphasis on equipping the Christian who seeks to counsel people of a culture different from his/her own.

BC447 Counseling & Youth (2)
This course is designed to help the student to understand the intense and frequent problems of young people. A thoroughly biblical understanding of young people and their problems, and a functional approach to counseling youth will be presented.

BIBLICAL LANGUAGES

BL301, 302 Elementary Greek I, II (4, 4)
Designed for beginners in Greek and includes a thorough study of the pronunciation and acquisition of a working vocabulary; exercises in translation from Greek to English as well as from English to Greek. Translation of selected passages of the Greek New Testament.

credentialing process, seminary and graduate school preparation, ministry candidating, career placement and the senior competency examination. Prerequisite: Senior status.

**BCE407 History of Christian Higher Education (3)**
An analysis of the historical development of Christian higher education from the rise of the Medieval universities to the modern period. Attention is given to emergence and formation of Christian higher education in the United States, the impact of nineteenth-century educational developments within higher education, and the role of the fundamentalist controversies upon the modern situation. Additional discussion is given to the formation of a philosophy of Christian higher education and the role of the Church in academic ministries.

**BCE408 Adventure-Based Education (3)**
A seminar on the nature of adventure-based learning with attention given to the history and philosophy of adventure-based education programs, and exploration of experiential learning theory, organization and logistics, programming, equipment selection and care and the application of adventure-based education to Christian education ministries.

**BCE437 Home Schooling (3)**
A seminar on the home-school movement and home-based education, including an exploration of competing philosophies of home education, legal issues, curriculum development, learning assessment and the role of the home in the educational process.

**CHURCH HISTORY**

**BCH315 Medieval Europe (3)**
A broadly cultural history of Western Europe from the fall of Rome through the High Middle Ages (AD 300 to 1300). Topics covered include: collapse of Rome, Byzantium, the great church councils, rise of Islam, Charlemagne, monasticism, the Crusades, papacy vs. empire, feudal society, and the rise of towns, universities and monarchies. Same as H315.

**BCH365 History of the Church (3)**
A survey of personalities and issues in church history from the first century to the present. The course includes discussions of the church fathers, major councils, the Reformation and key church leaders over the last two thousand years. Same as H365.

**BCH366 History of the Early Church (3)**
A historical study of the life and thought of early Christianity as it developed within the political and cultural context of the Roman world.

**BCH377 Early Christian Literature (3)**
The purpose of the course is to examine the earliest non-canonical literature of the Christian Church with a view to comparing and contrasting it with the canonical New Testament and to discover what it reveals to us about the nature of the developing Church. Another purpose is to discover the emerging doctrines and practices that eventually became part of accepted Christian worship and practice.

**BCH408 Puritanism (3)**
This course provides an undergraduate survey of the Puritan movement from its origins in England through the establishment of the American colonies in New England. Attention is given to the historical, theological, cultural and educational contributions of the Puritans.

**BCH464 The Reformation Era, 1500-1648 (3)**
A study of the historical/theological development of the Reformation and post-Reformation period through Calvin. Other areas of the Reformation not covered in class lectures are pursued through research papers and class discussion. Same as H464.

**BCH485, 486 U.S. Church History I, II (3, 3)**
The first semester is a historical survey of American Protestantism as it sought to develop and mold a “Christian America.” The period emphasized is from the First Great Awakening to the Civil War. The second semester begins with the post-Civil War church and charts the course of American Protestantism from its perceived height of unity to its shattered ending in the modernist/fundamentalist controversy, and concludes with the rebuilding of modern evangelism beginning in the 1930s. Same as H485, 486.

**BCH498 Church History Area Study (2)**
A concentrated study in church history, which may include a period of time or a specialized topic.

**INTERCULTURAL STUDIES**

**BMS301 Introduction to Missions (3)**
A general introduction to the principles and practices in Christian missions, surveying the biblical basis of missions, the missionary call, the missionary life and work, mission boards and the mission program of the church.

**BMS303 History & Theory of Missions (3)**
A study of the background, origin and expansion of the Christian church, with attention to the people and dynamics which have contributed to its growth.

**BMS304 Biblical Method of Missions (3)**
A study concentrating on the Pauline missionary method in Acts and the epistles, the indigenous principle and some evaluation of contemporary missionary strategy.
BMS307 Discipleship Lab (1)
Students will meet weekly with the college’s missionary in residence for the purpose of exploring the following issues: calling to missions, working with the sending church, family issues and missions, and spiritual preparation for missions work. The role of prayer in missions will be central to the lab experience.

BMS311 Introduction to Urban Ministry (3)
This course is designed to acquaint students with the dynamics of inner city ministry by developing a biblical theology of church ministry, investigating how principles of missions are implemented in urban churches within the greater Los Angeles area and evaluating the effectiveness of urban ministries which emphasizes an Incarnational model of ministry. Students will be required to complete a semester-long, field-based internship to receive credit for this course.

BMS312 Preparation for Global Outreach (3)
A practical training course focusing on the preparation of those students participating in the summer missions program. Topics include cross-cultural ministry, dealing with culture shock, evangelism, travel requirements and a specific country study (economics, history, traditions, politics, and ministries). This course may only be taken one time.

BMS317 Cross-Cultural Communication (3)
A study of the dynamics of communication and leadership in working effectively across cultures. Emphasizes the importance of understanding the world view of both the source culture and the receptor culture. Includes a treatment of diverse perceptions, values, means of expression, logic and linguistic difficulties.

BMS327 The Local Church & Missions (3)
A study of the place of the local church in missions, principles and methods of building missionary churches and the relationship of mission societies to the local church.

BMS332 Church Planting in a Developing World (3)
This course will explore the unique evangelistic and discipleship strategies utilized in planting an indigenous church among tribal peoples. Topics covered will include the Chronological Teaching method, language acquisition, Bible translation, and leadership development in an animistic content.

BMS336 Cross-Cultural Church Planting (3)
Consideration of the biblical mandates given for establishing God’s church among the ethne will provide the framework for this course. Particular topics investigated will include recognizing the unique characteristics of a culture, consideration of unexpected opportunities and obstacles to establishing a nationally led church, the process of evangelism, discipleship and raising up of national leadership.

BMS338 Cross-Cultural Evangelism (3)
This course will provide each student with a framework for understanding the communication dynamics of ministering among a foreign people group. Emphasis will be placed on cross-cultural communication skills and transference of Gospel principles to followers of a false religion. This is an essential course for those interested in international outreach.

BMS346 Cultural Anthropology (3)
This course is an introduction to cultural anthropology to assist students in developing the skills to personally acquire an accurate understanding of various cultures through exposure to field methods of studying, describing, analyzing, and applying culture. Subject matter will be addressed from a biblical worldview to understand and discern the process of culture research and personal communication in another culture. Some of the topics to be addressed will include language, kinship, relationships, daily life patterns, education, and rituals.

BMS348 Personal Health Maintenance Abroad (2)
Preparation for living overseas, with emphasis on healthy lifestyle, prevention of disease, mental and spiritual burnout and personal care in places where no medical service is available.

BMS354 Ministry to the Urban Poor (3)
This course is designed to examine contemporary global concerns of inhabitants in the city for community development, economics, education, employment, health, housing, justice and politics. Special emphasis is given to developing ministry strategies to empower residents of the city.

BMS355DS Language Acquisition for Missionaries (3)
This course will apply the principles and techniques of language acquisition most often used in preparing those ministering in a cross-cultural setting. The emphasis is placed upon learning the language by immersion while living in a foreign language context. The aim is to develop the student’s proficiency in conversation skills and speaking capabilities in the language that they may use as a future missionary.

BMS385 World Religions (3)
A study of major non-Christian religious systems in the world. The claims of each will be compared with the absolute truth and adequacy of biblical faith.
BMS397 Missionary Biography (3)
The course will require extensive reading and evaluation of selected biographies of great missionaries such as Carey, Brainard, Judson, Moffat and Goforth. Missionary methods will be compared and evaluated.

BMS398DS Missionary Lab (3)
The student will be formally mentored and evaluated by a missionary currently working among the student’s target people group, resulting in a final assessment of strengths and weaknesses, and a formal recommendation for future missionary work. Students will actively participate in those activities related to the management of a missionary home, such as, parenting, educating children, hospitality, business and government interactions, and community relations.

BMS483 Religions of America (3)
A study of the most prominent modern religions native to America, with particular reference to their historical backgrounds and doctrinal positions.

BMS491, 492 Missions Leader Training I, II (2, 2)
A seminar only for those students leading summer mission trips, and may be taken for credit, two units in the fall semester and two units in the spring. Subject to approval by the Vice President for Student Affairs, and the Chair of the Biblical Studies Department.

BMS495, 496 Ethnic Church Internship I, II (2, 2)
Students having completed the field-based semester will identify an ethnic church that reflects a similar culture and language of the target culture they intend to minister to in the future. A minimum of two hours per week involvement in an assigned ministry under the oversight of the pastor is required. Students must attend the Sunday services of this church, making every attempt to participate in congregational life. This is a two semester requirement.

BMS498 Missions Area Study (2)
A concentrated area study dealing with both historical and contemporary developments in political, economic, cultural and religious life as well as missionary endeavors. The student may select a nation to study from the following areas: Africa, Asia, South America, Europe and Central America.

BMN300 Ministry Internship (2)
Supervised on-site instruction in the field of some aspect of Church Ministry for a maximum of two semesters (1 unit per semester). This course is graded: credit/no-credit.

BMN307 Dynamics of Spiritual Life (3)
Issues that will be considered in this course include how to understand the true nature of the Christian life, the context within which our lives and experiences take place; the nature of faith and idolatry as ruling “voices” motivating and controlling behavior; how to understand and respond to being sinned against; building a biblical framework for defining and dealing with sin - our own and others’; the deceptive character of sin; the gospel foundation for all obedience; some alternative views of the Christian life; the biblical function and purpose of the church and the role of each Christian in the church.

BMN310 Message Preparation for Women (3)
Training for women in preparation, organization and delivery of personal testimonies, devotional and women’s Bible studies. The course will aid female students preparing for women’s ministry or youth ministry. Each student will have opportunities to speak before the class and receive evaluations by the instructor and other students. Prerequisite: For women only

BMN317 Training in Women’s Ministry (3)
This course provides basic training in how to develop a women’s ministry in a local church. Topics include the biblical foundation for such a ministry from Titus 2:3-5, qualifications and preparation of leaders (Titus 2:3 and 1 Timothy 3:11), how to lead a small group, how to teach a Bible study, planning retreats and other events, counseling, admonishing, discipleship and how to lead a working committee. Prerequisite: For women only

BMN322 Women’s Issues (3)
An issue is defined as a controversy, matter of dispute, unsettled matter, and it is an ongoing action. This class will discuss topics having a clear decisive relevance to issues facing women today. It will examine values/beliefs, depression, emotions, addictions, abuse, eating disorders, divorce, communication, transitions, abortion, adoption, disabilities, and Church counseling. Prerequisite: For women only

BMN333 Hymnology & Worship (3)
This course will cover the historical aspects and trends of worship to the present; a historical development of the hymn: Greek, Latin, hymns of the Reformation, English, and American; modern trends in hymn-writing; the gospel hymn; standards for analysis and evaluation of hymns and tunes; evaluation of hymnals; hymns in the devotional life of the Church.

BMN370 Sermon Preparation & Delivery (3)
An investigation of the biblical idea of preaching and instruction in the principles and practices of sermonic analysis and structure. Opportunity is afforded each student
BTH321 Christian Theology I (3)
A survey of Christian theology in the areas of God (Theology Proper), the Bible (Bibliology), angels (Angelology) including Satan and demons, Christ (Christology), and the Holy Spirit (Pneumatology).

BTH322 Christian Theology II (3)
A survey of Christian theology in the areas of humanity (Anthropology), sin (Hamartiology), salvation (Soteriology), the church (Ecclesiology), and last things (Eschatology).

BTH323, 324 Historical Theology I, II (3, 3)
A study of the historical development of Christian theology throughout the ages, tracing the origin, development and growth of the doctrines of the church.

BTH327 New Testament Theology (3)

BTH328 Old Testament Theology (3)
A study of the distinctive viewpoints of each period of Old Testament history with respect to the major points of theology. It will be accomplished by means of exegesis and collation of passages independently of any philosophic system.

BTH335 Theology of Salvation (3)
An in-depth analysis of the doctrine of salvation, including the atonement, election, regeneration, justification, sanctification and perseverance.

BTH336 Theology of the Church (2)
An in-depth study of the origin, nature, purpose, ordinances, and government of the church with particular attention given to the various conceptions of the church in the history of theology. Key contemporary issues in ecclesiology will be examined with the intent of gaining biblically sound conclusions.

BTH337 Theology of God (2-3)
An in-depth study of the doctrine of God, including His existence, names, attributes and the Trinity.

BTH346 Theology of Man & Sin (3)
An in-depth study of the creation, characteristics, and composition of human nature, the origin and nature of sin, and contemporary issues in theological anthropology and hamartiology.

BTH347 Theology of Angels (2)
An in-depth study of the doctrine of angels, their origin, fall, present ministry and their future.

BTH357 Theology of Christ (2)
An in-depth study of the doctrine of Christ, including His birth, death, resurrection, deity and kenosis.

BTH367 Theology of the Scriptures (2)
An in-depth study of the doctrines of the Bible, including such issues as revelation, inspiration, inerrancy, preservation, canonicity, and translations/versions.

BTH377 Messianic Theology (3)
This course focuses on the Messianic idea as it developed in both the Old and New Testaments. The first half of the course will concern the “Messianic Promise of the Old Testament.” The course will examine the one promise of a coming deliverer and its various individual promises referred to as the Messianic Prophecies. It will seek to interact with the Jewish interpretation of these prophecies in post-biblical times down to the view of the Messiah in modern Judaism. The second part of the course will deal with the “Messianic Person in the New Testament.” The treatment of this subject will be largely a study of the different titles for Jesus, e.g., Son of God, Son of Man, Lord, Messiah, etc. The course could be described as “Christology from a biblical rather than a systematic theology perspective.”

BTH387 Theology of Paul (3)
An introduction to the theology of the Pauline letters. Methodological issues and the history of Pauline research
will be considered briefly before turning to consider the major aspects of Pauline thought. Particular focus will be given to the so-called “New Perspective” on Pauline theology and an appropriate evangelical response to this interpretive scheme.

**BTH413 Theological Systems (3)**
A study of the nature and methods of systematic theology, along with an examination of six historical theological systems: Roman Catholicism, Reformed Theology, Arminianism, Modernism, Neo-orthodoxy, and Dispensationalism. *Prerequisites: BTH321, BTH322.*

**BTH416 Contemporary Theology (3)**
A survey of developments leading to the rise of religious liberalism, and a critique of theological positions in the nineteenth and twentieth centuries, including Neo-Orthodoxy, Existentialism and radical theologies.

**BTH424 Theology Seminar (3)**
This course is designed to introduce the student to the practical utility of an evangelical theological method. Students will focus on contemporary trends and emphases in theology confronting the contemporary Christian church. *Prerequisites: BTH321, BTH322.*

**BTH428 Eschatological Interpretations (2)**
A study of the Scriptures bearing on the significance and temporal relations of the Rapture, the coming of Christ and the Millennium, with evaluation of the various positions of these events.

**BTH438 Roman Catholic Theology (3)**
A study of the key elements in the theology of the Roman Catholic Church focusing on theological developments beginning with the Tridentine settlement. Particular attention will be given to the Catholic Church’s response to modernism as seen in Ultramontanism and Vatican Council I, and the mitigation of this antimodernist response leading up to and after Vatican II.

**BTH448 Mormonism (3)**
An in-depth examination of the history, beliefs and practices of Mormon groups.

**BTH498 Theology Area Study (2)**
A concentrated study in theology, which may include a particular doctrine or passage.

**YOUTH MINISTRY**

**BYM321 Introduction to Youth Ministry (3)**
Designed to help the students understand the general condition of the youth culture in America. Basic elements of ministry in a church with a youth ministry will be considered, but not limited to, planning, budgeting, conflict resolution, staff relationships and parent relationships.

**BYM322 Youth Culture & Conflicts (3)**
Current trends, attitudes and sources of conflict within the youth culture of America will be analyzed. Emphasis will be placed on the development of biblical solutions to meet the needs caused by these conditions. Time will also be spent on understanding and working with parents.

**TESOL**

**ESL303 Introduction to Linguistics (3)**
This course is a survey of the linguistic principles of morphology, syntax, semantics, pragmatics, phonetics, phonology and sociolinguistics. Students will develop the basic skills needed for the linguistic analysis of languages.

**ESL311 Introduction to TESOL (3)**
This course is designed to introduce students to the foundations of Teaching English to Speakers of Other Languages in the United States and abroad. Language learning theory, teaching history and methodology, lesson planning and curriculum evaluation will be explored. Classroom observation and participation with ESL language students and teachers will be included.

**ESL322 Methodology (3)**
This practical course will give attention to the skills of teaching, speaking, listening, reading, and writing to novice, intermediate, and advanced students. It will include theoretical foundations, activity design and delivery, practice teaching in the learning classroom, ESL classroom observation, and participation with ESL students. *Prerequisite: ESL311.*

**ESL330 Community Lab (1)**
The community lab is designed to gain exposure to and experience in teaching English to Speakers of Other Languages. Students will be guided to observe ESL teachers and students in a variety of classroom settings as well as provide tutoring assistance for English learners.

**ESL351 Language & Language Acquisition (3)**
This course will explore the practical and theoretical structures of language. Attention will be given to the first and second language acquisition as they apply to English language teachers.

**ESL37 Program & Curriculum Design (2)**
This course will study the principles of planning, administering and assessing language programs. The students will design syllabi and instructional materials. Program observation, analysis, and simulations will be included. *Prerequisite: ESL311.*

**ESL492 Practicum (3)**
Students will be guided to locate a teaching setting, assess needs, and design materials as needed for the setting. The student will then complete 70-80 hours of ESL classroom teaching within 6-7 weeks with an acceptable degree of success. All ESL required classes must be completed prior to the teaching experience.

Israel Bible EXtension (IBEX)

The Israel Bible EXtension program, called “IBEX,” is The Master’s College (TMC) extension program in Israel. The IBEX program provides a unique laboratory experience, studying the Bible in the Land of the Bible. This semester abroad program consists of 13-16 credits and is crafted to meet select general education requirements. In addition to the semester-abroad program, other short term programs are available (see Cooperative Programs for details). For additional information, interested individuals can visit www.ibexsemester.com.

Location
Our extension campus is in the Jerusalem vicinity. Facilities include dormitory, cafeteria, library and lecture hall. Wireless access is available at the IBEX campus.

Cost
The price for a semester in Israel (including tuition, full board and field trip expenses) is the same as that of a TMC student living on the California campus. Students are charged for airfare.

Programs

- **Semester Abroad.** The Israel-Bible EXtension program, “IBEX,” is The Master’s College (TMC) extension program in Israel. IBEX is a full semester abroad program, which provides a quality educational opportunity for students who wish to enhance their knowledge of the geographical, historical, archaeological and cultural understanding of the land of Israel, both ancient and modern. Classroom lectures are integrated with frequent field trips; together, these expose the student to the land and to every period of the history of the people of that land. The student’s educational experience, as well as his or her personal maturation, is significantly enhanced by the cross-cultural experience which the semester-abroad program provides.

- **Short-term Programs.** Academic study trips (both bachelors and graduate level; 3 credits) are offered during the summer months and occasionally between regular semesters.

  “The world is a great book, of which they who never stir from home read only a page.”

Course Offerings at IBEX

IBEX300 The Land & the Bible (4)
A regionally based geographic study of the land of Israel with an emphasis on the biblical period. Attention is given to the inter-relationship of geography and geology to history and the subsequent development of civilization in the various regions. Regions studied include Judea, Samaria, Dead Sea, Jordan Rift, Galilee, Golan, Jezreel, Negev and the Coastal district. (Required of all semester IBEX participants) (IBEX 300 fulfills B365 requirement for TMC Bible Exposition emphasis.)

IBEX304 Historical Geography of the Bible (4)
An advanced seminar on historical aspects of biblical geography. This course examines the historical geography of the land of Israel with attention to regional structure and the development of communication lines. Emphasis is placed on historical aspects of site location including discussions of biblical and epigraphical documentation, archaeological evidences, and toponymy. Prerequisites: IBEX300 The Land & the Bible and previous IBEX semester experience.

IBEX307 Regional Studies—Israel (3)
A field-based seminar focusing on historical, geographical, cultural and archeological aspects of selected regions in the land of Israel designed to supplement those covered in IBEX 300. Prerequisites: Rigorous hiking, ability to read Hebrew place names on topographic maps, and extensive field work mandatory for class participation. Limited Enrollment.

IBEX310 Old Testament Archaeology (3)
A study of the art and science of archaeological research. Attention will be given to primary literary sources, the history and development of archaeology as a discipline, methodology, and the present state of archaeology in the land of Israel. Opportunities for site excavation will be afforded the student. Focus of the course will be the Old Testament period.
IBEX311 Biblical Hebrew (4)
An introduction to grammar, syntax, and vocabulary of Biblical Hebrew. Attention is given to translation and reading skills. (IBEX311 parallels BL311 Elementary Hebrew I at The Master's College).

IBEX312 Modern Hebrew (3)
An introduction to modern Hebrew with attention to reading and conversation skills.

IBEX313 New Testament Archaeology (3)
A survey of the archaeological discoveries in Israel from the first century A.D. Attention will be given to the life of Christ and his ministry in Galilee and Jerusalem and corresponding archaeological finds. Studies will include Galilean synagogues, fortresses of Herod the Great, the Dead Sea Scrolls, and the Temple Mount complex in Jerusalem. Opportunity to excavate will be afforded the student as available.

IBEX314 Jerusalem Archaeology (3)
A study of archaeological research and discoveries in the city of Jerusalem, with emphasis on the biblical periods. The history of the research and methodology will be studied, with a focus upon the major archaeological discoveries and issues throughout Jerusalem's history. Lectures will be supplemented with field study at important sites and museums. Opportunities for excavation will be afforded the student as available.

IBEX320 Jewish Thought & Culture (3)
A study of Jewish thought, literature, and culture from the ancient to modern period. Social, political, cultural, philosophical and theological developments and contributions will be considered. (Course may be used for cross-cultural credit.)

IBEX330 History of the Modern State of Israel (3)
A thematic study of the major issues concerned with Jewish self-determination and the establishment of the State of Israel. Topics include the rise of Zionism, the British Mandate, the Holocaust and anti-Semitism, sociopolitical status of the Jewish people in the late-nineteenth to mid-twentieth century, the 1948 war for independence and the subsequent Arab-Israel conflicts. (Course may be used for cross-cultural credit.)

IBEX337 Geographic Area Studies (3)
A field-based seminar on selected sites of historical, geographical, cultural and archaeological interest in the Mediterranean region and the Middle East proper.

IBEX347 The Holocaust (3)
A historical, philosophical and thematical examination of the Jewish Holocaust from anti-Semitic developments in the nineteenth century to implications for the Jewish people today.

IBEX357 Biblical Manners & Customs (3)
An examination of the cultural, political, religious and social factors that shape an understanding of the biblical narrative.

IBEX367 History of Ancient Israel (3)
A careful study of the history of the people and nation of Israel, from Abraham through the restoration period. Special attention is given to the period of the monarchy. (IBEX367 fulfills B364 requirement for TMC Bible Exposition emphasis.)

IBEX370 Physical Geography of Israel (3)
An examination of the physical geography of the land of Israel with attention to regional structure, geology and topography with a view to the development of communication lines and settlement. (Academic Short-Term Program Only)

IBEX377 The Life of Christ (3)
An examination of the life of Christ with attention to the historical, cultural and geographical factors that influenced Christ’s earthly ministry. (IBEX377 fulfills B346 requirement for TMC Bible Exposition emphasis.)

IBEX447 Dead Sea Scrolls (3)
An introductory survey of the literature and history of the Dead Sea Scrolls.

IBEX457 Jerusalem Studies (3)
A seminar covering historical, archaeological and cultural aspects of the city of Jerusalem, both ancient and modern. Readings in primary sources related to the city, site visits, classroom lecture and student presentations are required.

IBEX467 Historical & Cultural Backgrounds of the N.T. (3)
A seminar covering historical, archaeological and literary aspects of the Second Temple Period (Herodian-New Testament-Roman). Readings in primary sources, site visits, classroom lecture and student presentations are required.
Dr. Taylor B. Jones, Chairperson

The Department of Biological and Physical Sciences spans the disciplines of Biology, Zoology, Botany, Chemistry, Physics and Earth and Physical Science. The department seeks to produce in students the ability to carefully analyze any area of knowledge that intersects these diverse disciplines. The department strives to instill in students the desire to be professionally competent, to develop lifelong patterns of intellectual growth and to be uncompromising in their faith. This is accomplished by a consideration of historically tested facts and current perspectives in the various scientific disciplines in addition to the Word of God. The internally consistent outcome of these studies form a basis for the accurate evaluation of science past, present and yet future. The goal of all instruction is to send forth the saints with an understanding of science, so that through their professional, academic and spiritual testimony, the Master is presented and exalted.

Students in the Natural History/Environmental Biology Emphasis Courses can complete certifications as a certified naturalist, certified land resources analyst, certified water resources analyst, or certified environmental analyst in conjunction with The Master’s College and the AuSable Institute. Interested students should coordinate their program early in their college years with Dr. Englin.

Career Opportunities
The training students receive at The Master’s College in biological and physical sciences helps them prepare for the following careers:

- Biochemist
- Dietitian
- Laboratory Technician
- Dentist
- Physician
- Veterinarian
- Zoologist
- Ecologist
- Marine Biologist
- Pharmacist
- Microbiologist
- Park Ranger

Undergraduate Research Opportunities
Students are encouraged to pursue personalized scholarship opportunities with individual faculty in the department. A particular forte of our institution is the interest and emphasis of our faculty in creation science research. Students may translate such research opportunities into academic credit toward graduation in the form of practicums in industrial settings and/or scholarly articles presented to academic and professional societies.

Credit-By-Examination
Credit-by-examination in the department will be granted for certain course segments if the student has scored 4 or 5 on the Advanced Placement Program examination of the Educational Testing Service, or a score of 50 or above on the College Level Examination Program test. This applies to granting: Physics examination - 6 hours of PS251, 252 General Physics. (Students must take physics lab each semester; only lecture credit is granted.) Chemistry examination - 4 hours of CH151 General Chemistry. (Biology majors must take CH152 at college level.) Biology examination - 3 hours of LS151 Organismic Biology.

California Single Subject Teaching Credential: Life Science
Students desiring to obtain a California Single Subject Teaching Credential in biology should contact their advisors about specific major requirements for this credential.

Comprehensive Exam
Students graduating with a Bachelor of Science in Biology will be required to take a comprehensive discipline-specific examination in their senior year, prior to graduation.

Course Offerings in Biological and Physical Sciences

BIOLOGICAL SCIENCE

LS140 Principles of Biology (4)
An analysis of the principles of life common to plant and animal study: the cell, intermediary metabolism, photosynthesis, cell reproduction, genetics, ecology and origins. 3 hours lecture, 3 hours laboratory. (Lab fee $60)

LS151 Organismic Biology (4)
The first course for biology majors, emphasizing biological life forms, their physiology, origins and environmental relationships. 3 hours lecture, 3 hours laboratory. Co-requisite CH151. (Lab fee $60.)

LS200 Foundations of Science (3)
An introduction to the history, development and influence of science on other academic disciplines. The impact of the science on patterns of thought and society in general will also be addressed. How science functions today in various disciplines, how it has functioned historically and what it can and cannot produce as an outcome will be emphasized.

LS218 Tutorial Studies (1-3)
See LS418.

LS220 Research Methods (1)
An introduction to research methods with emphasis on the documentation and communication methods used in biological research. The student will be exposed to major aspects of scientific writing and presentation of scientific data, including library research, data analysis, evaluation of scientific writing, composition of a scientific paper and a prospective research proposal and presentation of scientific data in a poster format. 1 hour lecture. Prerequisite: Sophomore standing required.

LS221 Human Anatomy & Physiology I (4)
A study of the anatomy and physiology of the human integument, skeletal, muscular, and nervous systems. The laboratory consists of the use of some human materials and models, cat dissection, and exercises in human physiology. 3 hours lecture, 2-3 hours laboratory. (Lab fee $60.)

LS222 Human Anatomy & Physiology II (4)
A study of the anatomy and physiology of the endocrine, digestive, respiratory, circulatory, lymphatic, urinary and reproductive systems. The laboratory consists of the use
of some human materials and models, cat dissection and exercises in human physiology. 3 hours lecture, 2-3 hours laboratory. (Lab fee $60.)

LS252 Cell Biology (4)
The molecular basis for the various structures and physiological functions of prokaryotic and eukaryotic cells. Topics include membrane structure-function, cellular energetics, receptors and cell-cell communication. 3 hours lecture, 3 hours laboratory. Concurrent laboratory registration required. Prerequisite: CH151, LS151. (Lab fee $60.)

LS305 Vertebrate Biology (4)
A study of chordate systematics, comparative anatomy and morphogenesis. 3 hours lecture, 3 hours laboratory. Prerequisite: LS151. (Lab fee $60.)

LS306 Developmental Biology (4)
A study of developmental regulation of selected vertebrate types. 3 hours lecture, 3 hours laboratory. Prerequisites: LS151. (Lab fee $60.)

LS318 Conservation Biology and Sustainability (4)
This is a comprehensive study of ecological legal issues and the stewardship of sustainability of ecological quality of life and diversity. The bulk of the laboratory will be outdoors. 3 hours lecture, 3 hours laboratory and field work. Prerequisite LS341. (Lab fee $60.)

LS341 Ecology (4)
Organisms in relation to the environmental complex; the composition, dynamics succession and growth of plant and animal communities including field study. 3 hours lecture, 3 hours laboratory. Prerequisites: LS140 or LS151 and MA262. (Lab fee $60.)

LS342 Genetics (4)
An introduction to both classical Mendelian genetics and modern molecular genetics. Topics include fundamental aspects of inheritance, chromosomal linkage and mapping, microbial and phage genetics, the structure, expression and regulation of genes. 3 hours lecture, 3 hours laboratory. Concurrent laboratory registration required. Prerequisites: LS252 and CH152. (Lab fee $60.)

LS348 Biological Field Studies (3-4)
The topics for this course are usually taken from wildlife biology, conservation biology, freshwater biology and marine biology depending upon demand. It also includes courses taught at the Au Sable Institute of Field Biology. The course may be repeated for credit with different topics. Prerequisite: LS341. (Lab fee $60 if taken for lab credit.)

LS351 Physiology I (4)
An examination of the major systems: cellular, neural, and skeleto-muscular, with an emphasis on the human body. Particular attention is given to the regulation of these systems and their integrations into a functioning whole utilizing a cellular approach. 3 hours lecture, 3 hours laboratory. Prerequisites: LS252 and CH152.

LS352 Physiology II (4)
This course examines each of the major systems not covered in LS351: cardiovascular, respiratory, urinary, digestive and reproductive. The emphasis is on the human body. Particular attention is given to the regulation of these systems and their integration into a functioning whole. 3 hours lecture, 3 hours lab. Concurrent laboratory registration required. Prerequisites: LS252 and CH152. (Lab fee of $60.)

LS361 Immunology (4)
Topics include histology and cell biology of cells and tissues involved in immunity, immunogenetics, antibody structure-function, immunotechniques, complement, autoimmunity, tolerance and tumor immunology. 3 hours lecture, 3 hours laboratory. Prerequisite: LS252. (Lab fee $60.)

LS362 Medical Microbiology (4)
The classification, cultivation, physiology, growth, morphology, genetics and economic significance of microorganisms with special emphasis on the bacteria. 3 hours lecture, 3 hours laboratory. Prerequisite: LS140 or equivalent. (Lab fee $60.)

LS372 Origins (3)
An introduction to the classical and modern concept of evolution with critical discussion of proposed mechanisms involved and with evaluation of special creation and other alternative origins positions. Prerequisite: LS252. Does not fulfill general education laboratory science requirement.

LS418 Tutorial Studies (1)
This course will consist of topics not included in the regular curriculum. This course may be based upon independent studies, conferences and the preparation of a term paper. The topic of the course will be announced prior to the term in which it is to be offered. Prerequisite: permission of the instructor. Offered upon demand. May be repeated for credit with varying topics. (Lab fee possible.)

LS420 Seminar in Biology (1)
Review of biological literature with emphasis on current topics in experimental biology. This course serves to introduce and illustrate the methodology for review of the biological literature for the purpose of formal presentation. It is also intended to assist in the preparation for the senior exit examination.

LS422 Senior Capstone (1)
This course serves as a review of the primary topics of the theory and application of the major and is intended to assist in the preparation for the senior exit exam.
LS428 Research in Biology (3-4)
Library and laboratory study on various topics in contemporary biology to be selected. Report required. (Lab fee possible.)

LS464 Molecular Biology (3)
Topics related to genes: their structure, regulation and metabolism. An introduction to current biotechnology used in molecular biology. The course has a strong laboratory emphasis, involving a semester-long project centered on a particular gene and its product. Prerequisite: LS342.

CHEMISTRY

CH151 General Chemistry I (4)
A course covering fundamental chemical principles and theories. Topics include properties and states of matter, development of atomic theory, atomic structure and periodicity, chemical bonding, stoichiometry, inorganic nomenclature and chemical reactions. 3 hours lecture, 3 hours laboratory. (Lab fee $60.)

CH152 General Chemistry II (4)
A continuation of CH151: an introduction to solution equilibria, electrochemistry, kinetics, chemical thermodynamics, organic chemistry, nuclear chemistry and environmental chemical applications. 3 hours lecture, 3 hours laboratory. Prerequisite: CH151 or its equivalent with a grade of C or better. (Lab fee $60.)

CH351 Organic Chemistry I (4)
Introduction to the chemistry of carbon-containing compounds. Particular emphasis is given to Lewis acid-base theory and structure-reactivity relationships as predictive tools. The chemistry of aliphatic hydrocarbons, stereochemistry, alkenes, alkynes, spectroscopy, radicals, alcohols and ethers is discussed. 3 hours lecture, 3 hours laboratory. Prerequisites include CH152 or its equivalent with a grade of C or better. (Lab fee $60.)

CH352 Organic Chemistry II (4)
A continuation of CH351: conjugated systems, aromatic compounds and their reactions, synthesis and reactions of carbonyl compounds, including carboxylic acids, esters, amides, beta-dicarbonyl compounds, and amines, phenols. The philosophy of organic synthesis and a brief introduction to natural products and biochemistry are included. 3 hours lecture, 3 hours laboratory. Prerequisite: CH351 or its equivalent with a grade of C or better. (Lab fee $60.)

CH463 Biochemistry (3)
Topics covered include structure-functions of biological molecules, proteins, enzymes and enzyme kinetics and intermediary metabolism, its regulation and integration. 3 hours lecture plus recitation. Prerequisite: CH352.

PHYSICAL SCIENCE

PS222 Earth Science for Elementary Teachers (2)
A general survey of the Earth as a planet in the Solar System, its interior and a study of its crust and atmosphere. This course is designed to meet the requirements of liberal studies students seeking a teaching credential. 2 hours lecture. Prerequisite: approval of instructor or teacher education department

PS231 Physical Science for Elementary Teachers (2)
A survey of topics from the physical sciences including areas of study relating to modern problems and advances in science and technology. This course is designed to meet the requirements of liberal studies students seeking a teaching credential. 2 hours lecture. Prerequisite: approval of instructor or teacher education department.

PS242 Earth Science (4)
A survey of the Earth as a planet in the Solar System, its interior and a detailed study of its crust and atmosphere to serve as a broad-based course for liberal studies majors. Fulfills the general education laboratory science requirement. 3 hours lecture, 3 hours laboratory. (Lab fee $60.)

PS251 General Physics I (4)
A calculus-based introduction to classical physics including Newton's laws of motion, work, energy, power, conservation laws and classical waves. 3 hours lecture, 3 hours laboratory. Prerequisite: MA121 (may be taken concurrently). (Lab fee $60.)

PS252 General Physics II (4)
A continuation of PS251. Topics include electricity, magnetism and optics. 3 hours lecture, 3 hours laboratory. Prerequisite: MA121. (Lab fee $60.)

PS261 Physical Science (4)
A treatment of topics from the physical sciences to serve as a broad-based course for liberal studies majors. Course will cover a broad area of study relating to modern problems and advances in science and technology. 3 hours lecture, 3 hours laboratory. Fulfills the general education laboratory science requirement. (Lab fee $60.)

PS338 Astronomy (4)
Methods of measurement and observation in astronomy are studied from a historical perspective. The solar, stellar and galactic systems are studied in detail accomplished by observations. Various cosmological viewpoints and their underlying assumptions are presented. 3 hours lecture, 3 hours laboratory. (Lab fee $60.)
Business Administration

Dr. R.W. Mackey, II, Chairperson

Business administration is a profession practiced by managers who solve problems and make decisions in the process of leading and guiding an organizational unit in its efforts to achieve some inherent goal or objective. Organizational activities are measured for their effectiveness (the degree to which organizational goals are accomplished) and for their efficiency (the cost in resources used to achieve these goals).

In the Business Department, studies develop from a common viewpoint that all truth is of God. Therefore, as led by the Spirit, the student will search for truth to be applied with wisdom to the glory and honor of God.

Every business student completes the basic core of business courses, then takes additional courses in at least one of the seven Business emphases: (1) Accounting, (2) Christian Ministries Administration, (3) Finance, (4) Management, (5) Management Information Systems, (6) Pre-law, (7) Public Relations.

Objectives

Students with a major in Business Administration will study the fundamentals of management theory together with the “tools” used by modern management practitioners; will explore modern theories, concepts, and principles of management and administration; will apply the lessons learned to contemporary management situations; and will be encouraged to develop an appetite for contemporary literature in the dynamic field of business administration.

Accounting

Students with a program emphasis in accounting will study basic accounting theories and principles as recognized and practiced by the accounting profession. Graduates may enter public accounting (CPA) or management accounting (CMA) careers.

Christian Ministries Administration

This emphasis is designed for those who specifically desire to minister in an administrative capacity in a local church or other Christian organization. This emphasis helps prepare students for careers as a Pastor, Christian school or Christian college Administrator, Church Administrator or Missions Director.

Finance

This emphasis is designed for those students preparing for a career in banking, investments or corporate finance.

Management

Students pursuing this emphasis will study the functions that managers perform as well as the conceptual framework of organizations working to achieve common goals and objectives. Graduates may enter career paths in general management or, with further graduate studies, enter one of the specialized management fields.

Management Information Systems

Students pursuing this program emphasis will undertake studies to develop a competency in the application of computer technology to the problem-solving and information-handling activities necessary for the effective, efficient conduct of business activities.

Pre-Law

Students preparing for a legal career may choose a curriculum which emphasizes law and business before entering law school. This emphasis affords an excellent foundation for business law practices.

Public Relations

Students who choose this emphasis will study a combination of business and communication disciplines which will prepare them to influence the opinions and choices of people within a free market.

Course Offerings in Business Administration

ACCOUNTING

ACC210 Accounting Fundamentals I (3)
This course is an intensive study of the processes and procedures which accountants use for analyzing, recording and reporting a business organization’s assets, liabilities and owner’s equity. Students complete a practice set for a merchandising business which uses special purpose journals, a payroll register, and general and subsidiary ledgers; to prepare classified external financial statements. Prerequisite: MA090.

ACC219 Computerized Accounting (3)
An application of an entry-level accounting software package such as QuickBooks© to the principles learned in accounting fundamentals. Coverage will include the general journal, subsidiary ledgers, special journals, payroll, and financial reports. Course offered as a directed study on a demand basis. Co-requisite: ACC210

ACC220 Accounting Fundamentals II (3)
This course completes the study of financial accounting begun in ACC210 by examining the procedures for reporting liabilities and stockholders’ equity on external financial statements for a corporation. Then, the course explores management’s use of job-order, process and standard cost accounting systems for decision making. Additional topics include the preparation of budgets, ratio analyses and federal income tax returns. Students complete a computerized job-order cost accounting practice set and analyze the resulting financial statements. Prerequisite: ACC210

ACC302 Accounting for Non-Profits (3)
Presents the theories and practices of generally accepted accounting principles and fund accounting techniques used by governmental and not-for-profit organizations. Special emphasis is placed on accounting as it relates to the church and church-related ministries. Prerequisite: ACC210.

ACC311 Intermediate Accounting I (3)
A comprehensive study of financial statements of business enterprises, focusing on the systematic development of theory and practice from generally accepted accounting principles. Prerequisite: ACC220.

ACC312 Intermediate Accounting II (3)
An analytical study of the corporate form of entity accounting with stocks, bonds, long and short-term investments, revenue recognition, pension plans, lease arrangements and existing reporting practices promulgated by leading professional organizations. Prerequisite: ACC311.
ACC431 Cost Accounting (3)
Theories and practices relating to management planning and control through methods of cost accumulation. Job order, process and standard costing systems are studied as methods of cost accounting and cost distribution. Prerequisite: ACC220.

ACC442 Auditing (3)
Presents the procedures and practices employed by auditors to systematically appraise and examine the reliability, adequacy and effectiveness of the client’s financial statements. Describes the duties and responsibilities of independent auditors, the methods of preparing audit reports and the manner of expressing opinion as to the fairness of the financial reports under audit. Prerequisite: ACC312.

ACC451 Advanced Accounting (3)
An exhaustive study of earnings per share using dilutive and anti-dilutive securities, preparation of multi-step income statements and a detailed study of techniques of preparation of consolidated corporate statements. Prerequisite: ACC312.

ACC460 Tax Accounting (3)
A study of the chronological progress of the income tax system combined with the Federal Revenue codes under the changing political and economic environments. Emphasis is on the elements of gross income, adjusted gross income, exclusions, itemized deductions, exemptions and preparation of individual tax returns in detail. A brief introduction to tax laws for corporations, partnerships, estates and trusts will also be included.

ACC462 Tax Accounting II (3)
A comprehensive study of tax laws and returns for corporations, partnerships, estates and trusts. Studies include specially taxed corporations, taxation of securities, retirement, pension plans and gift taxes. Prerequisite: ACC220; ACC460 is recommended, but not required.

ACC483 Accounting Internship (1-4)
An on-site work experience which gives the student practical training in specific accounting techniques and their application. Evaluation will be made by the work supervisor and an accounting instructor. Prerequisites: ACC312 and permission of department chair.

ACC499 Directed Studies: Accounting (1)
A variety of study topics are available under this heading as desired to meet the special accounting interest of the student. Prerequisite: permission of advisor.

BUS310 Statistics for Business (3)
Topics include descriptive statistics, elements of probability, probability distributions, sampling, estimation and confidence intervals, tests of hypotheses, linear regression and correlation. Prerequisite: MA090.

BUS320 Business Law (3)
Principles of business law covering the fields of contracts, agency, personal property, sales, negotiable instruments, partnerships and corporations.

BUS350 Marketing Fundamentals (3)
An introduction to marketing management in relation to the total business environment. Involves a study from the conception of the idea for goods or services to its ultimate utilization by the consumer with emphasis on major decision areas and tools.

BUS483, 484, 485, 486 Business Internship (1-4)
An on-site work experience which gives the student practical training in specific business techniques and their applications. Evaluation will be made by the work supervisor and a member of the business department faculty. Prerequisites: junior or senior status and permission of department chair.

BUS492 Advanced Business Seminar (3)
A course examining contemporary business issues through integrating coursework and acquired knowledge in the business discipline. Attention will be given to a biblical world view, vocational pursuit and a strategy for lifelong learning. An additional course component is senior assessment. Prerequisite: senior status or permission of the department chairperson.

ECN200 Economics & Society (3)
An introduction to macroeconomic principles and terminology. The primary focus is on the aggregate U.S. economy and the policy decisions that state and federal lawmakers face. Topics include: review of the economic problem, measuring GNP, money and banking, interest rates, monetary and fiscal policy, inflation and unemployment. A basic knowledge of mathematics and graphs is assumed.

ECN210 Microeconomics (3)
An introduction to microeconomic principles and terminology. The primary focus is on the business firm and the decisions it faces. Topics include: review of the economic problem, mechanics of supply and demand, elasticities, consumer utility, production costs and the competitive environment. A basic knowledge of mathematics and graphs is assumed.
FINANCE

FIN308 Personal Financial Management (3)
A survey of financial management for individuals and households including setting financial goals, developing a budget, preparing personal taxes, utilizing banking services, using consumer credit, buying or renting a home, purchasing an automobile or major appliance, purchasing various types of insurance, choosing investment options and strategies and planning for retirement.

FIN321 Real Estate Principles (3)
An introductory course designed to cover real estate fundamentals with practical applications useful in residential and commercial real estate transactions. Topics include investment decision making, valuations, investment performance, financing, real estate management, legal and regulatory considerations, market research and licensing requirements for brokers and agents. The course prepares the student for the California real estate license examination.

FIN338 Introduction to Risk Management (3)
An introduction to basic insurance concepts. Topics include terminology, risk exposure, private consumer coverage, property and liability insurance, health insurance, life insurance, annuities, commercial coverage and government issues.

FIN332 Financial Services Management (3)
An introduction to the functions and operations of modern United States financial institutions. The course covers a study of banking laws and regulations with special attention given to the impact of technology within the industry. Additionally, the evolution and subsequent historical, social, and political impact of the Federal Reserve is examined.

FIN341 Investments (3)
A survey of investments including stocks, bonds, government securities, and financial intermediaries. Emphasis is placed on security analysis, valuation and portfolio management. Topics include personal financial strategies and investment alternatives. Prerequisite: ECN200.

FIN388 Studies in Finance (3)
A survey of a selected topic(s) in financial management made available by an adjunct or full-time professor.

FIN440 Finance (3)
Valuation methods available to the manager for the determination of the optimal financial structure of the firm. Emphasis is on financial statement analysis, cash flow analysis, capital budgeting, investment and financing decisions. Prerequisite: ACC220.

MANAGEMENT

MGT299, 399, 499 Directed Studies in Management (1-3)

MGT351 Human Resource Management (3)
A study of the human factors in business, including the total employee-employer relationship: job analysis, selection, training, transfer, promotion, dismissal of employees and industrial relations.

MGT349 Ministry Administration Practicum (1)
Through the process of observing and interviewing ministry administrators, the student seeks to discover the job descriptions, routines, attitudes, difficulties and rewards inherent in Christian ministry administration.
Dr. Jack H. Simons, Chairperson

The basic elements of Christianity—evangelization (leading people to saving faith in Jesus Christ) and edification (discipling believers to maturity)—require effective communication skills. The Department of Communication, therefore, seeks to identify and develop the spiritual gifts of students relating to communication arts and sciences.

Courses in the Department of Communication emphasize the theory and practice of speech communication, print media and electronic media. Students majoring in Communication lay a foundation for careers in teaching, law, advertising, professional writing and broadcasting, missions and church-related ministries. They also develop a Christian world-view based on the history, impact and functions of human communication.

Students desiring a major in Communication may choose from three available emphases: Speech Communication, Print Media or Electronic Media. They must take a minimum of 39 units, 15 of which are specific required courses.

**Electronic Media**

Practical courses provide fundamental and advanced training for students who wish to seek their life work in this demanding area. Possible careers include producer, director, multi-media manager, announcer, news reporter and script writer.

**Print Media**

This program helps students develop writing skills and prepares them for a variety of careers, such as journalist, editor, foreign correspondent, columnist, author, layout artist and editorial writer.

**Speech Communication**

Courses in this emphasis develop the student’s ability to think, write and speak clearly and effectively. Communication skills at both the interpersonal and public levels are stressed with the view of developing critical thinking skills and problem-solving strategies. This area of concentration helps prepare students for such careers as speech teacher, manager, sales person, public relations practitioner, law and customer service.

Minor in Communication
Available for students who are completing a major in another department at The Master's College. The minor in Communication includes the three required courses listed below, plus three electives chosen from the Communication department course offerings:

C211  Intro. to Mass Communication ................. 3
C371  Interpersonal Communication ................. 3
Any Print Media Writing Course ....................... 3
Electives in Communication ......................... 9
Total units required for minor ..................... 18

Course Offerings in Communication

C100 Spoken Communication (3)
Study and practice of the organization and delivery of prepared material in the conversational style of extemporaneous speaking.

C130 Multi-Image Production (2)
Introduces students to the communication medium of multi-image. Content includes multi-image photography, production, editing, writing and music selection.

C201 Sound Engineering I (3)
Study of sound engineering techniques, using studio location.

C202 Film History I (3)
A study of film from its early conceptual stages to its familiar modern format. Also included will be film's influence on society and the biblical response.

C208 Sound Engineering II (3)
Study of advanced sound engineering techniques, using studio location. Prerequisite: C201.

C211 Introduction to Mass Communication (3)
Study of the communicative function of the mass media and the impact of films, radio, television, newspapers, magazines and books on society.

C221 Moving Image Criticism (3)
Learning theories of criticism, viewing films and writing evaluations.

C231 Digital Video Editing I (3)
Editing theory and application of the digital moving image. (Fee: $50.)
C232 Digital Video Editing II (3)
Editing theory and application of the digital moving image. 
Prerequisite: C231. (Fee: $50.)

C241 Poetry Writing (3)
An examination of the various poetry rhymes, meters and additional tools of the poet. Various poetry patterns explained and illustrated with the goal of helping students become published. (Fee: $20.)

C251 The Scene (3)
A workshop-style study of the scene as the key cellular element of story telling, including structure, interpretation, break down, directing the actor, blocking and camera coverage. (Fee: $50.)

C261 Journalism (3)
Techniques of obtaining, evaluating and reporting the news, with special reference to press ethics and press laws. (Fee: $20.)

C284 Group Dynamics (3)
The process of group communication including verbal and nonverbal messages, leadership, rules and roles, cohesiveness, conflict reduction and problem solving.

C301 Semiotics: Theories of Visual Montage (3)
Montage: Theory, history, practice.

C311 Video Production I (3)
Introduction to the video technical language; creative and aesthetic elements of the production process. Student will gain understanding of lighting, sound, camera operation, composition and design of visual elements. (Fee: $50.)

C312 Video Production II (3)
A continuation of the subjects of Video Production I. Prerequisite: C311. (Fee: $50.)

C321 Screenwriting I (3)
An introduction to the styles, techniques, content and forms of screenwriting. The writing of several short scripts is required in the course.

C328 Screenwriting II (3)
Individual attention with a screenplay.

C329 Film History II (3)
An advanced study of film from its early conceptual stages to its familiar modern format. Also included will be film’s influence on society and the biblical response.

C334 Travel Writing (3)
Techniques for crafting publishable articles on travel writing in a field that is featured both in magazines and in every major U.S. newspaper. (Fee: $20.)

C336 Political Communication (3)
A study of the various media and their impact on politics. Particular emphasis on television, political cartoons, and propaganda.

C344 Article Writing (3)
Various forms of writing feature material for newspapers and magazines. Includes the personal experience article, the personality sketch, the interview, and the research article. Investigates marketing requirements and techniques.

C351 Creative Writing (3)
The short story form, including plot, characterization and dialogue. (Fee: $20.)

C352 Editing (3)
Learning laws and practices of editing. (Fee: $20.)

C354 Journal & Autobiographical Writing (3)
Exploration of journal keeping and autobiographical writing with surveys of secular and Christian works in the genres. Requires daily journal writing and short self-discovery papers.

C359 Writing Essays, Editorials & Columns (3)
Training in essay writing. (Fee: $20.)

C362 Women Writers (3)
A study of Southern women writers and Virginia Woolf with the purpose of exploring the particular contributions and understandings offered by women. (Fee: $20.)

C364 Interpersonal Communication (3)
Analysis of the theory and practice of the process of interpersonal communication including verbal and nonverbal messages, self-disclosure, social power, intimacy, emotions, conflict reduction and various interpersonal relationships.
C381 Beginning Public Relations (3)
Theories, processes, and techniques involved in planning and implementing programs designed to influence public opinion and behavior. Requirements: On campus internship of 6-10 hours a week.

C382 Persuasion (3)
Theories and techniques of social influence. Course content includes motivation, attitude change, ethics, credibility, nonverbal persuasion, logic and argumentation, emotions and cultural influences.

C383 Family Communication (3)
A survey of communication that occurs within the family, with emphasis on rules, change, development, power, stress and decision-making. Attention will be given to how families seek satisfaction through communication.

C384 Nonverbal Communication (3)
Examination of the influence of environmental factors, physical behavior and vocal cues on human communication.

C388 Communication & Social Movements (3)
Social and political movements as rhetorical phenomena. Ideology and influence of recent movements will be analyzed.

C391 Intercultural Communication (3)
Analysis of theories and techniques of the process of communication between persons of different cultures or subcultures.

C392 Advanced Public Relations (3)
Advanced theories, processes and techniques involved in planning and implementing programs designed to influence public opinion and behavior. Requirements: Off campus internship of 10 hours a week. Prerequisite: C381.

C394 - Intro to Computer Visual Effects (VFX) (3)
Introduces students to basic concepts for producing visual effects using computers. Topics such as: HDR1, rotoscoping, green screen compositing and explosions are just a few methods demonstrated during the class. These effects apply to film, video, animation, graphics and photography. Prerequisite: Junior or Senior status. (Fee: $50.)

C401 Directing I (3)
Concentration on the principles and aptitudes of planning and picturization of script material, culminating in the production and editing of various projects. (Fee: $50.)

C402 Directing II (3)
An advanced course in directing and producing from program conceptualization to evaluation. Prerequisite: C321, C401. (Fee: $50.)

C418 Art of the Comedy (3)
An examination of the comedic genre and its evolution from the slapstick of the silent screen to the sophisticated subtlety of forms of the present. Screenings of many classic comedy films in part or in their entirety.

C428 Motion Graphics (3)
Study of the Aftereffects computer software. (Fee: $50.)

C422 3D Production (3)
Students will be involved in the production of real-world assignments to support The Master's College. This would include advertisements, promotional material, logo development, animated promos, print advertising, and 3D web animations. Students may also work on projects from a professional client list as they become available. The students will use a variety of software programs which include: 3D animation, modeling, texturing, lighting effects as well as audio, compositing, filming, and editing.

C426 Introduction to Computer Graphics-Photoshop (3)
The course teaches the fundamentals of Computer Graphics using Adobe Photoshop. Students learn to edit photographs, generate digital paintings, color correct images, and design layouts for web development. Used as the primary application in the graphics, web, and film industry, Photoshop has become the program that all up-and-coming digital artists and photographers need to learn. (Fee: $50.)

C430a,b Honors Internship (1-6)
Students find placement in communication related departments or firms (film studios, television stations, radio stations, newspapers, advertising companies, public relations firms). 15 hours per week for 3 units. A comprehensive final report completes coursework. Prerequisite: senior standing and B average or higher in communication courses. Must get permission from an instructor in the department to enroll.

C436 Christianity and Film (3)
Examine in class 15 films of a wide variety. Each will be analyzed with the purpose of discovering the method by which Christians should examine every film with which they come in contact. Films with a purported religious or even Christian message need to be examined every bit as thoroughly as the most secular of films. Satan seeks to fool the Christian not with lies for they are easy to discern, but instead with partial truths. It is the goal of this course to teach students how to filter everything they see and hear through a biblical grid.
C459 Novel Writing (1-3)*
Students learn the techniques of novel writing.
* This class is only available as a Directed Studies course.

C467 Advanced 3D Graphics & Animation- Maya (3)
This course continues the study of 3D graphics and animation begun in C367. *Prerequisite: C367. (Fee: $50.)

C468 Promotional & Advertising Writing (3)
An examination of all forms of promotional writing, looking at various components that give it excellence.

C472 Rhetorical Criticism (3)
Theories and methods of evaluating persuasive communication including public address, contemporary drama and other categories of written discourse.

C478 Classical to Contemporary Rhetoric Theory (3)
A survey of major theories of rhetoric from the 5th century B.C. to the present.

C480 Digital Photography (3)
From handheld to professional SLR cameras, students will learn the basics of equipment and advanced methods to make your photographs look more professional. This class will cover how to connect, download, and upload your digital images to CDs, the web, or for print. Everything from file management to composition, this class covers a wide range of techniques to make you a better, more effective photographer. (Fee: $50.)

C481 Argumentation & Debate (3)
Theories of argumentation including the analysis of propositions, issues, evidence and reasoning. Training and experience in debate forms.

C484 Organizational Communication (3)
Communicative behavior in organizations. Attention will be given to change, conflict reduction, decision-making, leadership and networks as communication variables.

C488 Rhetoric of Religion (3)
Religious advocacy and persuasion. Topics include the strategic use of language and symbolism in religious discourse, forms of religious persuasion, conversion argument and the psychology of the audience and discussions of the problem of evil.

C498 Communication Theories (3)
A survey of the basic theories associated with human communication. Provides students with a practical understanding of how the major variables of communication systems interact and how information is processed by individuals.

C499 Directed Studies in Communication (1-3)
Individual research and readings in an area of communication determined in consultation with the instructor.
Computers are no longer huge machines hidden away in protected rooms and accessible to only a few highly-trained individuals. Instead, they are now used in almost every business, are on almost every desk, and have moved into every conceivable area of our lives. Understanding computers, their uses, and the concepts that underlie their construction are now part of a well-rounded education.

The goal of The Master's College Computer & Information Sciences (CIS) Department is to prepare students to excel in an increasingly complex technical world while living lives that glorify God. CIS majors study computers both in theory and in practice, covering topics in software, hardware, networks, databases, the Web and more. They also learn about the impact computers are having on the world, and ways they can be used to further God's kingdom.

**Emphases**

The Master's College Department of Computer & Information Sciences offers degrees in two emphases: Computer Science (CS) and Information Systems (IS). Every CIS student completes the core CIS courses, then takes additional courses in his or her selected emphasis.

A CIS degree helps prepare students for any of a number of careers, including computer programming, web design, network administration, systems analysis, data processing management or teaching.

**Computer Science**

The emphasis in Computer Science is designed to give students a practical introduction to the world of computers. It focuses on the technical side of computing, presenting basic theoretical material while maintaining a practical focus. Graduates may pursue advanced degrees in Computer Science or seek work in a variety of technical positions.

**Information Systems**

The emphasis in Information Systems approaches computers from a more business-oriented perspective. It emphasizes business processes and how computers can be used to improve them. Analysis and design are stressed, along with an appropriate knowledge of business principles. Graduates will be prepared to pursue careers in the field of business information systems, one of the largest and fastest growing specialties in the world.

**Credit by Examination**

Students may receive credit by examination as follows:

- Credit may be granted for Calculus I (MA121), Calculus II (MA122) or Introduction to Computer Programming (CS111).
- Credit may be granted if the student submits proof of earned test scores of 3 or above on the appropriate AB/BC Advanced Placement tests of the College Board.
- The department reserves the right to interview and/or retest students before granting credit by examination.

**Comprehensive Exam**

Students graduating with a degree in Computer Science or Information Systems may be required to take a comprehensive discipline-specific examination during their senior year, prior to graduation.

**Department Requirements**

All CIS majors are required to earn a grade of C or better in all courses in the CIS major. A student earning a grade below C must repeat the course until a grade of C or above is earned.

Course Offerings in Computer and Information Sciences

COMPUTER SCIENCE

CS100 Computer Fundamentals (3)
This course introduces students to computers and general computer applications. It is required of all students who do not earn a passing score on the Computer Literacy exam. The course covers: computer components and how they interact; proper PC operation; applications often used by both business and personal users; the impact of computers on society and careers; functions and limitations of computers; evaluating software; and a biblical perspective on issues in computing. It also includes hands-on training using computers with a variety of widely-used applications. Fee: $25.

CS111 Introduction to Computer Programming (3)
This course introduces students to computer organization, programming, and algorithm development. The course covers data representation, storage, problem solving, and programming techniques and principles using the Java programming language. Co-requisite: CS111L.

CS111L Computer Programming Lab (1)
This lab course provides hands-on assistance and instruction in the programming work required by CS111. This course is a co-requisite to CS111L. Fee: $30.

CS122 Web Design & Programming (3)
This course introduces students to the World-Wide Web from a programmer's perspective. The course will teach students to design and implement web pages using tools such as Extensible HyperText Markup Language (XHTML), Cascading Style Sheets (CSS), JavaScript, Dynamic HTML (DHTML), and Extensible Markup Language (XML). Prerequisite: CS111 or instructor's approval. Fee: $30.

CS211L Data Structures Lab (1)
This course continues development of students' programming abilities, covering algorithmic analysis, internal search and sort methodology, and a number of commonly used data structures using the Java programming language. Prerequisite: CS111. Co-requisite: CS211L.

CS211L Data Structures Lab (1)
This lab course provides hands-on assistance and instruction in the programming work required by CS211. This course is a co-requisite to CS211L. Fee: $30.
CS212 Computer Hardware (3)
Present computer hardware concepts, including components, their structures, and their interfaces. Integral to this class is the tight cohesion of theory (lecture) and practice (hands-on labs). Labs will cover microcomputer components, construction, problem diagnosis and resolution, maintenance, and upgrades. Lab fee: $40.

CS301 Computer Application Development (3)
This course teaches computer application design and development. Topics will include Structured Query Language (SQL) and simple data base design, as well as object-oriented development and programming, with emphasis on developing complete applications from start to finish. Prerequisite: CS122.

CS308 Advanced Java Programming (3)
This course provides advanced training in the Java programming language. Topics will include applications & applets, object-oriented programming features, GUI (graphical user interface) components using Swing, exception handling, multithreading, files & streams, multimedia capabilities, database connectivity (JDBC), client/server programming, servlets, and JavaServer Pages (JSP). Prerequisite: CS122, CS211, and CS301; or instructor's approval.

CS311 Computer Organization & Architecture (3)
This course introduces computer hardware organization, design, structure, and relationships. Mechanics of digital computer information storage, transfer, and control are addressed. Also explored are: fundamentals of logic design, computer arithmetic, addressing, instruction sets and assembler languages, and memory organization. Prerequisite: CS211.

CS318 C/C++ Programming (3)
An introduction to the C/C++ programming languages, which are the backbone of many technical and business programming environments. The course will cover procedural language topics, C/C++ syntax, standard function and class libraries, structures and classes in C++, file processing, exception handling, pointers and memory management, etc. Prerequisite: CS122.

CS321 Operating Systems (3)
An introductory study of the organization and architecture of computer operating systems. Major principles are discussed, including purposes, functions, interfaces, and structures. Case studies involving actual operating systems are presented. Covers preparation for Microsoft's Operating System examination. Prerequisite: CS111.

CS322 Networking Principles & Architecture (3)
This course introduces computer networks. It includes concepts and methods of computer communications, hardware and software components, configurations, and standard layers of communication protocols. Prerequisite: CS321.

CS332 Programming Languages & Systems (3)
Introduces programming language organization and structure. The course covers program run-time behavior and requirements; compiler and interpreter functions, and basic programming language analysis, design, and specification. It also introduces several programming language alternatives as examples. Prerequisite: CS211.

CS338 File & Database Structures (3)
An introduction to the concepts of information organization, methods of representing information both internally and externally. The course begins with a review of basic structures (stacks, queues, linked lists and trees) and moves through more complex data structures into the processing of files (sequential, relative, indexed sequential and others). Projects are completed in one or more high-level languages. Prerequisite: CS111.

CS347 Windows Programming (3)
Programming for a MS Windows environment using Visual Studio.NET and Microsoft's Framework Class Library (FCL). This class covers topics in graphical user interface (GUI) program development, including windows, menus, mouse processing, dialogs, controls, threads, files, databases, and more. Prerequisite: CS122.

CS348 Assembly Language Programming (3)
Teaches programming in assembly language, including its relationship to computer architecture, macros, segmentation, memory management, linkages, etc. Prerequisite: CS111.

CS358 Computer Graphics Programming (3)
This course introduces programming in the specialized area of interactive computer graphics. Topics will include 3D geometric transformations, the various representation models and storage methods for 3D objects, and the techniques and models for realistic rendering. Students will apply these techniques to create an interactive computer graphics application using OpenGL. Prerequisite: CS211, MA121.
CS402 Computer Algorithms (3)
This course introduces students to the analysis of algorithms and to algorithm design techniques, including brute-force, divide/decrease/transform-and-conquer, space and time tradeoffs, dynamic programming, greedy algorithms, backtracking, branch-and-bound, and approximation algorithms. It includes computational complexity analysis, and covers a variety of applications from classic algorithms to games and puzzles. Prerequisite: CS211 and MA122.

CS418 Software Engineering (3)
This course is an introduction to the concepts and practices of software engineering. Topics include the software development lifecycle: software specification, design, development, verification, validation, and management. We will also discuss tools and methods used in developing quality software.

CS420 Seminar in Computer Science (1)
A lecture/discussion course reviewing recent computer science topics and literature from journals available to advanced undergraduate students. Prerequisite: instructor’s approval.

CS425 Advanced Networks, Security, & Cryptography (3)
This course covers advanced network and security topics, including TCP/IP security, firewalls, packet filtering, intrusion detection, virtual private networks, Internet Protocol Security (IPSec), encryption algorithms and techniques, private and public key encryption, password authentication, message integrity, digital signatures, administrative security policies, and other security issues involving Linux, Unix and Microsoft Windows operating systems. Instructor permission required.

CS448 Game Programming (3)
This course covers methodology and techniques for writing interactive computer games and similar applications. Prerequisite: CS358.

CS458 Applied Software Project (1-3)
Students complete an independent project, integrating knowledge gained from other courses in the development of a significant software system. The application is of the students’ choice subject to advisor approval. Prerequisite: instructor’s approval.

CS468 Decision Support and Expert Systems (3)
Provides an overview of operations research and quantitative techniques in supporting decision-making, including systems that attempt to model human planning processes. Topics include linear programming, queuing, simulation, modeling, forecasting, network analysis, dynamic programming, scheduling and control. Prerequisites: CS211, CS402.

CS478 Computer Science Internship (1-4)
Provides an applied learning experience in a supervised work environment. May include work in systems analysis and design, programming, network administration, etc. Prerequisites: junior or senior standing and instructor’s approval.

CS488 Independent Research (1-3)
Independent advanced study of specialized topics with faculty advisor. Prerequisite: instructor’s approval.

CS492 Computer Science Senior Seminar (3)
This senior seminar course is designed to integrate the field of Computer Science into a Biblical worldview, including the ethical issues relating to the field. It also provides students the opportunity to demonstrate their proficiency and knowledge through a set of research and writing assignments and a standardized Major Field Test. Prerequisite: senior standing.

CS498 Topics in Computer Science (1-3)
A study of relevant computer science topics. May be repeated for credit if content is different. Topics may include: Systems Programming (e.g. design and construction of programming language translators, compilers, and interpreters), Operating System Internals, or Advanced Computer Graphics (such as interactive graphics, screen displays, graphical techniques and software).

MIS312 Linux & Unix (3)
This course focuses on Linux/Unix workstations and servers in an integrated computing environment. Students will configure, use, and administer personal workstations, file servers, DNS servers, web servers, DHCP servers, mail servers, print servers, Samba servers, and similar systems. System administration topics include user accounts and groups, permissions, files systems, the boot process, the OS kernel, TCP/IP network configuration, swap space, XWindows, kernel configuration, and related topics.

MIS320 IS Applications (3)
This course teaches computer applications that are accepted as standard in the business world. Emphasis is placed on the practical implementation of end user software in a business environment. The use of spreadsheet and database programs to support business processes will be studied in depth. Excel and Access will be used in this class. Prerequisite: CS100.

MIS328 COBOL Programming (3)
This course provides training in COBOL (Common Business Oriented Language); the most widely used programming language in the business world. Prerequisite: CS111.
MIS338 Data & File Processing (3)
An introduction to the concepts of information organization, methods of representing information both internally and externally. The course begins with a review of basic structures (stacks, queues, linked lists and trees) and moves through more complex data structures into the processing of files (sequential, relative, indexed sequential and others). Projects are completed in one or more high-level languages. **Prerequisite: CS111.**

MIS348 Assembly Language Programming (3)
Teaches programming in assembly language, including its relationship to computer architecture, macros, segmentation, memory management, linkages, etc. **Prerequisite: CS111.**

MIS358 Introduction to Web Graphics (3)
Introduces computer graphics from a designer’s perspective, as well as software tools for manipulating them. Web graphics are covered in detail, including appropriate processes and methods.

MIS368 Introduction to 3D Graphics & Animation (3)
This course introduces students to the world of three-dimensional (3D) computer graphics and animation. The software package that is used in the class is Maya, the most widely used 3D content creation and animation software. Topics include curves and polygons, surfaces, lights, NURBS, camera, rendering, effects, and more. **Prerequisite: MIS368.**

MIS411 Systems Analysis & Design (3)
Introduces the concepts of the systems development life cycle. Analyzes various examples, such as traditional, CASE, prototyping, and RAD. Discusses file and database structures and processing practices. Presents techniques and tools for system specifications and documentation. **Prerequisite: CS111.** May be taken concurrently with CS301, but not before.

MIS422 Database Management Systems (3)
Design, implementation, and management of business database systems. Includes data analysis, design, and normalization. **Prerequisite: CS301.**

MIS438 Advanced Database Application Development (3)
This course examines advanced concepts used to develop information systems. Topics include advanced database programming, embedded database commands in high-level languages, and expert system designed user interface concepts. Pertinent current topics used in information system development are also included. **Prerequisite: MIS432.**

MIS441 Web Site Administration (3)
Students will learn to install, maintain, and administer a web site. Integral to this class is the tight cohesion of theory (lecture) and praxis (hands-on labs). Each student will be responsible for and complete weekly applied projects agreed upon with the Instructor. Subject matter will include TCP/IP; security; intranets; designing, implementing, and administering databases; search services; firewalls and proxy servers; etc. **Prerequisite: CS301.**

MIS468 Advanced 3D Graphics and Animation (3)
This course continues the study of 3D graphics and animation begun in MIS368. **Prerequisite: MIS368.**

MIS478 IS Internship (1-4)
Provides an applied learning experience in a supervised work environment. May include work in systems analysis and design, programming, network administration, etc. **Prerequisites: junior or senior standing and instructor’s permission.**

MIS488 Independent Research (1-3)
Independent advanced study of specialized topics with faculty advisor. **Prerequisite: instructor’s approval.**

MIS492 IS Senior Seminar (3)
This senior seminar course is designed to integrate the field of Information Technology into a Biblical world view, including the ethical issues relating to the field. It also provides students the opportunity to demonstrate their proficiency and knowledge through a project and a set of research and writing assignments. **Prerequisite: senior standing.**

MIS498 Advanced Topics in Information Systems (1-3)
A study of relevant information systems topics. May be repeated for credit if content is different. **Prerequisite: instructor’s approval.**
Dr. John G. Hotchkiss, Chairperson

Department Distinctives

The Department of English at The Master’s College regards the study of language and literature as central to a Christian liberal arts education. It merits this centrality, in part, because of the very nature of the Christian faith: God chose to reveal His dealings with humans in a historical and literary way—the Word of God, a Word which employs literary forms and rhetorical strategies to engage its audience. It also merits a central position because literature contains traces of God’s truth (e.g., truthfulness to the human experience), occupies a place in human culture receiving God’s blessing, and often fulfills the qualifications of Philippians 4:8. We affirm that the noblest reasons for acquiring literacy are to read the Scriptures with understanding and sympathy; to articulate the truth of God clearly, attractively, and convincingly; and to be equipped to recognize truth expressed in many sources, discerning it from partial truth and error, testing all by the biblical standard.

Through the study of poetry, drama, fiction, essays, and critical theory, students in the English major can

• Begin to understand how God has unfolded history, as they explore literature that both illuminates the past and becomes itself part of the historical record.
• Acquire critical reading and thinking skills that enable them to develop biblically based discernment.
• Extend the range of their intellectual, moral, and spiritual vision as they explore works that deal with the great issues of life, death, purpose, and destiny.
• Grow as persons as they participate in the vicarious experience of literature and see life from a variety of viewpoints.
• Develop their abilities to write clearly, attractively, and perceptively and learn to converse in the marketplace of ideas.
• Prepare for advanced studies in English.

The Department of English offers a primarily traditional curriculum. The philosophy and practice of the faculty is to emphasize works of recognized and enduring merit in the canon of English, American, and world literature. At the same time, they remain receptive to the inclusion of new or neglected works that are compatible with the department’s philosophy. Several courses examine critical theory, and faculty employ a variety of methodologies in literary analysis, while favoring a historical and exegetical approach. Students may choose to obtain a major or a minor in English, or work toward qualifying for the California Single Subject Teaching Credential in English (additional requirements).

Careers for the English Major

The English major is not a career-specific major, such as accounting. Instead, alert and competent graduates with an English major have acquired a habit of thought and a range of skills that open opportunities for careers in a diversity of fields: teaching, missions, journalism, publishing, insurance, law, paralegal work, banking, personnel management, public relations, and government service. With additional specific training, graduates in English can enter these and other occupations, careers, and vocations.

California Single Subject Teaching Credential in English

Students desiring to obtain a California Single Subject Teaching Credential in English complete the English major under the direction of an English faculty advisor. Currently (2007) the California State Commission on Teacher Credentialing requires students to pass four assessment examinations (CSET series) as evidence of subject matter competence. Information about these examinations and other state requirements is available in the Department of English, the Department of Teacher Education, and at http://www.cset.nesinc.com.

Credit by Examination

Students may receive credit by examination as follows:

Advanced Placement (AP)

• Credit for E110 English Composition (3 units), score of 3 or higher on exam in Language and Composition (or) exam in Literature and Composition.

Also one of the following:
E332 Advanced Composition (3)
E353 Advanced Grammar & Usage (3)
from three major regions from antiquity to the present: the Greco-Roman world and Europe, the Middle Eastern world and India, and the Far East (China and Japan). First semester: antiquity to the Renaissance. Second semester: the Renaissance to the present. (Non-English majors may fulfill the general education literature survey requirement with either E221 or E222).

E231, 232 American Literature I, II (3, 3)
A survey of the writings of famous American authors, this course emphasizes those who help students to understand the American heritage and the influences combining to shape American literature. First semester: 1607-1860, Puritans through Whitman and Dickinson. Second semester: 1860-1960, Twain through selected contemporary writers.

E299 Studies in Classic Film (3)
An introduction to film history, technique and theory, with an emphasis on genre conventions. Students will study approximately twelve feature-length and several shorter films, with particular attention to how the technical and artistic elements such as cinematography, plot and direction control meaning and worldview. The focus of the course is on developing a biblical-critical-analytical approach to film viewing, resulting in discernment of the philosophical foundations of individual works (Fulfills non-survey literature elective).

E313 Age of Romanticism (3)
A study of the poetry and prose of the major writers of the English Romantic Movement (1785-1830) with a view to understand their lives, work, and literary importance. Selected minor writers and one novel are also included.

E314 Victorian Age (3)
Major poets and prose writers of England's Victorian period (1830-1901). Emphasizes those writers whose work both created and responded to crucial issues during this transitional era. Several minor authors and at least three Victorian novels are included.

E322 Children's Literature (3)
A survey of the various types of literature for children. Requires extensive reading and evaluation of children's books (May be counted as a literature elective by English majors only when they are pursuing a secondary teaching credential).

E332 Advanced Composition (3)
An advanced writing course emphasizing theory and praxis of composition. Special attention given to the five canons of Classical Rhetoric (i.e., invention, arrangement, style, memory, and delivery) to develop conceptual depth in content, and to broaden and refine stylistic and organizational repertoire in expression. Involves extensive practice in writing (re-writing) and oral presentation of the work. (May not be counted as an elective to fulfill the general education literature requirement in English.)

E333 Drama as Literature (3)
Selected works of Western playwrights from ancient to modern. Concurrently, this genre course explores the history, nature, and types of drama, especially the tragic and comic traditions, as well as the rise of new forms.

E334 The Short Story (3)
A study of short fiction from masters of the short story genre. Explores the fictional elements, techniques, themes and interpretation of representative works from classic and contemporary authors. Includes attention to the historical development of the genre.

E335 The English Novel (3)
A historical study of the development of the English novel. Emphasis on critical reading and writing through a study of selected novels from the eighteenth century to the present.

E336 Poetry & Poetics (3)
A study of metrical and stanzaic conventions of poetry. Emphasis on close reading of a wide range of representative classic poems from an anthology historically arranged.

E353 Advanced Grammar & Usage (3)
A detailed structural examination of Modern English at the level of the clause, sentence, and discourse. Explores the concept and vocabulary behind traditional grammar as well as contemporary linguistic theories. Involves extensive practice in text analysis. Required for all students seeking to qualify for the California Single Subject Teaching Credential in English. (May not be counted as an elective to fulfill the general education English requirements.)

E364 History of the English Language (3)
A systematic survey of the major periods in the development of the English language: Old English, Middle English, Early Modern English, and Modern English. Provides deeper understanding of the nature of language and language change. Incorporates discussion of contemporary linguistic (and sociolinguistic) theories.

E374 Studies in Jane Austen (3)
Reading and analysis of the major Austen canon: seven novels, focusing on the context of Austen's life and times, modes of reading, thematic implications, and issues raised by Austen criticism. Some attention to film adaptations of her fiction.
E405 Shakespeare (3)
Intensive reading of ten of Shakespeare’s thirty-seven plays and viewing a film version of an eleventh; additional extensive readings from the Sonnets. Short lectures and discussions throughout the semester explore the cultural background of Elizabethan England on a wide range of topics. Two-thirds of class sessions revolve around student group performance. Substantial term paper project also required.

E406 Milton (3)
Reading of John Milton’s major poetry and much of the prose. Includes substantial amount of contextual reading in Calvin, Luther, Erasmus, Arminius, Augustine, Pelagius, Origen, and other theological and non-theological writers from the ancient to the early modern world. Additional attention to the scriptural passages that Milton used as catalysts for his own writing.

E415 Contemporary Literature (3)
An intensive study of selected contemporary literary works from around the world. This course examines the current international trends in literature, with special attention given to the body of literature loosely labeled “postmodern.” Students will become familiar with its concept, content, and style; further, they will develop, from a biblical perspective, a critical ability to respond to its cognitive and aesthetic challenges.

E416 Modern British Writers (3)
British fiction, drama, poetry, and prose from 1910 to the 1940s. Authors are selected from among the following: Hardy, Conrad, Joyce, The War Poets, Forster, Yeats, Eliot, Woolf, Orwell, Lawrence, Huxley, Mansfield, Greene, Auden, Lewis. Reading of whole works, together with identification and discussion of techniques, subject matters, themes, historical influences, and crux issues.

E435 Literary Criticism & Critical Theory (3)
An introduction to literary criticism and theoretical/conceptual systems from the Pre-Socratics and Plato to modern and emerging postmodern thinking. Readings in primary texts, with emphasis on developing a biblical-critical theory for approaching literature, philosophy, art, culture, and theory itself. This basic theoretical model will derive from the scriptural record regarding human wisdom and knowledge.

E436 Contemporary Critical Theory (3)
An examination of the main trends in the development of critical and cultural theories since the New Criticism, focusing on (French) poststructuralism, (German) hermeneutics and (American) -Pragmatism, as well as (post-)Marxism and (Lacanian and post-Lacanian) psychoanalysis. This course also looks at some major outgrowths of these approaches, namely, contemporary feminism, deconstruction, and (so-called) postmodernism.

E453 Psychoanalytic Criticism (3)
An in-depth investigation and critique of the theory and praxis of psychoanalysis as it is applied to the study of literature and culture. Introduces students to the terminology and the concept of Freudian and Lacanian psychoanalysis, and biblically and critically examines their origin and development, and applications to the field of literary and cultural criticism (as well as to aesthetics and gender theory). Recommended for advanced English majors seeking to pursue graduate education (or others who seek graduate education in various disciplines within the humanities).

E489 Directed Studies in Literature (1-3)
Intensive study of a selected topic in literature under direction of a member of the English faculty. Prerequisite: Open to English majors only with permission of the department chairperson.

E491 Senior Thesis & Capstone Portfolio (3)
During the last two semesters before graduation, all English majors prepare an extensive research paper on a complex literary topic, question, or issue. Students also compile an academic portfolio of 3-5 papers representative of their scholarship, and a tabular listing of all authors and titles studied in the English major at TMC. After the students’ nationally-normed Area Concentration Achievement Test in Literature in English (ACAT) scores are available, they are included in the portfolio.

E499 Seminar in Literature (3)
Selected writer, group of writers, or area of study. May be repeated for credit when topics vary.
Dr. Clyde P. Greer, Jr., Chairperson

The Department of History and Political Studies is designed to help all students develop an understanding of the complex factors that have produced the civilizations of the present and also aid students in becoming responsible Christian citizens. Especially because of our emphasis on systematic research and analysis, the History and Political Studies majors receive instruction in preparing for careers in education, business, government service, public relations, or library work, as well as graduate study in law, theology, history or political science.

The department acknowledges that, in human affairs of the past, present and future, God is sovereign. With that foundational truth, students are aided in developing Christian philosophies of history and politics as parts of an overarching biblically based world view.

The department offers two Bachelor of Arts degrees with five different areas of emphasis. Every course should help students integrate Christian faith and the academic fields.

Students desiring a major in Political Studies may choose from three available emphases: American Politics, Constitutional Law, or Political Theory. Although a capable person can get into law school with almost any major, the Constitutional Law emphasis constitutes excellent preparation for law school.

Students desiring a major in History may choose Church History or General History. Anyone seeking a History major and planning to attend seminary should choose the Church History emphasis. Anyone wanting to teach history should read the following paragraphs carefully.

California Single Subject Teaching Credential in Social Studies
The California Commission on Teacher Credentialing requires prospective teachers of history and social studies to prove their social science subject matter competence in one of two ways: (1) students take rigidly prescribed courses in a state-approved curriculum, or (2) students pass assessment examinations. Students currently desiring to obtain the credential to teach in junior and senior high schools should plan on taking the Social Studies assessment tests from the CSET (California Subject Examination for Teachers) series. Information about these tests is available in the Department of Teacher Education and in the Department of History and Political Studies.

H492, the senior capstone course for history majors, should greatly help prepare students for the assessment tests. The next page shows a list of required courses for the General History major which provides foundational knowledge in the field. Students graduating with a B.A. in History must take a comprehensive discipline-specific assessment test during their senior year.

The Department of Teacher Education has arranged course requirements so that students can complete most of their teacher credential program during a fifth year of study—one semester of courses and a semester of student teaching. The only two courses that can be taken during the regular four-year program are ED300 Computer Basics for Educators and ED400 Foundations of Education.

Credit-By-Examination
The Department of History and Political Studies will grant credit-by-examination on the following conditions only: course credit and semester unit credit are granted for H211 and H212 - World History I and II (3,3), H241 or H242 - United States History (3) and POL220 - United States Government (3) when the student submits proof of earned test scores of 3 or above on the Advance Placement Examination or 50 or above on the College Level Examination Program test.

World History Waiver Examination
Students who have not taken either World History I or World History II may take a competency test. Those who score a 73% or better will be exempted from taking the two-semester World History survey sequence. These students will then be required to take only one upper division history course to fulfill the General Education World History requirement. (Students in state-approved teacher credentialing programs, however, must take the regular World History sequence.) The test may be taken only once.

Course Offerings in History & Political Studies

GENERAL EDUCATION HISTORY

H211, 212 World History I, II (3, 3)
A broad two-semester survey integrating important geographical, intellectual, cultural, social, political, and economic developments within the world’s major civilizations from earliest times to the 17th century first semester and from the 17th century to present in the second semester.

H228 U. S. History Comprehensive (3)
A broad survey integrating significant political, economic, geographical, social, and cultural developments from colonial times to the present.

H241, 242 U.S. History I, II (3, 3)
A two-semester examination of noteworthy political, geographical, social, cultural and economic trends in the United States to 1900 first semester and since the late 19th century second semester. To fulfill the general education requirement for one 3-credit U.S. history class, students can take H241, H242, or H228.

HISTORY CORE COURSES

H343 U.S. Constitutional History (3)
A broad survey of U.S. Constitutional history beginning with the influences of English Common Law and Colonial constitutional practices to the present Requistic Court. Case law is integrated within the historical contexts so that students will understand the inter-relatedness between American history and jurisprudence.

H421 Historical Research Techniques (3)
A course on research methods in history, introducing both traditional research techniques and contemporary computer-based strategies. Problems in writing and documentation will also be addressed, while historiography comprises a main topic for readings.

H492 Senior Seminar in History (3)
A capstone course involving a review of historiography issues as well as historical data to prepare history majors for national tests. Should be taken during the second semester of the senior year.

UNITED STATES HISTORY

H323 Early National Period of the U.S. (3)
A study of formative political, economic, geographical, social, diplomatic, and cultural developments between 1789 and 1848. Topics include constitutional questions, origins and evolution of political parties, early industrialization, wars with Britain, Mexico and Native Americans, and Jacksonian era democratic and social reforms.

H324 The United States from 1900 to 1941 (3)
Social, cultural, economic, geographic, political, and diplomatic developments in the U.S. from the beginning of the 20th century to the bombing of Pearl Harbor. Major topics include the progressive movement, WWI, the Roaring Twenties, and the Great Depression.

H325 The United States from 1941 to 1973 (3)
Social, cultural, economic, geographic, political, and diplomatic developments in the United States from Pearl Harbor to the end of the Vietnam War. The following topics are included: WWII, various Cold War conflicts, 1960s protests, debates over the welfare state, and Civil Rights movements for African-Americans, other minority groups, and women.

H326 Contemporary United States History (3)
Social, cultural, economic, geographical, political, and diplomatic developments in the United States from approximately 1968 to the present. The following topics are addressed: post-industrial economics, the end of the Cold War, and various manifestations of the “culture wars.”

H332 California: Past & Present (3)
A study of cultural, economic, geographical, and political developments in California starting with its Native-American residents, through the Spanish and Mexican periods and continuing to its present multicultural state. California’s present government structure is also examined.

H335 Colonial & Revolutionary America (3)
An examination of economic, political, social, geographical and cultural developments in the North American colonies from their discovery to the writing of the Constitution in 1787. Topics include the clash of Native-American and European cultures, colonial religious beliefs and practices, the institutionalization of slavery, formative experiences in self-government and the ideologies of the Revolution and Constitution.

H336 Ethnic America (3)
An examination of the historical conditions and contributions of Native-Americans, African-Americans, Hispanic-Americans, Asian-Americans and various European-Americans from the colonial era to the present.
Geographical implications of settlement and residential patterns are also explored.

**H424 Civil War & Reconstruction** (3)  
An examination of political, social, economic and military facets of the Civil War and Reconstruction periods, including such topics as: the nature of the Union under the Constitution, the importance of regional economic specialization, the crucial role of race relations in American society, and ethical questions concerning slavery and war.

**H433 Emergence of Modern America** (3)  
Industrialization, urbanization, immigration, secularization, the westward movement, Plains Indian wars, Gilded Age politics, Populism, and involvement in world affairs from 1877 to 1900.

**H485/BCH485 U.S. Church History I** (3)  
A historical survey of American Protestantism as it sought to develop and mold a “Christian America.” The period emphasized is from the first Great Awakening to the Civil War.

**H486/BCH486 U.S. Church History II** (3)  
A continuation of U.S. Church History I. Beginning with the post-Civil War church, the course of American Protestantism from its perceived height and unity to its shattered ending in the modernist/fundamentalist controversy and the rebuilding of modern evangelicalism beginning in the 1930s.

**H499 Special Historical Studies** (1-3)  
Studies which deal with subjects not normally covered in departmental courses.

**EUROPEAN HISTORY**

**H315 Medieval Europe** (3)  
A broadly cultural history of Western Europe from the fall of Rome through the High Middle Ages (A.D. 300 to 1300). Topics covered include: collapse of Rome, Byzantium, the great church councils, rise of Islam, Charlemagne, monasticism, the Crusades, papacy vs. empire, feudal society, and the rise of towns, universities, and monarchies.

**H316 Renaissance Europe** (3)  
A survey of the historical events in Renaissance Europe (A.D. 1300 to 1550) with special attention given to the events, personages and themes of Renaissance Italy. A particular area of focus is the society and culture of Florence during this period.

**H365 History of the Church** (3)  
A survey of personalities and issues in church history from the first century church to the present. The course includes discussions of the church fathers, major councils, the Reformation and key church leaders over the last two thousand years. (See BCH365 in the Biblical Studies section)

**H383 Ancient Roman History** (3)  
This course is a survey of the history of the Roman Republic and Empire and an introduction to the histories written by the ancient Romans. Students will read selections from Livy, Tacitus, Caesar, and others.

**H385 Ancient Greek History** (3)  
This course is a survey of Greek history to the death of Alexander and an introduction to the histories written by the ancient Greeks. Students will read selections from Herodotus, Thucydides, Xenophon, and others.

**H453 Development of Modern Europe** (3)  
A survey of European history from the peace of Westphalia to the French Revolution (A.D. 1648-1789). Areas of focus will include the growth of absolute monarchies; the English Civil War; the rise of Prussia and Austria; developments in science, philosophy, economics and political thought; the Enlightenment and its impact; the philosophers and enlightened despots.

**H454 Nineteenth Century Europe** (3)  
A study of Europe from the French Revolution to the eve of WWI (1789-1914). Major areas of interest to be covered include: the French Revolution; Napoleon and empire; the concert of Europe; revolutions of ’48; Industrial Revolution; Napoleon III; unification of Germany and Italy; Bismarck; colonialism and empire building; the Victorian era; ferment in art and thought; alliance system and diplomatic crises preceding WWI.

**H464/BCH464 The Reformation Era** (3)  
A study of the historical/theological development of the post-Reformation and Reformation period through Calvin. Other areas of the Reformation not covered in class lectures are pursued through research papers and class discussion.

**H467 Europe from 1914 to 1945** (3)  
Political, diplomatic, military, social, geographical, and economic history, with special attention to the First World War, the League of Nations, the rise of fascism, and World War II.

**H468 Europe Since World War II** (3)  
A study integrating the major political, geographical, diplomatic, economic, and social developments in the major nations of Europe from World War II to the present.
H327 Latin American History (3)
A broad survey integrating geography, politics, economics, and culture, including the ancient Native-American civilizations, Iberian conquest and colonization, wars of independence, modern national trends, and relations with the United States.

H346 East Asian History to 1945 (3)
A survey of East Asian history and geography with the major emphasis on the political and cultural histories of China and Japan to 1945. This course uses a historical and comparative approach.

H348 The Intertestamental Period (3)
A survey of the historical movements and events in Judea from 400 B.C. to A.D. 70 that serve as the background for the New Testament. The literature (apocryphal books, Dead Sea Scrolls) institutions (synagogue, Sanhedrin, temple), and religious sects (Pharisees, Sadducees, Essenes, etc.) will be closely examined. Finally, the Hellenistic, Roman and Jewish political rulers will be surveyed to understand better the context in which the early Christian events took place. See also B345.

H364 History of Ancient Israel (3)
A careful study of the history of the people and the nation of Israel, from Abraham through the period of restoration. Special attention is given to the relationship of the Old Testament prophetic and wisdom literature to that historical narrative.

H366/BCH366 History of the Early Church (3)
A historical study of the life and thought of early Christianity as it developed within the political and cultural context of the Roman world.

H373/BTH323 Historical Theology I (3)
An historical examination of the struggle to define, clarify and defend foundational Christian doctrines beginning with the second century church. This is done through lectures, assigned papers, class discussion and reasoning. This first section deals mainly with the formation of the canon, early heresies relating to Christ and attempts to define God as three in one and ends with an extensive discussion of the Armenian controversy that resulted in the Nicene Creed of A.D. 325 and its reformation at Constantinople in A.D. 385.

H374/BTH324 Historical Theology II (3)
This course follows the same patterns as Historical Theology I, though the focus begins where the Armenian controversy ends, the debate over the two-natures of Christ and follows this never ending debate to the modernist/fundamentalist last struggle. Also covered are eschatology, the Eucharist, and the Augustine/Pelagian controversy over man’s fallen state.

SS381 Cultural Geography (3)
An examination of human geography, including worldwide patterns and developments concerning demographics, race, language, religion, industrialization, urbanization and ecology. Locations of all the world’s nations will be learned during studies of regional geography.

**POL446** The Supreme Court & the Bill of Rights (3)
An in-depth study of the evolution of the Bill of Rights and its effect upon individual rights and federal and state law enforcement.

**POL488** Directed Study in Politics (1-3)
Intensive study of a selected area under direction of Political Studies faculty member. Prerequisite: permission of the instructor.
Home Economics--Family and Consumer Sciences

Dr. Patricia A. Ennis, Chairperson

Experience The Department’s Distinctives
Today’s world demands a flexibility and response to change for which many are not prepared. Home Economics--Family and Consumer Sciences at The Master’s College is designed to train Christian women to meet these changes with confidence. Courses within the department promote individual character development, increase one’s professional skills, develop insights into home and family living, and prepare its students to enter a wide range of vocational options. As a profession, Home Economics--Family and Consumer Sciences applies the findings of the physical, biological, and social sciences to improving the quality and standards of individual and family life. Additionally, it cultivates a knowledge of the arts to make life more creative, enjoyable, and emotionally satisfying. Master’s students majoring in Home Economics--Family and Consumer Sciences participate in a number of learning and enrichment activities, which emphasize:

- Maximizing human resources
- Coping with economic uncertainty
- Assessing the importance of fibers and fabric in today’s clothing
- Maintaining lifetime nutrition
- Understanding growth and development from infancy to aging
- Creating positive parenting attitudes
- Interpreting the housing needs of the individual and the family
- Understanding family differences and cultures
- Responding to twenty-first century issues facing individuals and families
- Utilizing modern scientific methods and resources to enhance quality of life
- Generating research to identify the needs of individuals and families
- Approaching individuals and families with preventative measures rather than crisis intervention
- Educating the public to ensure productive and harmonious individual and family lifestyles

The Master’s College Home Economics--Family and Consumer Sciences Department offers both a general and secondary education major emphasis.

Acquire Professional Preparation
Professional opportunities abound in Home Economics--Family and Consumer Sciences! A sampling of career tracks at The Master’s College include Home Economist-Family and Consumer Scientist in Business, Child Development, Clothing, Textiles and Design (both Clothing and Interior), Human Services (Biblical Counseling with the ability to diagnose and prescribe), Foods and Nutrition, Home Economics-Family and Consumer Sciences Education, Communications, or International Service (Missions). Generating from these career tracks, the course in Entrepreneurship trains our students to establish home-based businesses. Marketability is a consistent thread throughout the Home Economics--Family and Consumer Sciences curriculum at The Master’s College. Beginning with vocational assessment and investigation of career options in the Orientation to Home Economics--Family and Consumer Sciences course and concluding with the completion of a professional portfolio in the Resource Management Practicum the concept of professional stewardship is encouraged.

Titus 2:3-5 instructs the older women to “admonish the young women to love their husbands, to love their children, to be discreet, chaste, homemakers, good, obedient to their own husbands, that the word of God will not be discredited.” This passage implies that the younger woman learns how to:

- Use time management skills in her home.
- Manage the family finances.
- Cook nutritious meals.
- Practice hospitality.
- Joyfully submit to her husband.
- Raise her children in the “fear and admonition of the Lord” (Ephesians 6:4)

The Home Economics--Family and Consumer Sciences discipline encompasses the six areas described in Titus 2:3-5- it’s simply good stewardship to merge the Biblical Mandate with one’s professional pursuits.

Home Economics--Family and Consumer Sciences
Home Economics--Family & Consumer Sciences General Education

The General emphasis allows the student to acquire a solid foundation in Home Economics--Family and Consumer Sciences. Courses are divided into three categories:

**Character** - designed to develop the character of the Christian woman.

**Principle** - acquisition of the academic knowledge necessary for a strong foundation in the Home Economics--Family and Consumer Sciences profession.

**Laboratory** - perfection of the skills unique to the Home Economics--Family and Consumer Sciences profession.

Students may focus on a specific concentration in Home Economics--Family and Consumer Sciences in the junior and senior year. Where possible, they engage in an internship leading to professional employment in such areas as:

- Home Economist--Family and Consumer Scientist in Business
- Clothing, Textiles & Design
- Foods & Nutrition
- Early Childhood Education
- Preparation for Graduate School
- Home Economist--Family and Consumer Scientist in International Service (Missions)
- Home Economist--Family and Consumer Scientist in Human Services (Biblical Counseling)

### Home Economics--Family and Consumer Sciences Secondary Education

Students earn a California Single Subject Teaching Credential that qualifies them to teach Home Economics--Family and Consumer Sciences in grades 7-12. Additionally, it prepares them to begin Home Economics--Family and Consumer Sciences programs in Christian secondary schools, home school, and opens a number of career options in the field of education.

Principles of learning as they relate to the instruction of Home Economics; organization of materials; selection, use and evaluation of teaching techniques. *Prerequisite: 15 units of Home Economics recommended.*

**HE-FCS480 Thesis Publication (1)**  
Preparation of undergraduate thesis for research publication.

**HE-FCS482 Independent Study (1-3)**  
Independent study on a topic not covered in organized classes. May be repeated, but the total number of units in independent study may not exceed ten percent of the total number of units required for graduation. The topic must be approved by the instructor and the academic advisor.

**HE-FCS483 Topics in Home Economics--Family and Consumer Sciences (1-3)**  
A class or seminar in which significant topics in Home Economics are explored. HE 483B-Culture and Lifestyle of Women in Israel fulfills a Cross-Cultural Elective. *Prerequisite: HE-FCS101.*

**HE-FCS484 Internship in Home Economics--Family and Consumer Sciences (1-3)**  
Supervised professional experience in an approved Home Economics related position. May be repeated for up to 6 credits. *Prerequisite: Minimum junior standing.*
Course Offerings in Humanities

ART

ART330 Art Components & Techniques (3)
Students will learn to teach visual art in the classroom using the elements of art, a variety of media, along with ideas on integrating the arts into other academic curriculum. Participants will be instructed in DBAE (Disciplined Based Art Education) which includes the history of famous artists, viewing artwork critically, and to find the aesthetic value in art. At the end of the course, students will have a compilation of art ideas, history on various artists, and a portfolio of their own art productions.

ART338 Art History of the Western World (3)
Built on a foundation of forty art slide programs from ancient Greek sculpture to twentieth century art, the course surveys the major periods, media and styles. Strong emphasis on the Italian Renaissance and greater emphasis on painting than on architecture and sculpture. A major goal is to establish a historical and cultural “canon” in major art styles especially as brought to focus by religious painting.

BEHAVIORAL STUDIES

BE101 Introduction to Psychology (3)
General introduction to the basic concepts of psychology, with emphasis given to the various theories of psychology along with a thorough biblical analysis and critique.

BE301 Child & Adolescent Development (2-3)
Analysis of the physiological, cognitive, spiritual and personality development from birth through adolescence. There will also be a discussion of parenting issues and a critique of the self-esteem movement. A biblical assessment of anthropology is presented.

LANGUAGES

ITALIAN

ITA123, 124 Beginning Italian I, II (3,3)
Designed to introduce the beginning student to the Italian language. The curriculum will emphasize conversation, the fundamentals of grammar, and pronunciation. The course fulfills the general education requirement for cross-cultural studies.

SPANISH

SP221, 222 Introductory Spanish I, II (4,4)
Designed to introduce the beginning student to the Spanish language. The curriculum will include the fundamentals of grammar, pronunciation and conversation. The year course fulfills the general education requirement for foreign language.

PHILOSOPHY

P212 Introduction to Logic (3)
The principles and techniques of correct thinking, including the scientific method of deriving truth by induction from observation as well as by deduction from given premises. The aim is to discipline the student in soundness of reasoning, sifting of evidence and recognition of superficialities and fallacies in the thinking of others.

P311 Introduction to Philosophy (3)
A survey of the field of philosophy: its vocabulary, aims and purposes; the great systems of speculative thought; the leading thinkers.

P318 History of Ancient & Medieval Philosophy (3)
The development of philosophy from its beginning in Greece to the revival of Aristotle, Thomas Aquinas and William of Occam at the close of the Middle Ages. Special attention is given to development of Greek philosophy from the pre-Socratic through the Neo-Platonic periods as foundational to the developing medieval mind of Christian philosophy and the church fathers.

P321 Philosophies of Education (3)
A general education elective, this course presents a survey of educational theorists, their philosophies and how those philosophies have been exercised in educational practices and the implications for students, teachers, parents and administration. Students will read historical background of and original documents by the educational theorists. Satisfactory completion of this course fulfills the philosophic studies general education requirement at The Master's College and is also a “W” course.

P328 History of Modern Philosophy (3)
The development of philosophy from the time of the Renaissance through the modern period. The study begins with Bruno, Bacon, and Hobbes and concludes with insights related to the contemporary scene.

P364 Ethics (3)
A survey of the main approaches to ethics, issues in personal ethics, such as moral responsibility, decision-making, honesty and conscience; and topics in special ethics
such as war, abortion, euthanasia, genetic engineering and church-state relations.

**POL365 Western Political Philosophy I (3)**
An in-depth study of the foundational works of classical political philosophy: Plato’s *Republic* and Aristotle’s *Politics*.

**POL366 Western Political Philosophy II (3)**
An in-depth study of the major modern political philosophers and their thought from Machiavelli through the social contract theorists to the utilitarians.

**P458 Philosophy of Religion (3)**
An examination of issues such as the relation between faith and reason, arguments for and against theism, the divine attributes, the problem of evil, religious experience, religious language, death and immortality.

**P468 Religion & Science (3)**
Comparison and contrast of philosophies of religion and science in their ways of knowing, uses of language and symbols, relation to experience and formulation of beliefs and theories.

**P478 Religious Epistemology (3)**
The possibility, nature and certainty of religious knowledge.

**P488 Problem of Evil (3)**
Explanations for the existence of pain and evil.

**P498 Philosophers of Religious Significance (3)**
An examination of philosophers who have greatly influenced religious thought. Considered are thinkers such as Plato, Aristotle, Aquinas, Descartes, Hume, Hegel, Nietzsche and Wittgenstein.

**P499 God in Philosophy & Theology (3)**
A study of the nature of God and the coherence of the divine attributes; God’s relation to logic, language, time, causality and evil; belief as it relates to science, natural theology, evidence and mysticism.

**HUMANITIES**

**HU312 Disciplinary Connections (3)**
Disciplinary Connections is a study of conceptual foundations of seven major areas of study: reading, language and literature; history and social science; mathematics; science; visual and performing arts; physical education; and human development. Students will examine the connections between disciplines. This is a required 3 unit course in the 12 unit concentration for Liberal Studies-teacher education majors. *Prerequisite: LS200*
Kinesiology & Physical Education

Nathan S. Wright, Chairperson

In the Kinesiology & Physical Education major at The Master's College, students have the opportunity to study important principles they can use for a successful career and effective ministry in physical education, sports and pre-physical therapy emphasis. These concentrations of study will mold a person's knowledge in activity skills, educational methods, scientific factors in body movement analysis, sports injury care and allied health careers.

The Department of Kinesiology & Physical Education is designed to prepare Christian leadership in such areas as teaching, coaching, sports injury studies and pre-physical therapy emphasis. Graduating students will participate in the instructional areas of elementary and secondary schools (both public and private) and areas of allied health careers. To implement these objectives, the department provides movement theory, activity courses and science basis course work for teaching careers or allied health studies.

California Single Subject Teaching Credential in Physical Education

Students desiring to obtain a California Single Subject Teaching Credential in physical education should talk to their advisors about specific major requirements for this credential and make application to the Teacher Education Department.

General Requirements for all Students

The Kinesiology and Physical Education department does not require any general education requirements for non physical education majors. However, Kinesiology and Physical Education majors are not required to take general education requirement MA240 (Critical Thinking and Problem Solving). Kinesiology & Physical Education majors within the pre-physical therapy emphasis are not required to take LS200 (Foundations of Science). Liberal Studies majors can use KPE405 (Statistical Analysis) as an upper division math course.

The degree offered for the Pre-Physical Therapy emphasis will be offered as a Bachelor of Science within the Kinesiology & Physical Education Major. Within the Pre-Physical Therapy emphasis students are prepared to enter graduate degree programs in Physical Therapy (M.P.T./D.P.T.), Occupational Therapy (O.T.), Physician Assistant (PA-C), Podiatric Medicine (D.P.M.), Chiropractics (D.C.) and other related programs.

Minor in Kinesiology & Physical Education

Course Offerings in Kinesiology & Physical Education

Intercollegiate Athletics (1)

Open only to those individuals participating on an intercollegiate team. No more than four total semester hours, including transfer hours, for any combination of different sports may be taken for credit.

IA110/410 Intercollegiate Basketball (1)
IA121/421 Intercollegiate Cross Country (1)
IA131/431 Intercollegiate Soccer (1)
IA141/441 Intercollegiate Volleyball (1)
IA192/492 Intercollegiate Baseball (1)
IA151/451 Intercollegiate Golf (1)
IA122/422 Intercollegiate Tennis (1)

Professional Activities I: Team Sports (2)

Development of skills in at least two units of the following team sports. Meets three hours per week. No less than a C grade will be accepted in professional activity classes for departmental majors.

KPE103a Soccer (1)
KPE103b Football (1)
KPE120 Track & Field (1)
KPE235a Basketball (1)
KPE266a Volleyball (1)
Professional Activities II: Racket/Club Sports (2)
Development of skills in at least two units of the following racket/club sports. Meets three hours per week. No less than a C grade will be accepted in professional activity classes for departmental majors.

- KPE109 Racketball (1)
- KPE114a Golf (1)
- KPE235b Badminton (1)
- KPE266b Tennis (1)

Professional Activities III: Aquatics (1)
Development of skills in aquatics. Meets three hours per week. No less than a C grade will be accepted in professional activity classes for departmental majors.

- KPE113 Beginning/Intermediate Swimming (1)

Professional Activities IV: Gymnastics (1)
Development of skills in gymnastics. Meets three hours per week. No less than a C grade will be accepted in professional activity classes for departmental majors.

- KPE124 Beginning/Intermediate Gymnastics (1)

Professional Activities V: Conditioning/Rhythms (3)
Development of skills in at least three units of Conditioning and Rhythms. Meets three hours per week. No less than a C grade will be accepted in professional activity classes for departmental majors.

- KPE113b Rhythms (1)
- KPE245a Aerobics (1)
- KPE245b Body Conditioning (1)

Professional Activities VI: Combatives (1)
Development of skills in at least one Combative course.

- KPE268a Self Defense (1)
  *Note: Other type of Combative course would fulfill requirement.*

Professional Activities VII: Outdoor Educational Activities (1)
Development of skills in at least one Outdoor Educational Activity.

- KPE270a Rock Climbing (1)
  *Note: Other types of Outdoor Educational Activity courses would fulfill requirement. Ex: Bicycling*

Professional Activities VIII: Nontraditional (1)
Development of skills in at least one Nontraditional Activity. Meets three hours per week. No less than a C grade will be accepted in professional activity classes for departmental majors.

- KPE119 Archery (1)
- KPE268b Pickleball (1)

KPE100/400 Intercollegiate Athletics (1)
Open only to those individuals participating on an intercollegiate team. Credit for intercollegiate sports cannot be used to fulfill general education requirement for physical education. No more than four total semester hours, including transfer hours, for any combination of different sports may be taken for credit.

KPE110 Fitness Techniques & Health (2)
Designed to develop a reasonable level of physical fitness through organized programs of exercise and activities. Students will acquire skills, knowledge and attitudes that will enable them to continue in a self-directed fitness program after the semester has been completed.

KPE212 Principles of Physical Education (2)
A study of the foundations and purposes of physical education in relation to the total school program. Provides opportunity to observe secondary and elementary physical education classes in operation. Required of all departmental sophomores in order to continue with the physical education major.

KPE222 Sports Analysis (2)
Analysis of the organization, fundamentals, techniques and strategy of coaching a specific sport.

KPE223 Sports Analysis Practicum (2)
Observation and analysis of an interscholastic sport team program.

KPE256 Movement Education (2)
Principles of movement are analyzed and practiced as they apply to locomotor and non-locomotor skills. Stress is placed on the development of creativity, coordination, rhythm and timing.

KPE303 History & Philosophy of Physical Education (3)
A study of the historical background, aims, and objectives of physical education and the place of physical education in modern life.
KPE313 Adapted Physical Education (3)
A study of the principles of the physical education program for the handicapped and an analysis of disabilities and their implications for the physical education program.

KPE314 Kinesiology (3)
A course in the mechanism of bodily movements. The movements of the body are studied as they are used in games, sports and the various occupations of life. Prerequisite: LS221.

KPE316 Physiology of Exercise (3)
A study of the effects of muscular activity on the human body under various circumstances. Prerequisite: LS221.

KPE324 Psychology of Coaching (2)
A study of current problems and trends in the administration of athletics.

KPE335 Analysis of Basketball (2)
Analysis of the organization, fundamentals, techniques and strategy of coaching basketball.

KPE336 Analysis of Softball (2)
Analysis of the organization, fundamentals, techniques and strategy of coaching softball.

KPE346 Analysis of Track and Field (2)
Analysis of the organization, fundamentals, techniques and strategy of coaching track/field.

KPE356 Analysis of Baseball (2)
Analysis of the organization, fundamentals, techniques and strategy of coaching baseball.

KPE363 Analysis of Soccer (2)
Analysis of the organization, fundamentals, techniques and strategy of coaching soccer.

KPE364 Analysis of Football (2)
Analysis of the organization, fundamentals, techniques and strategy of coaching football.

KPE365 Analysis of Volleyball (2)
Analysis of the organization, fundamentals, techniques and strategy of coaching volleyball.

KPE373 Sports Officiating I (2)
An elective course consisting of a study of the rules and techniques of officiating basketball and soccer. Included is laboratory work in officiating in the gymnasium and on the field.

KPE383 Teaching Individual & Dual Sports (3)
Analysis of the organization, fundamentals, techniques, and strategy of teaching tennis, archery, badminton, golf, swimming, gymnastics and track and field.

KPE384 Sports Officiating II (2)
An elective course consisting of a study of the rules and techniques of officiating volleyball and baseball. Included is laboratory work in officiating in the gymnasium and on the field.

KPE402 Health Education (1)
A study of the Principles of Health Education. This course meets the requirements needed for a Professional Clear Teaching Credential.

KPE404 Sport in American Culture (3)
A study of the impact of sports on American culture.

KPE405 Statistical Analysis (3)
Statistical Analysis and evaluation of data within physical education. Analysis topics can include descriptive statistics, sampling distributions, bivariate data, probability, and common hypothesis tests. Waives general education requirement MA240 for only physical education majors. Counts as an upper division math course for Liberal Studies majors.

KPE412 Teaching PE in the Secondary School (3)
A study of the physical education techniques and materials used in junior and senior high schools.

KPE414 Organization & Administration of PE (3)
A study with suggestions for implementing the physical education program, with emphasis on departmental organization, buying and caring for equipment, care of facilities, tests and measurements and the importance of the interschool and intramural programs.

KPE415 Elementary P.E. Components & Techniques (2)
An elective course involving a study of the physical education techniques and materials used in the elementary school. An exploration of physical education activities which can be used at the elementary school levels.

KPE425 Prevention & Care of Athletic Injuries (3)
Theory and practice in the prevention and care of athletic injuries. This course will cover injury recognition and evaluation of common upper and lower extremity injuries in the athletic populations. In addition, general medical conditions found in active populations will be discussed. Prerequisite: LS221.
KPE426 Advanced Prevention & Care of Athletic Injuries (3)
An advanced course in theory and practice in the prevention and care of athletic injuries. Emphasis will be placed on fundamental evaluation and assessment skills needed by an allied health professional working with active populations.

KPE436 Motor Learning (3)
A study of the theories related to motor learning and human development and the nature of learning basic locomotor and sports skill theories as related to physiological, psychological and sociological aspects of development.

KPE446 Reconditioning of Athletic Injuries (3)
This class will provide students with advanced knowledge and practical skills pertaining to pain control, tissue repair, and joint range of motion. Injury prevention and injury management using therapeutic exercise and modalities will be presented in lecture and discussion format.

KPE448 Research in Physical Education (1-3)
An elective course involving intensive library and field study of a selected topic in contemporary physical education. 
Prerequisites: permission of the instructor; senior or graduate standing.

KPE465 Primary Physical Assessment (2)
Assessment of cardiovascular and respiratory disorders; neurological disorders; disorders of the eye, ears, nose, throat, and mouth; systematic disorders, and dermatological conditions.

KPE 479 Clinical Internship (1)
Observation and analysis of various physical therapy settings including in-patient and out-patient care.

KPE490 Senior Competency Exam (1)
Required written analysis and skill assessment exam. The student must pass the exam with at least 70% in order to graduate. Individuals in the Sports Injury Studies Program only have to complete written exam.
The Liberal Studies major is designed to offer the student a broad, interdisciplinary program of study, the epitome of the liberal arts education. Two emphases are available to Liberal Studies majors: General and Teacher Education.

**Liberal Studies/General Emphasis**

Students enrolled in the Liberal Studies/General Emphasis major complete a total of 84 semester units distributed among the following four areas:

- English & Communication 18-24
- Humanities & Fine Arts 18-24
- Social Science 18-24

In each of the above divisions, the student must complete at least 18 units and may count no more than 24 units toward the 84 unit requirement. At least 24 units must be at the upper division level. A maximum of 12 units of Bible and 6 units of music performance coursework may be counted in the Humanities/Fine Arts section of the major.

**Liberal Studies/Teacher Education Emphasis**

Students wanting to obtain a California Multiple Subject Teaching Credential may enroll in the Liberal Studies/Teacher Education emphasis. It has been developed to meet the multiple-subject program requirements of the California Commission on Teacher Credentialing.

Requirements for this emphasis include specific general education courses as well as courses selected from various disciplines taught in the elementary classroom and are listed in the column to the right. Requirements include general education core courses and an advanced specialization.

**Minimum Grade for Courses in Major**

Students in the teacher education emphasis are required to earn a grade of C- or above in every course in LS curriculum. A student who earns below a C- must repeat the course.

**Minimum Grade for Education Courses**

Students in the teacher education emphasis are required to earn a grade of a B- or better in every course taken in the Teacher Education Department. These have an ED prefix.
Areas of Specific Concentration

In addition to the courses listed above, every student must complete 12 units of advanced study in a specific area of concentration. All concentrations include HU312 Disciplinary Connections. Students select nine (9) additional units from one of the following list of concentrations:

- Communication
- Computer Concepts and Applications
- English
- Foreign Language – Spanish
- History - United States
- History - World
- Intercultural
- Israel
- Mathematics
- Music
- Physical Education
- Political Studies
- Science
- Visual and Performing Arts
- Writing
Due to the ever-increasing influence of technology, the study of mathematics is crucial not only for logical thinking, but also for the preparation for any technical vocation. In addition, mathematics is a vital part of any well-rounded liberal arts education.

The mathematics curriculum is designed to provide a strong foundational core for the student interested in pursuing graduate study and to offer students the opportunity for preparation in fields relating to applied mathematics, such as statistics and teaching. The Department of Mathematics provides a strong and thorough offering in mathematics as a part of God’s creation in a concentrated effort to integrate faith and learning. A minor in mathematics is available to students from all other departments and can be pursued in conjunction with every other major on campus.

Career Opportunities
The education students receive in Mathematics at The Master’s College will provide the first step toward careers in:

- Actuarial Science
- Applied Mathematics
- Business
- Economics
- Education
- Engineering
- Financial Analysis
- Information Systems
- Market Analysis
- Numerical Analysis
- Operations Research Analysis
- Statistics

Credit by Examination
The Department of Mathematics will grant course credit for MA121 Calculus I for the AP Calculus AB examination, MA 121 Calculus I and MA 122 Calculus II for the AP Calculus BC examination, or the AP Statistics examination for MA 262 Elementary Statistics. The student must submit proof of an earned test score of 3 or better on the appropriate Advanced Placement Examination of the College Board or a score of 50 or above on the College Level Examination Program test.

California Single Subject Teaching Credential in Mathematics
Students interested in obtaining a California Single Subject Teaching Credential in Mathematics should contact both the Mathematics and Teacher Education Departments’ advisors about specific requirements for this credential.

Comprehensive Examination
Students graduating with a degree in Mathematics will be required to take a comprehensive discipline-specific examination in their senior year prior to graduation.

MATHEMATICS CORE COURSES
The following courses are required of every student who wishes to pursue a degree in mathematics from The Master’s College:

- CS111 Intro. to Computer Programming ............... 3
- MA121 Calculus I .................................................. 4
- MA122 Calculus II .............................................. 4
- MA221 Calculus III .................................................. 4
- MA231 Linear Algebra ........................................... 3
- MA282 Ordinary Differential Equations .................. 3
- MA302 Introduction to Mathematical Proof .......... 3
- MA400 Mathematics Seminar ............................ 2
- MA412 Integrated Review .................................... 1

Total core courses ................................................. 28

In addition to the Mathematics Major Core Courses, each student must choose an emphasis that they would like to pursue from Pure Mathematics, Applied Mathematics or Mathematics Education. The requirements for each of these emphases are as follows:

Pure Mathematics Emphasis Courses
Mathematics Major Core Courses .......................... 28
- MA222 Calculus IV ................................................. 1
- MA343 Modern Geometry ................................. 3
- MA355 Number Theory/History of Mathematics .... 3

MA400  Mathematics Seminar ............................................. 1
Additional Upper Division Mathematics Courses ............. 6
Total units required for minor .................................. 25

Notes
1. All students who are interested in going to IBEX should consult their respective advisors as early as possible.
2. All students in the Mathematics Education Emphasis are strongly urged to consider taking ED300, ED400 and one from among ESL303, ESL355 and E364 during their last two years in addition to the courses required for the Bachelor’s degree as a preparation for the Fifth Year Program. Contact the Teacher Education Department for more information.
3. A maximum of two (non-general education) upper division courses from another department may be used to satisfy the “Additional Upper Division Mathematics Courses” requirement subject to the prior approval of the student’s major advisor.

Course Offerings in Mathematics

MA072  Basic Mathematics (1)
This course covers the nature of numbers and fundamentals of operations, an introduction to geometry, solving consumer applications and algebra. This course does not count toward a degree and is graded on a Pass/Fail basis.

MA090  Intermediate Algebra (1)
This course covers further studies in linear equations and inequalities, rational expressions, roots and radicals, systems of equations and functions and their graphs: polynomial, rational, exponential and logarithmic. This course is intended for those who need a refresher course before enrolling in ACC210, BUS310 and MA101. This course does not count toward a degree and is graded on a Pass/Fail basis. In addition, this course is offered as a lecture in the Fall semester and as a Lab in the Spring semester.

MA101  College Algebra & Trigonometry (3)
A standard course combining algebra and trigonometry intended as a preparation for MA121 Calculus I. Prerequisite: Two years of high school algebra, successful completion of MA090 or instructor approval.

MA121  Calculus I (4)
The first semester of a unified course, this class covers basic analytic geometry, limits, continuity, differentiation, applications of the derivative, antiderivatives and the definite integral and its applications. Prerequisite: MA101 or equivalent. (Lab fee $20.)

MA122  Calculus II (4)
The second semester of a unified course, this class covers differentiation and integration of exponential, logarithmic, and trigonometric functions, additional integration techniques, numerical methods, indeterminate forms, improper integrals, infinite sequences and series. Prerequisite: MA121. (Lab fee $20.)

MA201  Mathematical Systems for Elementary Teachers I (3)
The first semester of a unified course that provides basic
MA202 Mathematical Systems for Elementary Teachers II (3)
The second semester of a unified course that provides basic mathematical competency for teachers at the elementary school level. Topics to be covered include probability, statistics, introductory geometry, constructions, congruence, similarity, measurement, motion geometry and tessellations. Prerequisite: Permission of the Teacher Education Department.

MA221 Calculus III (4)
The third semester of a unified course, this class covers such topics as vectors, calculus on vector-valued functions, functions of several variables, partial differentiation and multiple integration. Prerequisite: MA122. (Lab fee $20.)

MA222 Calculus IV (1)
The fourth semester of a unified course, this class covers topics in advanced vector analysis including vector fields, line integrals, Green's Theorem, surface integrals, the Divergence Theorem, and Stokes' Theorem. Prerequisite: MA122. (Lab fee $20.)

MA231 Linear Algebra (3)
A course on the theory of linear equations and vector spaces, topics to be covered include linear equations, matrices, determinants, vectors, real vector spaces, eigenvalues, eigenvectors and linear transformations. Prerequisite: MA122.

MA240 Critical Thinking & Problem Solving (3)
An interdisciplinary course designed to provide the student with the analytical tools and concepts for dealing with practical “everyday” problems. Emphasis is placed on developing critical, analytical thinking and reasoning skills in the context of quantitative and logical applications. Topics covered may include logic, fallacies, abuse of numbers and percentages, problem-solving techniques, financial calculations, statistics, correlation, the normal distribution, probability and mathematics in the arts and politics.

MA256 Discrete Mathematics (3)
This course is a study of discrete structures commonly used in computer science and mathematics, including topics from sets and relations, permutations and combinations, graphs and trees, induction, recursion and Boolean Algebras. Prerequisite: MA121.

MA262 Elementary Statistics (3)
This is a general course in elementary statistics dealing with the collection, organization, display and inferential techniques of modern data analysis. Topics covered may include descriptive statistics, bivariate data, probability, probability distributions, sampling distributions and common hypothesis tests. Prerequisite: MA101 or equivalent.

MA282 Ordinary Differential Equations (3)
This course covers the forms and solutions of many different types of ordinary differential equations and their applications in the sciences. Prerequisites: MA221 and MA231.

MA302 Introduction to Mathematical Proof (3)
A practical introduction to formal mathematical proof emphasizing preparation for advanced study in mathematics. Special attention is paid to reading and building proofs using standard forms and models within the context of specific examples. Prerequisite: MA221.

MA326 Numerical Analysis (3)
This course covers some of the techniques of applied mathematics and may include such topics as the solution of equations, interpolation, numerical integration, and the numerical solution of differential equations. Prerequisites: CS111 and MA282.

MA343 Modern Geometry (3)
This course covers finite geometries, modern Euclidean geometry, constructions, non-Euclidean geometries and other topics in geometry. Prerequisite: MA302.

MA355 Number Theory & the History of Mathematics (3)
This course is designed to acquaint the student with the widely known theorems, conjectures, unsolved problems and proofs of number theory. In addition, the history of mathematics, from the beginning of recorded civilization to the present, will be covered. Topics may include divisibility, primes, congruences, Diophantine equations and arithmetic functions. Prerequisite: MA302.

MA366 Probability (3)
A general course in elementary probability theory. Topics to be covered may include the normal distribution, random variables, uni- and multi-variate probability distributions, and the Central Limit Theorem. Prerequisite: MA221.

MA383 Complex Analysis (3)
This course is an introduction to complex analysis. Topics to be covered may include complex numbers, analytic
functions, elementary functions, integrals, Laurent series, residues, poles and conformal mapping. **Prerequisite:** MA302.

### MA400 Mathematics Seminar (1)
A lecture/discussion course reviewing recent articles appearing in mathematical journals accessible to undergraduate mathematics majors. May be repeated once for credit. This course is a capstone integrative course. **Prerequisite:** MA282.

### MA412 Integrated Review (1)
A comprehensive review of the undergraduate mathematics curriculum for the purpose of preparing students for standardized examinations, such as the PRAXIS and the CSET (for prospective teachers), the GRE (for prospective graduate students), actuarial examinations (for prospective actuaries), and the senior subject examination in mathematics. This course is a capstone integrative course. **Prerequisite:** Senior standing in Mathematics.

### MA425 Mathematical Modeling (3)
This course covers the application of mathematical tools to enlighten and solve selected problems in the “real world.” Areas may include economics, finance, life sciences, computer science and physics. **Prerequisite:** MA428.

### MA434 Partial Differential Equations (3)
This course is an introduction to the subject of partial differential equations. Topics to be covered may include Fourier series and integrals, the heat equation, the wave equation, the potential equation, and Laplace Transforms. **Prerequisites:** MA222 and MA282.

### MA445 Real Analysis I (3)
The first semester of a unified course, this class covers topology in real space, the axioms of the real numbers, sequences, limits, continuity, convergence and differentiation. **Prerequisite:** MA302.

### MA448 Real Analysis II (3)
The optional second semester of a unified course, this class covers the Riemann integral, the inverse and implicit function theorems, integration and other advanced topics of calculus. This course is recommended for those students who are interested in pursuing graduate studies in mathematics. **Prerequisite:** MA445.

### MA453 Abstract Algebra I (3)
The first semester of a unified course, this class covers groups, homomorphisms, factor groups, isomorphisms and free groups. **Prerequisite:** MA302.

### MA458 Abstract Algebra II (3)
The optional second semester of a unified course, this class will cover rings, factor rings, fields, ideals, factorization, extension fields, automorphisms and elementary Galois Theory. This course is recommended for those students who are interested in pursuing graduate studies in mathematics. **Prerequisite:** MA453.

### MA482 Topics in Mathematics (3)
This course will consist of selected topics to be chosen by the professor. This course may be repeated once for credit. **Prerequisite:** Instructor approval.

### MA498 Tutorial Studies in Mathematics (1-3)
Individual study under the guidance of a faculty member. **Prerequisite:** Instructor approval.
The Department of Music continually works to create for the entire student body an atmosphere which is conducive to cultural growth and an appreciation for the fine arts. As an institutional member of the National Association of Schools of Music, the department aims to give a well-balanced scope of many styles of music and opportunities for exposure to those styles.

The curriculum offered by the Department of Music is designed to serve the entire college community. Applied Music courses (private lessons, ensembles, etc.) are available to all students of the college for active music participation and development of individual musical skills. Additional courses are open as well for growth in the knowledge and expression of the musical arts.

Mission

The mission of The Master’s College Music Department is to develop, with Biblical perspectives, individuals having an intrinsic desire to excel; to produce knowledgeable and skillful musicians through comprehensive musical training; and to promote intellectual understanding, artistry and community responsibility.

Degrees

Students select from two degrees and eleven emphases. The Bachelor of Music degree is offered in vocal performance, piano performance, performance with emphasis in piano pedagogy, instrumental performance, church music ministries, music education, and composition. The Bachelor of Arts degrees include B.A. in Music, B.A. in Music with emphases in Youth Ministry, Biblical Studies, and Communication. Degrees are designed to be completed in four years, but students who wish to take advantage of extra courses and ensembles may require additional sessions or satisfaction of requirements through CLEP or AP courses.

THE BACHELOR OF MUSIC degree is a professional degree designed for those with a strong music background who anticipate a vocation in music. It prepares candidates in comprehensive musicianship and performance skills for graduate school and a variety of music careers.

B.M. in Performance prepares students for a career in performance, teaching, or for advanced study in piano, voice, or an instrument. The program includes a breadth and depth of music studies to ensure a thorough foundation. The B.M. in piano performance with emphasis in pedagogy allows piano majors who plan to teach the opportunity to focus on pedagogy through course work and practical experience. Students must demonstrate satisfactory progress toward a performance degree by the end of the sophomore year in order to continue in the emphasis.

B.M. in Church Music Ministries prepares students for ministry in churches that embrace evangelical traditions. It equips them with a variety of skills in music, leadership, and organization, along with strong biblical training, and provides hands-on experience as an intern in a local church. Students are trained to effectively lead others in choir programs for all ages, instrumental programs, and worship teams and bands.

B.M. in Music Education equips the student with the necessary skills, understanding, and methodology to teach vocal, instrumental, and general music in the elementary/secondary school system. Certification begins after this four-year degree program since the State of California requires completion of a bachelor’s degree before beginning the California teaching credential.

B.M. in Composition gives students the foundation to continue in graduate school or engage in one of many careers in music. Examples include composing, teaching, performing, and careers in the recording industry. Students acquire skills in instrumentation, arranging, and other aspects of composition, along with experiencing performances of their own compositions. Students learn to write both short and long forms in various representative musical and instrumental idioms, are encouraged to explore trends in modern music composition, and experiment with compositional styles in order to discover a personal compositional “voice.”

THE BACHELOR OF ARTS degrees are for students with a musical background who desire to achieve a solid education in music along with a significant amount of study in other areas. Performance requirements may be satisfied by a recital or a project.
The Bachelor of Arts in Music serves students who choose music as the focus of a broader, liberal arts education. The program offers flexibility in focus and course content. The wide range of learning coupled with the discipline music engenders opens doors in numerous music-related and non-music fields.

The Bachelor of Arts in Music with Emphasis in Biblical Studies provides a foundation in both areas and serves as a valuable precursor to seminary or graduate study in music, as well as preparing entry-level music pastors and assistant pastors.

The Bachelor of Arts in Music with Emphasis in Communication gives rounded skills in both areas to prepare students for graduate school or for entry-level positions in a wide range of vocations. Examples include public relations, the recording industry, sound engineering, church music ministry, musical theater, music editing, music publishing, and teaching.

The Bachelor of Arts in Music with Emphasis in Youth Ministry targets those preparing for a combined ministry in a smaller church requiring a broad grounding in music along with the ability to relate to youth and lead a youth program. It provides a background for graduate school or seminary with the expectation that those continuing in such a vocation would seek additional training in one of the two disciplines.

In addition, the department offers a minor in music, which offers grounding in the basics of music and worship, along with individual training and ensemble performance opportunities. Music is so much a part of church life that the music minor is highly recommended to all who are involved in the church in any capacity. It also provides a well-rounded education for any major.

Due to the standards of the California Commission on Teacher Credentialing, students desiring to obtain a Single Subject Teaching Credential in Music should consult an advisor about specific course requirements.

Computer Lab
The Master’s College music facilities include a computer lab that features Macintosh/Roland music work stations, each complemented with the most recent music notation and sequencing software application programs. Combined with a quality audio recording system and CD-ROM music library, The Master’s College music student has access to the latest in computer generated composition, digital sequencer recording and educational technology. The Music Department offers courses in conjunction with the music technology lab that focus on equipping students with the abilities and experience to utilize the technologies available to the music profession.

Careers
A major in music provides discipline and whole-brain learning that prepares the conscientious graduate for success in nearly any field. The department strives to acquaint music majors with musical careers by inviting individuals from diverse sectors of the music field to share with students their experience and show what is available. A music degree opens many possibilities, such as the following:

- Performer
- Educator
  - Elementary & Secondary
  - College & University
  - Private Studio
- Church Music Ministries Personnel
- Pastor
- Music and Recording Industries Specialist
- Music Software Developer
- Community Arts Manager
- Performing Arts Administrator
- Composer/Arranger
- Conductor
- Music Librarian
- Music Therapist
- Ethnomusicologist

Concerts
The Master’s College Music Department presents concerts each semester which include staged productions such as Opera Scenes, a “Come ChristmasSing” concert series, a major oratorio, wind ensemble, orchestra, and choral concerts.

All students taking private instruction are involved in recitals each semester. In addition, the music faculty offers a variety of faculty performances. All musical performances are open to the college and the community.
Performing Groups
Vocal choirs include Collegiate Singers, a non-auditioned campus community choir, as well as three auditioned choirs: The Master's Chorale, Women's Chamber Choir and Majesty. Instrumental groups include the Wind Ensemble, Chamber Strings, various chamber groups, and handbell choirs. These groups present concerts on and off campus, and many tour annually within the United States and/or internationally. The Master's College Chorale and Majesty are requested by major Christian recording labels for nationally released albums.

General Requirements
Concert attendance is necessary for all music majors to enrich their musical understanding and to enhance their own performance. Enrollment in Concert Attendance is required every semester.

A reasonable level of keyboard proficiency is required. The proficiency exam should be passed by the end of the junior year by all students pursuing the degrees Bachelor of Music and Bachelor of Arts in Music. These students must be enrolled in piano instruction until the requirement is met. Candidates for the Bachelor of Arts in Music with Emphasis in Biblical Studies, Youth Ministry, or Communication have separate requirements as listed in their course offerings.

Each student must choose a primary performance instrument and is required to enroll in Individual instruction in that instrument every semester. Composition students and students whose primary instrument is piano, voice, or guitar must enroll in their discipline's practicum every semester.

All students enrolled in private lessons for credit are required to take an examination each semester at the discretion of the instructor. All music majors and minors must be enrolled in Collegiate Singers every semester.

Senior B.M. majors in Church Music Ministries and candidates for the B.A. music degrees must appear in a satisfactory senior recital in their chosen performance area or complete a satisfactory project before graduation. Students giving a recital must meet the departmental standards for student recitals. They must obtain approval from the faculty for their program at least one month before their performance date. Students completing a project must obtain faculty approval of the topic, scope and medium before beginning the project.

Vocal performance majors take six units of foreign language, including three units of Beginning Italian I. The other three units may be satisfied with Beginning Italian II, or beginning courses in German, or French, as offered. Expected proficiencies include a basic understanding of the grammar, beginning vocabulary, and skill in pronunciation.

Candidates for the B.M. degree in performance must obtain approval from the music faculty at the end of the sophomore year in order to continue the degree program. Junior performance majors must give a satisfactory recital at least 30 minutes in duration; senior performance majors must give a satisfactory recital of at least 60 minutes in duration. All recitals must meet the departmental standards for student recitals. Music to be performed must be approved by the instructor and permission to give the recital must be obtained from the faculty at least one semester in advance. Students must be concurrently enrolled in private instruction the semester a recital is given.

Mr. Wayne A. Dell, Director

The Center for Professional Studies program is designed to meet the needs of today's working adult learner. We understand the value, reward and challenge of completing your degree and have made every effort to make this pursuit as practical and convenient as possible. By design, the program is a compressed course of study and your class will meet for instruction only one evening a week for four hours, 6:00 – 10:00 p.m. You will learn in an interactive teaching/learning format conducive to the adult learning style.

The Center for Professional Studies offers a fully accredited bachelor degree in three various majors. The degree completion program can be completed in as little as 20 months, depending upon the major course of study selected and sufficient transfer units.

The major program is open to adults 25 and older who have a testimony of personal faith in Jesus Christ, a grade point average of 2.0 or better in all prior academic work from an accredited college, and an ability to write at the collegiate level.

At the Center for Professional Studies, you will be going through the program as a cohort, allowing you to work on one class at a time and enabling you to meet with the same classmates throughout the entire program. This provides an excellent opportunity for encouragement, support, accountability, camaraderie and lasting relationships while at the same time moving toward completion of your educational goals.

The classes at the Center for Professional Studies are kept small (typically 12-18 students), allowing for personalized attention. We believe that personalized discipleship enhances spiritual maturity and that personalized scholarship encourages the pursuit of individual academic excellence, as unto the Lord.

Admissions

The Master's College welcomes applications from all individuals who have a testimony of personal faith in Jesus Christ as Lord and Savior. The college is committed to a policy of non-discrimination on the basis of ethnic origin or sex in its admission policies.

Admission Requirements

- Statement of Faith
- Minimum age of 25
- Sixteen (16) transferable units with a grade of “C” or better
- Ability to study and write at the collegiate level
- Completion of application forms and payment of the $35 application fee

Application Process

To be considered for admission, the applicant should follow these steps:

1. Call to schedule an appointment with an enrollment counselor.
2. Complete and submit an application with the $35 application fee.
3. Request official transcripts from all colleges or universities attended.
5. Complete Financial Aid forms.

Once the application has been processed, notification of applicant's status will be provided in writing. A $100 Registration Fee will be required upon entrance into the program. This fee reserves the student's place in their requested program.

International Students

The F-1 visa requires the CPS student to enroll in full-time studies for each semester. A full-time student in the CPS program is defined as a registered adult over the age of 25 who meets each of the following criteria:

1. Matriculates twelve (12) or more units per semester with no more than three (3) units taken as directed study or video instruction per semester counting toward the minimum of 12 units.
2. Enrolled in twelve (12) or more units for at least two of the three semesters per 12 month period.
3. Matriculates twenty-four (24) or more units per 12 month period.

*Applicants with low units should contact an enrollment counselor regarding the Degree Completion Program General Education School.
Please note that a student may choose not to enroll in classes for one out of three semesters during a 12 month period without losing full-time status if they contract to return to CPS the following semester as a full-time student.

Failure to meet the above criteria will result in losing full-time student status and necessitate standard procedures for reinstatement.

**Assessment**

During enrollment in the Center for Professional Studies Degree Completion Program, students are required to do a considerable amount of writing, which must be done in accordance with college standards. Saturday morning workshops are offered, allowing those applicants who show a need for improvement an opportunity to learn and develop required skills.

**Financial Aid**

It is our hope that you would not let your thoughts about financing your college education prevent you from returning to college until you have familiarized yourself with the various options for making your Christian education affordable. Over the years we have assisted a great number of students in finding ways to finance their college education. Simply contact one of our enrollment counselors to learn about the possibilities for funding your college education.

Preparing for college does require advanced planning, especially in the area of faithful financial stewardship. The following are among the options that may be available to you depending on your qualifications:

1. Federal Pell Grants
2. Federal Family Educational Loan Program
3. Veterans Benefits
4. Employer Tuition Reimbursement

Any student wishing to apply for financial assistance in the Degree Completion Program should contact an enrollment counselor who will provide all necessary applications and counseling to complete the application.

---

**Degree Completion Majors**

The Center for Professional Studies offers three major courses of study in addition to its School of General Education. Students may earn a Bachelor of Arts degree in Organizational Management, Christian Ministries or Liberal Studies.

**Bachelor of Arts in Christian Ministries**

The Bachelor of Arts in Christian Ministries has been designed to provide Christian adults with an in-depth understanding of the Word of God and help them acquire valuable ministry skills and tools while in the process of completing their bachelor's degree. For men and women currently involved in Christian ministry, the program provides immediate applicable knowledge and ministry-enhancing practical skills. For those considering entering or progressing in formal ministry or full time Christian work, this program provides rich insights into the character of God and helps individuals develop the personal and spiritual disciplines necessary to become an effective servant of Christ. The well-balanced curriculum features a comprehensive overview of both the Old and New Testament Scriptures, as well as an in-depth examination of the major theological foundations of the Christian church.

The purpose in presenting this study program is to see the student grow in his/her faith in the Lord Jesus Christ, in the knowledge of God's Word, and in ministry for the furthering of God's Kingdom. During the program, students will have the option of writing a ministry research paper or taking a comprehensive ministry exam.

Bachelor of Arts in Liberal Studies

The Bachelor of Arts degree in Liberal Studies was developed to accommodate the Christian who desires to acquire a wide range of skills that open opportunities in a variety of career and professional fields. Its purpose is to equip the Christian student for effective service within the public or private sector.

This innovative degree option is beneficial to students for a career in education and to provide preparation for those who desire to pursue the California Subject Examinations for Teachers: Multiple Subject Examination. Our Liberal Studies degree represents an optimum liberal arts curriculum. This interdisciplinary major presents an excellent alternative for those who are pursuing a broad based curriculum in preparation for entering graduate school. The student will receive a Christian worldview education that will permeate their philosophy and practice of education.

Bachelor of Arts in Organizational Management

The Bachelor of Arts in Organizational Management is designed to equip Christian adults with valuable management skills and tools while in the process of completing their bachelor’s degree. For individuals currently involved in a business or organizational setting, the program provides immediate applicable knowledge and performance enhancing, practical skills. For those entering the vast arena of business and organizational settings, the program helps develop the personal and spiritual disciplines necessary to become an effective leader.

The curriculum is organized so that the courses offered in the first semester provide a basic understanding of the management field, the communication tools necessary to succeed and the framework for the Christian in the workplace. The second semester addresses specific dimensions in the field of management. For each of the courses, the educational process emphasizes the participative or inductive teaching style set in a Christian environment to achieve learning built upon the significant experience which the students bring to the classroom.

General Education

General Education Completion Options
Recognizing that the Center for Professional Studies (CPS) serves a nontraditional student body with responsibilities that make traditional day classes difficult to schedule, steps have been taken to make completion of General Education requirements more convenient for the adult student. There are several options available to students for completion of general education requirements. Along with Community College classes and correspondence courses from other colleges and universities, students may pursue the following options through The Master’s College, Center for Professional Studies.

School of General Education
The CPS School of General Education serves as a bridge to the Degree Completion Program for those adults with minimal college units. By enrolling in the School of General Education, these students can earn units and position themselves as qualified applicants for the accelerated Degree Completion Program. Additionally, the School of General Education offers students in the Degree Completion Program the opportunity to fulfill their general education requirements by attending weekly compressed classes on nights other than when the major program classes are held. A Christian worldview permeates every course; instructors are uniquely gifted and qualified.

Video Courses
There a number of video courses available from The Master’s College, such as U. S. History, U. S. Government, English Literature, World History and many others. Students may take these videos home and complete the course work on their own schedule (within CPS guidelines).

Directed/Independent Study
Students may take individually-directed courses from CPS professors. CPS professors design these courses. Assigned work is to be completed by the students on their own.

CLEP Testing
There are several CLEP tests that can be administered by Career Services at The Master’s College. Passing these tests provides college-level credit in such courses as English Composition, Introduction to Psychology, Chemistry and many others.

Post Session
These courses, which are held both during the day and evening, are standard college classes which are compressed into an intense, three-week period of time. Post Session classes are scheduled during the weeks immediately following the beginning of the traditional college summer and winter breaks.

Prior Learning Assessment (PLA)
Prior Learning Assessment is a systematic process by which students may receive academic credit at The Master’s College. The college-level learning that qualifies for credit must have occurred prior to entering The Master’s College, either through informal life-learning or non-credit courses.

Center for Professional Studies Course Offerings

CHRISTIAN MINISTRIES

BIB302 Ministry Symposium (2)
This course begins with a focus upon the tools and techniques for the adult learner. Critical skills for those transitioning into adult education such as time management, goal setting, reading improvement, goal setting, and study principles are examined. A brief foundation is laid for use of current technology in the classroom. This is followed by a discussion of four elements essential to ministry: a high view of God, a high view of God’s Word, a high view of the Church, and a realistic view of the World. Each of these theological components establishes the necessary foundation for building a philosophy of ministry. The concept of a Christian worldview is also introduced in this course.

BIB347 Expositional Research (2)
The student will be introduced to the methods of biblical and theological research in terms of traditional library methods as well as various computer and on-line systems.

BIB345 Bibliology and Hermeneutics (4)
The various hermeneutical systems demonstrating the soundness and superiority of the historical-grammatical
approach to biblical interpretation are discussed. In addition, the doctrine of Bibliology and its foundational relationship to all of theology and ministry is presented. Finally, practical considerations in the study of God’s Word are reviewed.

BIB383 God, Christ, Holy Spirit, Angels (4)
The first theology seminar will cover the major fields of systematic theology beginning with Prolegomenon and continuing with Cosmology, Theology Proper, Christology and Pneumatology. The areas of study will center on the biblical defense for these areas as well as an examination of classic understanding of these doctrines from church history.

BIB384 Man, Sin, Salvation, Church (4)
The second theology seminar covers the doctrinal subjects of Anthropology, Harmartiology, Soteriology, Ecclesiology, and Eschatology. In addition, a brief discussion of the various Protestant theological systems will be included.

BIB363 Christian Worldview (4)
This class will examine why biblical worldview is about Total Reality; not just about religious truth. It will equip the student to critique erroneous worldviews for the purpose of becoming effective in evangelism. The class will also examine the need for, and the methodology used in, presuppositional apologetics. It will also consider the appropriate use of Christian evidences, and their proper place in the apologetic presentation.

BIB482 Biblical Counseling (4)
The basic concepts and distinctive features of biblical counseling are introduced. Discussion in this course will include a description of what biblical counseling is and what it involves, the qualifications of biblical counselors, the roles of the counselor in biblical counseling and the role of the counseling in the ministry of the local church. Emphasis will be placed on the theological foundations of biblical counseling and the key aspects of progressive sanctification. In addition, practical suggestions will be given concerning the counseling process. Case studies will be utilized to enhance learning.

BIB481 Christian Education (2)
An introduction to the philosophy and process of Christian education for all age levels.

BIB385 Church History (4)
The final theology seminar presents an overview of church history tracing the growth and development of Christianity from the Apostolic Age to modern American Evangelism. Emphasis will be placed on the development of the major Protestant denominations and associations emerging from the different traditions of the Reformation era.

BIB483 Missions (2)
The biblical approach to missions and evangelism in the local church setting is presented. Examination of both local and international missions from a biblical perspective and a basic model of a local church missions program are discussed.

BIB365 Worship in Music: Modes and Methods (2)
This course examines the practical outworking of individual and corporate worship in the light of a biblical understanding of the Person and Nature of God. Various philosophical and methodological approaches to music in worship will be briefly discussed, focusing on the symbol and substance of worship.

BIB484 Church Administration (2)
The key issues in church administration are considered in this course. Budget preparation, multi-staff planning and development, committee work, relations between “pastoral” and “lay” leadership, and other practical aspects of the day-to-day operation of a “typical” local church will be covered.

BIB486 Foundations of Contemporary Church Ministry (4)
This course is designed to allow the student to make use of the theological material and skills acquired throughout the program. Along with short research papers in which students will interact with various issues and challenges facing the contemporary church, they will also identify and present in written form the philosophy of ministry, statement of leadership philosophy, doctrinal foundation, and curriculum strategy they would use to start a new church.

BIB324 Comprehensive Ministry Exam (3)
Comprehensive Ministry Exam to be completed directly after the Christian Ministries coursework. Questions requiring essay responses will be given toward the beginning of the first semester for investigation and research.

LIBERAL STUDIES

BIB305 Traditions and Transitions (3)
The tools and techniques for adult learners are the focus of this course. Critical skills for those transitioning into adult education such as becoming a master student, time management, goal setting, communication techniques, and study principles are examined.

BCW400 Christian World View (3)
A study of the application of biblical data to contemporary culture, science and the arts so as to define a Christian world view, integrating liberal arts learning with biblical truth. Beginning with issues of epistemology, the student
will be exposed to the relationship between the Bible and natural science and the humanities, concluding with an emphasis upon the apologetic value of the world view to modern life.

**E497 Advanced Writing Development (4)**

Advanced Writing Course emphasizing the development of thought, critical structure of thought development into coherent writing discourses. Explores grammar and usage as well as Classical Rhetoric which broadens conceptual depth and content and looks to refine stylistic and organizational repertoire in expression. Involves extensive practice in written and oral presentations.

**SS381 Cultural Geography (3)**

An examination of human geography, including worldwide patterns and developments concerning demographics, race, language, religion, industrialization, urbanization and ecology. Locations of all the world’s nations will be learned during studies of regional geography.

**HU479 Arts in Culture; Music, Film, Art (3)**

This course surveys the major periods, media, and styles of art, music, and film. A major goal is to establish historical and cultural aspects of the medium of the three perspectives of the visual and performing arts. Students will examine the connections to the worldview expressions of artists, musicians, and film makers.

**PS338 Astronomy (4)**

Methods of measurement and observation in astronomy are studied from a historical perspective. The solar, stellar and galactic systems are studied in detail accompanied by observations. Various cosmological viewpoints and their underlying assumptions are presented.

**PS328 Oceanography (4)**

The biological, chemical, physical, and geological aspects of the world’s major oceans are studied. Particular attention is paid to the Southern California coastline. The laboratory consists of field studies and laboratory analyses and evaluations. Prerequisites: LS140 or LS 251 and upper division status. (Lab fee $55)

**H311 Christian Political Thought (3)**

A study of major Catholic and Protestant political ideas from Augustine and Aquinas through the Reformers. Analysis stresses comparison of each with Scripture.

**H391 Development of Christian Western Thought (3)**

A study and analysis of the development of Western political ideas and their import on the development of Christian Western Thought including the early adoptive ages of the Puritans, the Founding Period, through the Jeffersonian era to the present. Students will learn why Western political thought and ideas were formed while the nation also matured under the authority of the Scriptures bringing order to bear on a lawless new frontier and society.

**E334 The Short Story (3)**

A study of short fiction from masters of the short story genre. Explores the fictional elements, techniques, themes and interpretation of representative works from classic and contemporary authors. Includes attention to the historical development of the genre.

**C471 Intercultural Communications (3)**

Analysis of theories and techniques of the process of communication between persons of different cultures or subcultures. Includes the development of issues-related interpersonal communication that bridges or enables closer and more transparent communication across the cultures.

**E477 C.S. Lewis (3)**

A study of the life of C.S. Lewis as viewed through the perspective of his writing, his faith, his discovery of the truth through awakening of the Spirit and the intrinsic development of his writing. Includes a thorough analysis of how Lewis’s faith not only infused his writing, but helped him to become one of the great communicators and apologists of the Christian faith in later 20th century.

**BTH321 Christian Theology I (3)**

A Survey of Christian theology in the areas of God (Theology Proper), the Bible (Bibliology), angels (Angelology), including Satan and demons, Christ (Christology) and the Holy Spirit (Pneumatology).

**BIB301 Biblical Business Thinking and the Christian Worldview (2)**

This course is designed to re-introduce the student into the rigor of college life. Academic skills such as becoming a master student, time management, goal setting, and study principles are examined. The process of critical thinking and analysis as well as the concept of a Christian worldview will be covered. Identification and study of the characteristics of successful leaders and the traits they exhibit in everyday decision making responsibilities.

**MGT411 Organizational Management (4)**

A study of organizational structure, its processes and associated human behavior in a constantly changing environment. Management is presented in terms of the four major functions: planning, organizing, leading, and controlling. A comparison of Organizational Behavior and biblical principles are discussed.
MGT335 Organizational Communication (6)
The principles of communication within an organization are presented. Effective communication methods, both oral and written, will be taught and practiced with an emphasis in using the proper communication method for any given situation.

BIB453 Biblical Ethics in the World of Business (4)
This course discusses the current thought and application of secular situational business ethics and how it affects our society and the market place. These ethics are compared and contrasted to biblical ethical standards. This course directly instructs the Christian in practicing moral decision-making based on the Bible.

MGT409 Leadership Principles & Strategic Management (3)
Includes an introduction of both secular and biblical examples of leaders and how Christian ethics make a difference in their leadership role. The student is confronted with organizational management issues faced by a manager in today’s marketplace. The course assists students in conducting strategic analyses and making strategic decisions while emphasizing the ability to defend the recommendations that are made.

MGT413 Human Resource Management (3)
This course explores organizational policies and practices of recruitment and selection, change and development, compensation and benefits, safety and health, employee and labor relations, and legislation. This course will integrate the above policies with strategically helping management obtain organizational goals.

MGT345 Business Law (3)
A study of legal theory as it applies to the everyday business world inhabited by organizational managers. The student studies the principles of business law and the legal environment including the legal process, contracts, commercial relations, business formations, and special topics such as property, environmental law, labor-management relations, and international law.

MGT430 Technology and Organizational Decision-Making (2)
This course will present an effective overview of today’s complex and ever-changing technologies and assist the student/manager in the organization to frame and choose the technological tools available only as they ultimately contribute to enhancing the mission of the organization and effective decision-making by the manager.

MGT425 Strategic Marketing in a Global Setting (4)
Basic marketing theory and terminology in a global environment are presented. Students will have the opportunity to analyze real-world cases, explore domestic and international situations and problems, identify and evaluate critical marketing data, and present their solutions to complex global marketing issues.

MGT435 Financial and Managerial Accounting (4)
Financial concepts and tools for the organizational manager are presented. The objectives of the course are to study and understand the general concepts of financial and management accounting, to understand these concepts in relation to “real world” organizational activities, and to learn how to perform analytical functions essential to successful organizational management.

MGT461 Management Project (4)
This course is used to finalize preparation of the student’s curriculum portfolio and to measure the student’s academic achievement in the Organizational Management’s subject matter. The course is designed to take knowledge learned in the OM curriculum and construct a viable action plan that could be used for the capitalization of a small business start-up or buyout. The overall objective is that the students develop the knowledge and skills necessary to own and/or operate a small company that effectively uses biblical principles and Christian ethics that honor the Lord. This course would also be practical for students conducting an operational business plan within their existing place of employment.
The Master’s College began offering Distance Education Extension Program (DEEP) courses during the Fall 2007 semester. The central purpose of DEEP is to use technology to provide the opportunity for a larger circle of conservative evangelical believers on a worldwide basis to take a variety of Biblical Studies courses, as well as college-level general education courses, taught by TMC faculty from a distinctively biblical worldview. DEEP provides courses (but not complete degree-programs) to enrich local church membership and provide a complement to the more advanced study degree-program completed on-campus at TMC.

**INTENDED AUDIENCE**

Individuals who could benefit from DEEP classes include church members desiring a rigorous study of the scriptures, college students needing selected general education courses for transfer purposes, academically strong 12th grade students capable of taking college-level classes, and college-age international students being mentored by a missionary.

**DEEP COURSE FORMAT**

DEEP courses are delivered over a ten-week period utilizing a combination of DVD and internet technology. Course lecture presentations are delivered via DVDs, and student-accessible web pages on the College’s secure website to obtain syllabus and other handout information, submit course assignments, participate in threaded discussions, and take tests.

**ENROLLMENT OPTIONS**

Courses can be taken on an audit-only or for-credit basis. Students must go through an admissions process, and those planning to take the course for credit must meet the same admissions requirements as for the College’s traditional undergraduate program. Admission to the DEEP program does NOT guarantee future admission to the College’s traditional undergraduate program. DEEP courses are designed so that they can be taken either individually (with the student’s church acting as the proctor for tests/quizzes), or in a church-based classroom format.

**APPLICATION PROCEDURE**

In order to be admitted to TMC DEEP, the applicant must have completed the equivalent of the eleventh grade of high school. He/She must be able to give a clear testimony of the basis of his/her salvation and hope of eternal life. In addition, he/she must be in general agreement with the doctrinal position of the College. Each student must have access to a DVD player and a computer with an internet connection. In a church group, the DVD player is often provided by the church, which gathers the students around a single player to watch the DVD-based lectures together. Students will need internet access to be able to download course materials, upload completed assignments, participate in threaded discussions, and take course examinations.

The DEEP application materials are available online through the “how to apply” link on the DEEP website (www.masters.edu/deep). As part of this application, the applicant will be required to have his/her pastor fill out the pastoral reference form.

If the course is being taken for credit, the pastor must agree to make sure the student is proctored in taking course tests in order to assure academic rigor. The proctor will be responsible to monitor the student in the taking of tests to make sure that test procedures are being followed. The student will be responsible to schedule a time with this proctor to take his or her tests.

**COURSE ADMINISTRATION PROCEDURES**

Once the student has been accepted and has enrolled in a DEEP course, he/she will be sent the course DVDs and a username, password, and address for
the DEEP website. The student will need to access this website to obtain the syllabus, course schedule, handouts, assignment instructions and tests. Once the course begins, for-credit students should plan to spend approximately 5 to 7 hours per week completing the required activities as scheduled on the course syllabus including viewing of required DVD lectures, completing assignments, and participating in threaded discussion forums and group projects. For-credit students there will be weekly reading, 2 to 5 unit examinations, and 1 to 3 writing projects per semester. The writing projects are often balanced with the tests so that in classes with many tests, there are fewer writing projects.

The audit-only student will be expected to watch the DVD’s following the course lecture schedule on the DEEP website. They will be able to complete the class assignments on an ungraded basis if they desire. Audit-only students should generally expect a workload of approximately four hours of video lectures per week.

It is the College’s goal to make the learning which occurs online as smooth and effective as possible. To this end, students can contact the TMC DEEP office during office hours with help for any difficulties with any aspect of the course.
The Master's Institute

Dr. Thomas A. Halstead, Director

The Master’s College offers individuals the opportunity to study the Bible in a systematic manner through The Master's Institute (TMI).

The Institute, a unique program offered by The Master's College, is an intensive one-year Bible certificate program designed to help students grow and mature in the Word and aid the church in “equipping the saints”. Providing students with the opportunity to build a solid foundation on the Word of God, the Institute's curriculum offers a systematic study of the Bible and Theology. Through TMI, students gain a practical working knowledge of God’s Word and the ability to express that knowledge.

However, The Master's College recognizes that just an academic knowledge of the Bible is not enough; knowledge needs to be expressed in serving the needs of other saints. To facilitate such service, the Institute helps students discover how they can effectively use their spiritual gifts to serve others. The Master's Institute faculty and staff assist students in finding areas of voluntary service where they can build up the Body of Christ and share the Gospel with unbelievers.

In addition to solid Bible training, upon completion of The Master's Institute, two additional opportunities are available. First, a student may transfer into the baccalaureate program at The Master's College and still complete a bachelor's degree in four years. Second, The Master's Institute coursework is transferable to any other Christian college since The Master's College is accredited by the Western Association of Schools and Colleges (WASC).

The Master’s Institute meets the need for a foundational biblical education for the following people:

- Recent high school graduates, or those over 18 years of age;
- College graduates and professionals who desire biblical training to help them penetrate their unique spheres of influence with the Gospel;
- Students in their college years who see the need for Bible training before continuing higher education;
- Those in the midst of college who see the need for Bible training before continuing their higher education;
- Those preparing for ministry in the mission field or for seminary;
- Men and women of all ages who desire some basic Bible training to effectively use their spiritual gifts in ministering in the local church.

Course Information
The Master's Institute curriculum is comprised of 32 units of Bible courses as follows:

- B101,102 Old Testament Survey I, II ........ 3,3
- B201,202 New Testament Survey I, II........ 3,3
- BTH321,322 Christian Theology I, II ........... 3,3
- Bible Electives ................................................. 14

Total units required for certificate .................... 32

A Certificate in Bible is given upon satisfactory completion of the above courses. The program may be completed in one year, or may be extended if desired. In order to receive a certificate of completion, a minimum cumulative GPA of 2.0 must be maintained.

APPLICATION PROCESS
Anyone interested in attending The Master's Institute should contact The Master’s College Office of Enrollment (800-568-6248) for an application.
The Master's College is authorized to recommend candidates for both Multiple and Single Subject Preliminary teaching credentials. As a faith-based institution, the purpose of the credential program is to enable students to become excellent teachers who integrate faith into teaching, learning, and living.

A major in teacher education is not acceptable for a California credential. Instead, credential candidates are expected to complete an undergraduate major that will prepare them in the content area(s) they will teach. In most content areas, candidates must also pass a subject matter examination.

Following the subject matter preparation and the posting of a bachelors degree, candidates complete a series of graduate level courses that prepare them to teach the subject(s) authorized by the credential, to teach special education and English learners in the regular classroom setting, and to gain other information and skills needed to obtain a credential.

Admission Requirements for the Teacher Credential Program
Students must complete separate admission processes to be admitted to BOTH the college and to the Teacher Credential Program. No Teacher Credential Program courses can be taken prior to admission to the graduate level Credential Program.

Application for admission to the Teacher Credential Program is normally submitted during the first semester of a student's senior year. A student must have taken the California Basic Educational Skills Test (CBEST) and must have at least a 2.75 cumulative grade point average for admission to the program. Additional admission requirements and information about the admission process are available in the Teacher Education Office.

NOTICE: It is important to check with the Teacher Education Department for updates regarding any modifications and/or additions to the stated list of courses and requirements. Periodically, the state of California mandates changes in program structure and content, which the college is required to implement.

Requirements for Preliminary Multiple Subject Credential
Students interested in obtaining a Multiple Subject Credential (which authorizes teaching in public elementary schools and other self-contained classrooms) must:

1. Earn a bachelor's degree at a regionally accredited college or university.
2. Prove subject matter competence and become No Child Left Behind compliant by taking and passing the California Subject Examination for Teachers (CSET).
3. Complete a state-approved program of credential coursework that includes authorization to teach English learners in the regular classroom.

Meeting Requirement 1:
The Master's College Liberal Studies/teacher education bachelor's degree program has been approved by the California Commission on Teacher Credentialing. Its design is based on the same content standards that were used to develop public school curriculum in elementary schools. The CSET examination was developed using these same standards, so this major provides the best preparation for the examination. It also includes early classroom experiences and courses that build background knowledge for the credential courses. The requirements for this major are explained in the Liberal Studies section of this catalog.

Meeting Requirement 2:
Take and pass the California Subject Examination for Teachers (CSET) before beginning student teaching.

Meeting Requirement 3:
The Master's College has a State-approved credential program for the Preliminary Multiple Subject Credential. It consists of prerequisites, the credential courses, and other requirements.

Prerequisites or concurrent enrollment (part of the Liberal Studies-teacher education major):

ED400  Foundations of Education
ED410  Technology Uses in Education
FIFTH-YEAR PROGRAMS

Credential Courses (some courses must be taken concurrently):

ED500          Practicum                                     3  
ED510          Teaching Reading/Language Arts in Elementary School    4  
ED530          Teaching Strategies in the Elementary School     4  
ED550          Teaching Strategies/English Learners                2  
ED560          Differentiation for Exceptional Learners             2  
ED570          Colloquium                                          3  
ED580          Elementary Student Teaching                         12

Before Applying for Credential:

POL220         U.S. Government                                    3  
                   (a graduation requirement at TMC)  
E322           Children’s Literature                               3  
                   (part of the LS/te major)  

Take and pass the Reading Instruction Competence Assessment (RICA)

Meeting Requirement 1:
Any major earned at The Master's College meets this requirement. The Master's College offers bachelor's degrees in the following areas, which are commonly taught in public schools: Business, English, Music, Physical Education, Biology, History/Social Science, Mathematics and Home Economics.

Meeting Requirement 2:
All students completing a bachelor's degree at The Master's College must take the California Subject Examination for Teachers (CSET) in the appropriate subject matter area before beginning student teaching. They must pass the examination before applying for a credential.

Meeting Requirement 3:
The Master's College has a State-approved credential program for the Preliminary Single Subject Credential. It consists of prerequisites, the credential courses, and other requirements.

Prerequisites or concurrent enrollment (may be completed as part of the undergraduate major):

ED400          Foundations of Education  
ED410          Technology Uses in Education

Credential Courses (some courses must be taken concurrently):

ED500          Practicum                                     3  
ED520          Teaching Reading in the Secondary School         3  
ED540          Teaching Strategies in the Secondary School      5  
ED550          Teaching Strategies/English Learners              2  
ED560          Differentiation for Exceptional Learners           2  
ED570          Colloquium                                          3  
ED590          Secondary Student Teaching                         12

Before Applying for Credential:

POL220         U.S. Government                                    3  
                   (a graduation requirement at TMC)  

Students entering The Master's College as freshmen normally take eight semesters to complete the bachelor's degree program. The credential program consists of two additional semesters: one semester of coursework and one semester of student teaching.

Requirements for Preliminary Single Subject Credential

Students interested in obtaining a Single Subject Credential (which authorizes teaching in junior high or senior high school) must:

1. Earn a bachelor's degree at a regionally accredited college or university.
2. Prove subject matter competence by passing the California Subject Examination for Teachers (CSET) or completing an approved subject matter program.
3. Complete a State-approved program of professional coursework that includes authorization to teach English learners in the regular classroom.

Students entering The Master's College as freshmen normally take 8 semesters to complete the Liberal Studies-teacher education bachelor's degree program. The credential program consists of two additional semesters: one semester of coursework and one semester of student teaching.

Once a candidate obtains a Multiple Subject Preliminary Credential, he or she may teach for five years while completing the requirements for the Clear Credential.

Students entering The Master's College as freshmen normally take 8 semesters to complete the Liberal Studies-teacher education bachelor's degree program. The credential program consists of two additional semesters: one semester of coursework and one semester of student teaching.
Once a candidate obtains a Single Subject Preliminary Credential, he or she may teach for five years while completing the requirements for the Professional Clear Credential.

**Course Offerings in Teacher Education**

**ED101 Freshman Integration Seminar (1)**
The Freshman Integration Seminar links the content of college coursework in the Liberal Studies-teacher education major to teaching competencies.

**ED202 Sophomore Integration Seminar (2)**
The Sophomore Integration Seminar links the content of college coursework in the Liberal Studies-teacher education major to teaching competencies. It examines characteristics of K-8 students and links them to developmentally appropriate teaching strategies. Included are planned, structured experiences in K-8 classrooms.

**ED210 Classroom Participation (1,3)**
A pre-professional course intended to give the prospective teacher experience as a teacher aide in the classroom. The student selects two schools in which to serve for a total of 10 hours per unit. Recommended for students uncertain about entering either elementary or secondary education professions.

**ED301 Junior Integration Seminar (2)**
The Junior Integration Seminar links the content of college coursework in the Liberal Studies-teacher education major to teaching competencies. It introduces students to cultural and linguistic factors that must influence decisions about teaching and classroom management.

**ED400 Foundations of Education (3)**
A course designed to introduce students to processes in today's elementary and secondary classrooms. Includes the study of underlying philosophical bases; characteristics of students; instructional objectives and lesson planning; evaluation and assessment; classroom management; motivation; the teacher as a decision maker and an overview of current practices and methods in the classroom. Requires observation and participation in a classroom. (Materials fee $15.)

**ED402 Senior Integration Seminar in Liberal Studies (3)**
The Senior Integration Seminar assists the student in integrating the content and skills taught in the various major courses. It requires the integration of biblical world view principles into the disciplines. It also links the content of college coursework in the Liberal Studies-teacher education major to teaching competencies. The student is prepared for the summative assessments for graduation and also for the subject matter program of the multiple subject credential.

**ED410 Technology Uses in Education (3)**
An in-depth, hands-on study of how current technologies are used in the elementary and secondary school classroom. Topics discussed include Computer Assisted Testing, Computer Managed Instruction, Web site management, and communication with various technologies. Class meets the state technology preliminary credential requirement. (Lab fee $20)

**ED500 Practicum (3)**
A professional education course that provides classroom experience in all content areas of the public school curriculum. Weekly half-day seminars address teaching strategies and unit planning. Training for Teacher Performance Assessment tasks is also included. (Materials fee $15). Prerequisites: Admission to the Multiple or Single Subject Credential Program. Concurrent enrollment in ED510 and ED530 or ED520 and ED540.

**ED510 Teaching Reading/Language Arts in Elementary School (4)**
A professional education course designed to enable prospective teachers to develop an initial theory of integrated reading and language arts. Emphasis is placed on principles, strategies and materials compatible with children's developmental levels and California content standards. Addresses unique needs and instruction of diverse populations, including English learners. Approved course for preparing students for the Reading Instruction Competence Assessment (RICA). (Materials fee $30). Prerequisites: Admission to the Multiple Subject Credential Program. Concurrent enrollment in ED550.

**ED520 Teaching Reading in the Secondary School (3)**
A professional course designed to expose prospective teachers to effective ways of teaching reading to learn in secondary content classes. Attention is given to selection and use of textbooks; teaching writing patterns and comprehension strategies appropriate to various content areas; informal assessment of students and ways of adapting assignments to varying reading levels. Classroom fieldwork and observation in reading are required. (Materials fee $15). Prerequisites: ED300 and ED400; admission to the Teacher Credential Program.

**ED530 Teaching Strategies in the Elementary School (4)**
A professional education course dealing with strategies for teaching elementary mathematics, science, social studies, visual and performing arts, and physical education with the guidelines set in the respective California content
standards for K-12 public schools and the English Language Development Standards. (Materials fee $30). Prerequisites: Admission to the Multiple Subject Credential Program. Concurrent enrollment in ED550.

ED540 Teaching Strategies in the Secondary School (5)
A professional education course dealing with strategies for teaching in the secondary school using the guidelines set in the respective California framework and content standards for K-12 public schools and the English Language Development Standards. Student assignments are completed in his or her subject matter area. Classwork observations and fieldwork required. (Materials fee $30). Prerequisites: Admission to the Single Subject Credential Program. Concurrent enrollment in ED550.

ED550 Teaching Strategies/English Learners (2)
A professional education course that presents the concepts, methods, and skills for teaching English to speakers of other languages in regular classrooms. Emphasis is on the principles of first and second language acquisition, assessment of student learning and how to provide comprehensible input. Includes the history and current practices of language teaching and addresses cultural issues related to learning.

ED560 Differentiation for Exceptional Learners (2)
Provides the basic knowledge, skills and strategies, including differentiated instruction and response for intervention, for teaching the core curriculum to special populations in the general education classroom. Addresses students with disabilities, students on behavior plans and gifted and talented students. Concurrent enrollment in ED550 Practicum.

ED570 Colloquium (3)
A professional education course to accompany student teaching. Weekly half-day seminars address issues related to teaching and schools. Content includes state-mandated health standards. Candidates also prepare resumes, practice interviews and gain other skills to help them obtain teaching positions. Training for Teacher Performance Assessment tasks is also included. (Materials fee $30). Prerequisite: Admission into ED580 or ED590.

ED580 Elementary Student Teaching (12)
Full-time supervised teaching in approved elementary schools for a period of 16 weeks. The student is assigned to two different grade levels for a period of eight weeks each; one is to be in a primary grade and one to be in an upper elementary grade. Open only to graduates in the Teacher Credential Program who have completed their subject matter and professional preparations. (Student Teaching fee TBA)

ED590 Secondary Student Teaching (12)
Full-time supervised teaching in approved secondary schools for a minimum of 16 weeks. The student will be given two eight week assignments, with one being in a junior high school and the other being in a senior high school. Open only to fifth-year students in the Teacher Credential Program who have completed their subject matter and professional preparations. (Student Teaching fee TBA)
The Master of Arts in Biblical Counseling (MABC) is a graduate program intended to equip men and women for practical excellence in biblical counseling. The content of the courses emphasizes the practical skills of counseling without neglecting the solid biblical foundation on which these skills are built. The classes, homework and reading assignments can be practically implemented in each student’s life and ministry immediately. Each course the student takes will enhance his/her walk with God and ministry. The MABC degree is designed to help people to study, use and know Scripture more effectively in their own lives and in their counseling ministries with others. Our goal is to produce men and women who understand God’s Word as it applies to the exercise of the spiritual gift of counseling under the oversight of a local church.

**Philosophy of Counseling**

The Holy Scripture, being God’s law and testimony, is true and should therefore serve as the Christian’s standard for all matters of faith and practice (Isaiah 8:19-20; 2 Peter 1:3). There is no authority that is higher than the one found in Scripture. Wherever and on whatever subject Scripture speaks, it must be regarded as both inerrant and authoritative. There have always been people who have affirmed the inerrancy and authority of Scripture in matters of faith and practice, but who would not affirm the sufficiency of Scripture for understanding and resolving the spiritual (non-physical) problems of man. These people acknowledge Scripture to be the Word of God and are therefore worthy of our respect, but when it comes to understanding and resolving many of the real issues of life, they think that Scripture has limited value. It is, therefore, crucial that we clearly articulate what Christian counseling truly is. There are four distinguishing features of truly Christian counseling as explained below.

**Christ-Centered Counseling**

Christian counseling is conscientiously and comprehensively Christ-centered. It focuses on who Christ is, what He has done for us in His life, death, resurrection and in sending the Holy Spirit. Christ-centered counseling also focuses on what He is doing for us right now in His intercession at the Father’s right hand, and what He will yet do for us in the future. In Christian counseling, the Christ of the Bible is not an appendage or a “tack on” for living in the fast lane. Rather, He is at the center as well as the circumference, and everywhere in between, of counseling.

Christ-centered counseling involves understanding the nature and causes of our human difficulties. It involves understanding the ways we are unlike Christ in our values, aspirations, desires, thoughts, feelings, choices, attitudes, actions and responses. Resolving those sin-related difficulties includes being redeemed and justified through Christ, receiving God’s forgiveness through Christ and acquiring from Christ the enabling power to replace unChristlike (sinful) patterns of life with Christlike, godly ones.

**Salvation-Centered Counseling**

A Christian counselor is also conscientiously and comprehensively Christian in his/her outlook on life. Truly Christian counseling is done by individuals who have experienced the regenerating work of the Holy Spirit, and have come to Christ in repentance and faith, acknowledging Him as Lord and Savior of their lives. These are also people who want to live in obedience to Him; people whose main concern in life is to exalt Him and bring glory to His name. They are people who believe that, since God did not spare His own Son (from and on the cross) but delivered Him up (to the cross and death) for us (on our behalf and in our stead, as our substitute), He will freely through Christ give us all that we need for effective and productive living (for transforming us into the very likeness of His Son in the totality of our being). Biblical, Christian counselors also acknowledge the role of the Holy Spirit in regenerating, saving, and sanctifying the believer. Truly Christian counseling is done by those whose theological convictions influence, permeate and control their personal lives and their counseling theory and practice.

**Bible-Centered Counseling**

Truly Christian counseling is conscientiously and comprehensively based on the Bible, deriving its understanding of who man is, the nature of his main problems, why he has these problems, and how to resolve these problems from Scripture. In other words, the counselor must be conscientiously and
comprehensively committed to the sufficiency of Scripture for understanding and resolving all the nonphysical personal and interpersonal sin-related difficulties of man.

**Church-Centered Counseling**
Another distinguishing feature of truly Christian counseling is that it will be conscientiously and comprehensively church-centered. Scripture makes it clear that the local church is the primary means by which God accomplishes His work in the world. The local church is His ordained instrument for calling the lost to Himself and the context in which He sanctifies and changes His people into the very likeness of Christ. According to Scripture, the church is His household, the pillar and support of the truth and the instrument He uses in helping His people to put off the old manner of life and to put on the new self (cf. 1 Timothy 3:15; Ephesians 4:1-32).

**Resident Program**

**Program Distinctives**
The MABC-Resident is offered in two tracks. First, a 35 semester unit program with a thesis, designed to be completed in one to two years. Second, a 40 semester unit track with no thesis, designed to be completed in two to three years. They are available to residents of the greater Los Angeles area or others who are able to move the area. Courses are held at night, Monday through Thursday, allowing students to continue to work in their present occupations and ministries while completing their degree program.

**Program Length**
While this program may be completed in one or two years, students may also extend the program length past the recommended two years. In order to complete the 35 semester hour track of the Master of Arts in Biblical Counseling, a 100-page thesis (also referred to as the Research Project) must be submitted and approved. The thesis may be completed after a student's coursework has been completed. If the student opts to take the non-thesis 40 semester hour track, the length of the program may have to be extended (but not necessarily).

**Full-Time Status for International Students**
The full-time course load for a student in the MABC program is 8 units per semester.

Remote Library Access
In order to facilitate research from off campus locations, the college library provides remote access to many of The Master’s College’s online databases. This access allows the student to search the available databases from any computer off campus that has an Internet connection. Currently The Master’s College has over 20 databases available with remote access. Students are welcome to contact the library directly if they need help with their research needs.

Summer Institute Program

Program Distinctives
The MABC-SIP, established in 1998, is a 35 (Thesis Track) or 40 (Non-Thesis Track) semester unit, non-conventional curriculum designed for individuals such as pastors, missionaries, teachers or school administrators who are actively involved in ministry. This modular based program enables students to earn a graduate degree in two to six summers depending on their own schedule and commitments. This allows each student to pursue in-depth training in biblical counseling while continuing in his or her current ministry or occupation.

Program Length
The SIP modular courses are offered for three weeks each summer. Up to three weeks of classes can be taken each summer allowing students to complete their classroom work in two summers. Each week consists of four - six units of classes. In addition to the modular courses, each student will be required to take 9 (Thesis Track) or 14 (Non-Thesis Track) units of Independent Study coursework. Two of these 9 units includes the BC599 Counseling Research Project for both tracks.

Each of our modular courses is divided into three parts: a one-week, in-session lecture in addition to extensive pre-session and post-session assignments.

Independent Study
A total of 9 (Thesis Track) or 14 (Non-Thesis Track) independent study units need to be completed before the student is able to graduate from the program. These may be taken in between the first and second year or after the summer sessions have been completed. Students have one year from the time of enrollment in an independent study course to complete the course.

Course Registration
Registration forms for MABC-SIP will be mailed in early spring to each student who has already been accepted into the MABC program. In addition to registering for specific courses, this form allows the student to make housing and meal plan reservations. Housing and meal plans are available for the student’s spouse and his/her entire family. Included with this course registration packet will be a SIP Book Order form which lists the required texts for each course and allows the purchasing of these books from The Master’s College Bookstore.

Course Offerings in MABC
The Summer Institute Program course numbers are the same as the resident program course numbers with an “s” added (e.g. BC501s).

BC500 Spiritual Formations (1)
The lab requires one hour weekly of small-group discussion led by a faculty member. Structure is deliberately limited to allow for interaction concerning issues arising in daily life, classes and ministries. Relationships, motivations and strategies are examined for the purpose of encouraging transparency and a lifestyle incorporating counseling, encouragement and edification.

BC501 Introduction to Biblical Counseling (3)
This course offers a general introduction to basic concepts and distinctive features of biblical counseling. Students will discuss what biblical counseling is and what it involves, the role of the counselor in biblical counseling, the different kinds of counseling that are needed, the place of counseling in the ministry of the church and how biblical counseling theory and practice relate to and differ from some of the more common secular models and theories. Part of the course will involve a personal improvement project in which the student will evaluate his/her own counseling qualifications, design a plan for improving some area of his/her life, put that plan into action and then evaluate his/her progress as the course draws to a close.

BC502 Essential Qualities of a Biblical Counselor (2)
This course will help the student to understand the Christ-like character and functional qualities of the discipler/counselor. The course will also provide the environment for self-examination for present and future growth, both in his/her personal walk with Jesus Christ and as a skilled biblical counselor.
BC503 Methods of Biblical Change (2)
This course provides an overview of the counseling process presenting a comprehensive methodological model for promoting biblical change in people. The goal of this course is to encourage biblical thinking and procedures in the process of helping people.

BC506 Theoretical Constructs of Psychology (2)
This course is designed to critically analyze secular and evangelical integrationist theories of psychotherapy. It will probe the anthropological presuppositions of treatment theory and seek to bring a thoroughly biblical critique to their foundational assumptions as well as methodology. Issues like theories of the subconscious, psychoanalytic approaches to personality, establishing norms, psychological testing, making the distinction between the normal and abnormal, major and mood disorders, schizophrenia and multiple personality disorders are among the psychological constructs and their popular theoreticians that will be explored.

BC511, 512 Theological Basis of Counseling I, II (2, 2)
This course offers a consideration of the theological realities that form the basis of a proper approach to counseling. Special emphasis is given to the nature of God and of man (fallen and unfallen), a biblical definition of the image of God, the nature of sin, the realities of regeneration and progressive sanctification, the concept of “the flesh” (old man/new man), an understanding of the heart/mind as used in Scripture and the place of the local church in the ministry of counseling. Please note: BC512 for SIP students is broken into two classes of 1 unit each, BC512s and BC513s.

BC516 Evangelism & Discipleship (2)
This course presents a biblical approach to evangelism in the local church setting. Various methods of personal evangelism and strengths and weaknesses of these approaches are evaluated. In discipleship, the practical aspects of assisting a believer’s growth in the Lord and development of leaders within the local church will be discussed.

BC518 Counseling & the Book of Proverbs (2)
This course is an expositional study of the book of Proverbs with its special relevance to counseling

BC519 Counseling & the Book of Ecclesiastes (2)
This course is designed to help the counselor to work with individuals who are struggling with a materialistic cosmology.

BC521, 522 Problems & Procedures I, II (3, 2)
This course is designed to apply the biblical principles taught in the Introduction to Biblical Counseling (BC501) and the Methods of Biblical Change (BC503) courses to a range of specific counseling problems. Topics discussed include anger, fear, depression, homosexuality, anxiety, eating disorders, incest, child abuse, counseling youth, counseling divorcees and crisis counseling. During the second semester of this course, each student will research and present to the class a detailed biblical counseling outline for a teacher-approved counseling issue.

BC528 Cross-Cultural Counseling (2)
This course is an exploratory study of biblical counseling in diverse cultural settings with a particular emphasis on equipping the Christian who seeks to counsel people of a culture different from his/her own.

BC531 Hermeneutics (3)
This course is an introduction to the science and art of interpretation, with special attention to the application of Scripture to counseling. Various interpretive approaches on key scriptural passages will be examined, especially as they relate to the biblical counselor and his task.

BC538 Counseling & Child Development (2)
Analysis of the physiological, cognitive, spiritual and personality development from birth through childhood. There will also be a discussion of parenting issues and a critique of the self-esteem movement.

BC542 Marriage & Family Counseling (3)
Marriage and family problems are present in the majority of counseling cases. This course will give an overview of general marriage and family counseling issues relating to the content and process of counseling. It will then proceed to specifically deal with some of the major difficulties that troubled marriages and families experience from a biblical perspective. Included in the course are discussions of the biblical basis and purposes of marriage, family stages, in-law problems, developing unity, husband/wife roles and responsibilities, correcting communication problems and how to resolve conflicts that arise.

BC548 Counseling & Youth (2)
This course is designed to help the student to understand the intense and frequent problems of young people. A thoroughly biblical understanding of young people and their problems and a functional approach to counseling youth will be presented.

BC552 Marriage & Family Topics (2)
This course will consider such issues as premarital counseling, divorce counseling, financial counseling, mate abuse, rebuilding a marriage after an adulterous affair, dealing with sexual problems and parent/child relationships. Designing and facilitating a marriage or family improvement project will be a part of the student’s
responsibility for this course. Each student will develop and present to the class a detailed biblical approach for a teacher approved marriage and/or family problem.

**BC556 NANC Membership Seminar (1)**
All students are encouraged to seek membership in and certification by the National Association of Nouthetic Counselors (NANC). This seminar will prepare the student to take the Theological and the Counselors Exams as part of their NANC membership process.

**BC557 Counseling & Medical Issues (2)**
This is a survey of the physiological factors that influence areas in a person’s life which are of importance when counseling that person.

**BC558, 559 Christian Life Issues I, II (3, 3)**
This course is designed to help people understand the following: the true nature of the Christian life from its beginning with regeneration to its completion when we enter heaven; the context in which our lives and experiences as Christians take place; the gospel foundation for all Christian obedience; the deceptive character of sin; the manner and ways we are sinned against, the appropriate and effective ways to respond to being sinned against; the procedure for building a biblical framework for defining and dealing with sin, our own and others’; the biblical function and purpose of the church; and the manner in which some people who call themselves Christians erroneously view the Christian life.

**BC581, 582 Counseling Issues I, II (1, 1)**
Numerous crucial issues in counseling will be discussed: the role of women in counseling, the church and biblical counseling, drugs and biblical counseling, developing a counseling ministry in a local church, preaching and counseling, legal issues and counseling, training lay people to counsel, counseling in everyday life, avoiding legalism in counseling, God’s laws and ordained authority and counseling apologetics.

**BC583 Discipling Women (2)**
This course provides basic training in developing and maintaining a women’s ministry within the local church. Topics include the priority of discipleship, a biblical definition of discipleship and training in the how to's of discipleship.

**BC584 Problems Women Face Today (2)**
This course is designed to cover several specific counseling problems common to women. Some of the topics discussed will include: the feminist influence, the role of women in the church, misperceptions regarding submission, not having a gentle and quiet spirit, PMS, vanity, hurt feelings, unbiblical manipulation and idolatrous emotional attachments. Special emphasis will also be given to common questions women ask such as “What about chemical imbalance?” and “Why and how should I come off my psychiatric drugs?”

**BC590 Counseling Practicum (2)**
This course is designed to consider the practical application of the principles of biblical counseling and the various methodological aspects of the counseling process. The course will include student participation in counseling as a counselor, counselee, and an observer. These activities will form the basis of seminar discussions where counseling will be analyzed from a biblical perspective. The goal of this course is to help the student learn, evaluate and sharpen their practical counseling skills. **Prerequisites: BC501, BC503.**

**BC591 Counseling Observation (2)**
This course consists of observations and discussions of video tapes of counseling sessions. It is designed to help the student learn practical skills in counseling by observation, evaluation, critique and discussion.

**BC592 Counseling Internship (4)**
This is a supervised and evaluated internship, consisting of at least two actual counseling sessions per week and a total of 25 hours of counseling. Assistance will be provided for the student in obtaining counseling opportunities. **Prerequisites: BC501, BC503.**

**BC599 Counseling Research Project (2)**
This guided independent research develops a biblical understanding of a counseling approach to a specific problem that could be encountered in counseling. The problem area must be precisely stated in written form, must be pursued under faculty supervision and must be approved by the chairperson of the Biblical Counseling Department. A fully documented research project of 100 pages in length is required for students in the Thesis Track. A fully documented research paper of 20 pages in length is required for students in the Non-Thesis Track. **Prerequisites: BC501, BC503.**
The Master of Arts in Biblical Studies (MABS) is intended to provide Bible training to men and women at the graduate level. The content of the program is biblical-theological in nature and emphasizes both proper interpretation and practical application of Scripture. The classes, homework, and reading assignments can be practically implemented in each student’s life and ministry immediately. Each course the student takes is designed to enhance his/her walk with God and ministry. The MABS degree is designed to help people study, use, and apply Scripture more effectively in their own lives and in their churches.

**Program Distinctive**
The MABS is designed for missionaries, teachers, school administrators, or lay people who are actively involved in ministry. This modular based program enables students to earn a graduate degree in approximately 2-6 summers depending on their own schedule and commitments. This allows each student to pursue in-depth Bible training in biblical studies while continuing in his or her current ministry or occupation.

**Program Length**
Modular courses are offered the second, third, and fourth weeks of July each year. Up to three weeks of classes can be taken each summer allowing students to complete their on campus classroom work in 2-6 summers (not including independent study classes and thesis). Each week consists of two 2 unit classes. Each of our modular courses is divided into three parts: pre-session assignments, in-session lectures, and post-session assignments.

**Israel Bible Extension**
Another unique feature of this program is the opportunity for students to study abroad in Israel and apply their graduate credits through IBEX to their MABS degree. Details on this opportunity can be obtained by calling TMC IBEX extension. We are in the process of developing a similar program for short-term study abroad in Greece covering “Acts, the Epistles, and Revelation.”

**Independent Study**
Independent Study courses must be completed before a student is able to graduate. These courses may be taken any time after the first modular course is completed. Students have 6 months from the time of enrollment in an Independent Study course to complete all assignments under the supervision of a faculty member.

**Course Registration**
Registration for MABS will be available online in March to each student who has already been accepted into the MABS program. In addition to registering for specific courses, registration allows the student to make housing and meal plan reservations. Housing and meal plans are available for the student, his or her spouse, and children.

**Remote Library Access**
In order to facilitate research from off-campus locations, the college library provides remote access to many of The Master's College's online databases. This access allows students to search the available databases from any computer off campus that has an Internet connection. Currently The Master's College has over 20 databases available with remote access. Students are welcome to contact the library directly if they need help with their research.

**Degree Requirements**
The MABS includes 24 core units which are taken on campus usually over two to four years. The core units consist of the following courses:

- BTS500 Introduction to Biblical Studies
- BTS501 Hermeneutics
- BTS511 Creation and Covenant
- BTS512 History of the Covenant People
- BTS513 Prophecy and Prophets in Context
- BTS515 Worship and Wisdom
- BTS521 Historical Background of the N.T.
- BTS522 Life, Ministry and Teaching of Christ
- BTS523 Life, Ministry and Theology of Paul
- BTS524 General Epistles and Revelation
- BTS571 Contemporary Issues in Theology
- BTS572 Seminar in Applied Biblical Studies

In addition to these core classes 15 additional units will be taken in ministry application courses and elective courses for a total of 39 units required for graduation.
Prerequisite Requirements
It is highly recommended that a student’s undergraduate program be strong in a liberal arts emphasis, including courses in literature, history, and philosophy. The Bachelor’s degree must be from an accredited college or university (official transcript required). They must have completed their baccalaureate program with a cumulative grade point average (CUM GPA) of 3.0 or above on a 4.0 scale for all undergraduate work. While students will not be required to have completed an undergraduate major in Biblical Studies, they will be required to demonstrate a threshold level of biblical and theological knowledge in order to be admitted to the program. This requirement can be satisfied by either of the following:

• Complete 24 semester units of undergraduate coursework in biblical studies with a GPA of at least 3.0 that includes at least 6 units of New Testament (N.T.), 6 units of Old Testament (O.T.), and 6 units of Christian Theology.
• Complete a three-part comprehensive entrance examination in O.T., N.T., and Christian Theology to certify a level of theological knowledge necessary for graduate study. You must earn at least a 70% on the exam to pass.

Guidelines for 24 Units
1. The 24 semester units of undergraduate coursework in biblical studies with a GPA of at least 3.0 required as a prerequisite to the MABS program must be from a school accredited by an accreditation service accepted by The Master’s College Registrar’s Office.
2. There are certain schools which are unaccredited, but are accepted by special agreement by the Registrar. These schools will also be accepted for prerequisite units by the Registrar’s Office.
3. Prerequisite units taken at schools that are not accepted by the Registrar’s Office will not be accepted. Instead, the student should take the MABS Entrance Exam.

Advanced Standing
Any graduate from TMC’s undergraduate Biblical Studies major program who has earned at least 36 credits of Bible will be allowed a maximum of six (6) credits of advanced standing in the program.

Course Offerings in MABS

CORE COURSES

BTS500 Introduction to Biblical Studies (2)
A graduate seminar focusing on foundational issues in the field of Biblical Studies. Seminar topics include inspiration, origin, authority, canonicity, transmission, and translation. Students will be exposed to the assumptions of critical scholarship related to the Bible and an evangelical response to those assumptions. Issues of special introduction to selected portions of the Old and New Testaments will be treated with particular attention to the conclusions of modern “higher criticism.”

BTS501 Hermeneutics (2)
A graduate seminar focusing on hermeneutical theory and practice related to the Biblical text. Attention is given to the philosophical and literary foundations that describe relationship between author, text and reader; the interpretative methodologies that are applied to various Scriptural genres; and the application of interpretative theory to specific passages of Scripture.

BTS511 Creation and Covenant (2)
A graduate seminar focusing on the biblical-theological study of the Pentateuch. Emphasis will be given to the foundational themes of creation and covenant as essential to biblical theology; the exploration of critical issues of authorship and composition; the discussion of interpretive options for crucial passages; and the formative influence of creation on the current public debate on origins and age of the earth.

BTS512 History of the Covenant People (2)
A graduate seminar focusing on the history of Israel from the period of the patriarchs through the Babylonian exile. Emphasis will be given to placing the history of Israel against the backdrop of the ancient Near East, from the perspective that God used the nations surrounding Israel to accomplish His purposes for her and orchestrated world history around her. Further attention will be given to the historical method and historiography concerning ancient Israel. The current public debate on the status and legitimacy of modern Israel will also be considered.

BTS513 Prophecy and Prophets in Context (2)
A graduate seminar focusing on the Old Testament prophetic literature with attention given to historical backgrounds and context; internal message; theological themes; and issues of criticism.

BTS515 Worship and Wisdom (2)
A graduate seminar focusing on the worship and wisdom literature of the Old Testament and its application to the
contemporary church and the sanctification of every believer. Issues like the problem of pain, the value of worship and why do the wicked prosper will all be addressed. The student will learn to seek answers to life in the true worship of God and in the wisdom of God provided in these books.

Students will use an evangelical theological method to address contemporary trends and emphases in theology confronting the contemporary Christian church: Students will be exposed to a wide diversity of theological literature and perspectives within and beyond the evangelical spectrum.

**BTS521 Historical Background of the New Testament (2)**

A graduate seminar focusing on the history, literature, and culture of the Inter-testamental period through the first century A.D.

**BTS522 Life, Ministry, and Theology of Christ (2)**

A graduate study of the earthly life and ministry of Jesus Christ, including his role as Messiah and as Son of God. Special attention will be given to the Jewish historical and cultural background of his life, to the implications of his true humanity, and to the modern alternative theories about the facts and meaning of his life.

**BTS523 Life, Ministry, and Theology of Paul (2)**

A graduate seminar focusing on the writings of Paul. Attention is given to historical and cultural settings; messages, theological themes, and analysis of selected passages.

**BTS524 General Epistles and Revelation (2)**

A graduate seminar focusing on the General Epistles and the Revelation. Emphasis will be placed on critical issues relating to authorship, acceptance into the canon, historic settings, messages, theological themes, and interpretive problems. Special emphasis will be placed on the eschatology of 2 Peter 3 and the Book of Revelation.

**BTS571 Seminar in Applied Biblical Studies (2)**

A graduate seminar focusing on the application of biblical studies to the life of the believer. Attention will be given to the priority of Christ-likeness; the process by which this occurs in the life of the believer; and the role of discipling towards this objective. The uniqueness of the biblical process of change will addressed.
**BTS536 Practicum in Children's Education (2)**
A faculty-directed independent study focusing on the theory, methodology and practice of biblically-based Christian education to children. Attention will be given to the preparation and teaching of Bible lessons that are age and culture appropriate, the recruitment, training and supervision of volunteer teachers, the development and administration of ministry programs, and the assessment of curricula. The student will be involved in a supervised and evaluated teaching experience as part of the course.
Prerequisite: program approval by MABS faculty and consent of the chairman of the Bible Department.

**BTS537 Practicum in Worship (2)**
A faculty-directed independent study concerning the principles and practices of worship. Attention will be given to a biblical definition of worship; biblical paradigms of worship; styles of worship; leading in worship; hymnody and hymnology; and current issues in worship.
Prerequisite: program approval by MABS faculty and consent of the chairman of the Bible Department.

**BTS538 Practicum in Teaching (2)**
A faculty-directed independent study concerning the principles and practices of effective teaching. Emphasis will be placed on teaching technique, the learning process, and basic curricular design.
Prerequisite: program approval by MABS faculty and consent of the chairman of the Bible Department.

**BTS539 Practicum in Missions (2)**
A faculty-directed independent study concerning the principles and practices of biblically-based mission work. Emphasis will be placed on evaluating mission boards, the mission program of the local church, a survey of the biblical basis of missions, cross-cultural communication, mission strategy, the call and preparation of the missionary, and the role of sending organizations. Some consideration will also be given to one or more contemporary issues, such as urban ministries, student ministries, and creative access to closed countries.
Prerequisite: program approval by MABS faculty and consent of the chairman of the Bible Department.

**ELECTIVE COURSES**

**BTS551 Seminar on the Epistle to the Romans (3)**
An in depth exposition of Romans, with careful attention to the meaning, implication, and application of the text.

**BTS552 New Testament Chronology (2)**
This is a graduate level class designed to be taught as an independent study under the supervision of a Bible Department faculty member. This class will focus on the chronology of New Testament events and the lives of people (especially Jesus and Paul). Special attention will be given to chronological difficulties. Significant reading and research will be required. Reading reports and research papers will be required.

**BTS553 The History of the English Bible and Philosophy Underlying Biblical Translations (2)**
This is a graduate level class designed to be taught as an independent study under the supervision of a Bible Department faculty member. This class will focus on the history of the translation of the Bible into the English language from the Early English period to the present. Special emphasis will be given to the reasons, the opposition, and the sacrifices made in order to make the Bible accessible to the English reader. An emphasis also will be placed on the philosophy that underlies various modern translations, that is, literal versus dynamic equivalence.

**BTS554 Apologetics (2)**
A survey of the main approaches to apologetics, and examination of evidences for the Christian faith from such fields as science, history, archaeology, and philosophy.

**BTS555 Ethics (2)**
A survey of the main approaches to ethics, issues in personal ethics, such as moral responsibility, decision making, honesty and conscience; and topics in special ethics such as war, abortion, euthanasia, genetic engineering, and church-state relations.
**BTS556 World Religions (2)**
A study of major non-Christian religious systems in the world. The claims of each will be compared with the absolute truth and adequacy of biblical faith.

**BTS557 Religions of America (2)**
A study of the most prominent modern religions native to America, with particular reference to their historical backgrounds and doctrinal positions.

**BTS558 Spirituality in the Christian Tradition (2)**
A study of the ways in which the spiritual life has been conceived in the life of the Christian Church. Attention will also be given to formulating a philosophy and a methodology of how Biblical Spirituality can best be implemented in one’s own Christian life and walk.

**BTS559 Reading Biblical Narratives (2)**
A faculty-directed independent study in learning how to read, study and teach the narrative portions of the Bible. The following topics will be considered: ways of approaching Scripture, Scripture as story, characteristics of narrative, narrative and reader, point of view, levels of knowledge, time and space, plot, character, style and structure. Course work includes extensive reading and a final analysis of a narrative, which employs all approaches covered.

**BTS599 Thesis (4)**
This is a guided independent research paper. The special problem or area of investigation must be precisely stated in written form and pursued under faculty supervision and must be approved by the chairman of the Biblical Studies Department. A fully documented research thesis of 100-120 pages in length is required for this course.

**IBEX570 Physical Geography of Israel (2)**
An examination of the physical geography of the land of Israel with attention to regional structure, geology, and topography with a view to the development of communication lines and settlement.

**IBEX598 Cultures & Religions of the Middle East (2)**
A field-based exploration of the cultural, religious, and ethnic diversity of the land of Israel. Special attention is given to religious and cultural distinctives of the major ethnic communities and monotheistic religions of the region.
Dr. Shirley F. Carpenter, Chairperson

The Master of Arts in Education, teacher emphasis (MAEte), is intended to be an ongoing program available to students who have completed their undergraduate degree at The Master's College and also to individuals graduating from other colleges and universities. It provides an opportunity for developing “a life of lasting contribution as evidenced by a continuing development of professional expertise,” as stated in the institutional mission statement.

Program Sequence

The coursework includes:

Concentration courses are the 18 units required for a California Preliminary Multiple or Single Subject Credential. These units do not include student teaching, but passing student teaching and receiving a credential are part of the graduation requirements for the master’s degree. (See the Teacher Education section of the catalog for a description of these courses.)

Core Studies are the 14 units required for all students after receiving a credential. The courses provide more in-depth examination of topics related to public school students and classrooms. The principles of action research are also examined in preparation for the Capstone Assessment. The core studies courses are:

ED 600 Research Design & Analysis in Education (2)
ED 610 Pre-Adolescents, Adolescents & Schooling (2)
ED 620 Christian Philosophy of Education (2)
ED 630 Connecting Cognitive Research to Best Teaching Practices (2)
ED 640 Issues in School and Society (2)
ED 650 Advanced Curriculum Design (2)
ED 660 Differentiated Learning (2)

Capstone Assessment is three units required for all students which includes the choice of completing a comprehensive examination, a thesis, or an action research project. The comprehensive examination includes both written and oral components. The thesis or project is completed under the supervision of a committee made up of a full-time faculty member and two other committee members who are qualified to provide guidance and evaluation in the area of the project or thesis. Candidates will complete one of the course sequences described below:

ED 690 Field Studies/Action Research (2) plus either ED 691 Thesis (1) or ED 692 Project (1).

ED 693 Comprehensive Examination (1) plus 2 unit elective chosen with approval of graduate program director.

Course Format

The MAE consists of 35 units of specific coursework at the 500 and 600 levels. All coursework for the program will be taught at the TMC campus in Santa Clarita, California. The fifth year credential program (18 units toward the master’s degree plus 12 units of student teaching which is not part of the master’s degree) will be taught only during the normal fall/spring semesters and requires residency.

Additional courses (17 units) that are designed to be taken after completion of a credential program will be offered in the college’s Summer Institute Program (SIP) during July of each year. A total of four units may be taken each week. Each course will be divided into three parts: pre-session assignments, in-session lectures and assignments, and post-session assignments. Careful consideration is given to the advance preparation students need in order to profit from the limited time on campus. Follow-up assignments are designed to assess learning and to demonstrate competence in applying knowledge.

Important Information

- It is possible to get the credential without getting the master’s degree.
- It is not possible to get the master’s degree without a credential.
- Total units in master's program= 35.
- Total units in master's program plus credential= 47.
- Units from credential programs from other institutions will be evaluated for transfer credit on a case-by-case basis.
- Candidates must complete the graduate semester within 7 summers.
- Units used for the bachelor's degree may not be used for the master's degree.
Course Offerings in MAE

CORE COURSES

ED 600 Research Design & Analysis in Education (2)
Principles and procedures of research design applied to educational issues; basic statistics with emphasis on teacher-conducted research in the classroom. Provides opportunity to develop skill in interpreting research literature; to become acquainted with sources of research; and to become a critical reader of research reports. Implementation of research will occur in the Field Studies/Action Research project or thesis.

ED 610 Pre-Adolescents, Adolescents, & Schooling (2)
Ways to make learning and character development relevant to this age group. Study of the physical, mental, social, emotional, and spiritual development and needs of students ages 10 through 18 and how these relate to their development as effective citizens. Examination of school and community factors that help and hinder the learning process.

ED 620 Christian Philosophy of Education (2)
A comparison of the important philosophies of education and their bearing upon educational theory. Analysis of educational problems and issues in education using tools of history and philosophy of education and the implications on educational theory and practice in an institution. Examination and analysis of Christian thinking on philosophies of education. Formulation and/or refinement of a personal philosophy of education.

ED 630 Connecting Cognitive Research to Best Teaching Practices (2)
Study of recent research in understanding the structure and function of the brain and its effect on the learning process. Examines brain development, the information processing model, memory, and higher order thinking. Introduces classroom applications and brain compatible teaching strategies.

ED 640 Issues in School and Society (2)
Focuses on historical and social analysis of schools and society from a biblical perspective to help teachers select pedagogical methods that harmonize with educational aims. Examines violence, gangs, bullying, and other social problems and how to deal with them as well as issues educators face today.

ED 650 Advanced Curriculum Design (2)
In-depth study of backward design principles and how to use them in units planned for the classroom. Examination of the scope and sequence across grade levels and subjects, connections across disciplines, and cultural integration.

ED 660 Differentiated Learning (2)
Based on Feuerstein’s mediated learning research. Examines how need and culture affect learning styles and ways to develop basic cognitive functions common to all cultures. Use of strategies within a multicultural context to help learners become more efficient thinkers.

CAPSTONE ASSESSMENT COURSES

ED 690 Field Studies/Action Research (2)
Preparation, evaluation, development, and presentation of curriculum research proposals culminating in a graduate project or thesis related to classroom settings and/or educational institutions.

ED 691 Thesis (1)
Continuing enrollment for those not completing a thesis while enrolled in ED 690. (May be repeated. Maximum 3 units).

ED 692 Project (1)
Continuing enrollment for those not completing a project while enrolled in ED 690. (May be repeated. Maximum 3 units).

ED 693 Comprehensive Examination (1)
Required for students planning to take the comprehensive examination. (May be repeated. Maximum 3 units.)
